Note: Next year's math courses for all rising 6th-8th graders will be added into each student's course selections at the end of February once school counselors have met with students. Therefore, you may or may not see your math course included at the time you are reviewing course selections. All students and parents will be able to view their math course during the course verification process in April.

Once you have completed adding your courses you can click on **Request Alternates** to add your alternative courses. You will complete the same steps, click on the course you would like to add from the “**Available Alternative Courses for 20XX-20YY**” box (Step 1), then click on **Add Course** (Step 2). You will now see the course you selected in the **Selected Courses** box (Step 3).
