2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Apricot Valley Elementary is the largest K-6 school in the Patterson Joint Unified School District, currently serving 800 students. Our diverse student population reflects the surrounding community, and we are dedicated to ensuring each student receives a high-quality education.

The school offers 30 General Education classrooms, two Mild/Moderate Special Day Classes, and one Moderate/Severe Special Day Class. In addition to classroom instruction, we provide individualized support through programs such as the Resource Specialist Program, Speech and Language Services, Academic Intervention, Mental Health Services, and English

2024-25 School Description and Mission Statement

Learner support. We also offer designated time for leveled instruction, English Language Development (ELD), and enrichment activities.

Our student support team includes a Mental Health Clinician, School Counselor, School Psychologist, and Student Support Specialist, all working to address the emotional and mental well-being of our students. Through Positive Behavioral Interventions and Supports (PBIS) and collaboration with our Mental Health staff, we are committed to fostering a safe, welcoming, and supportive environment.

At Apricot Valley, we are focused on preparing students for future success, whether that means college, trade school, or entering the workforce. Our highly qualified staff ensures a rigorous and engaging learning environment. Each classroom operates with a 1:WEB model, and technology is regularly integrated into instruction to enhance learning.

We are making significant strides toward improving student achievement in English Language Arts and Math, offering targeted professional development for teachers and staff, and promoting social-emotional learning to support the overall development of our students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Apricot Valley teachers have access to all required district-adopted curricula, ensuring that every student has the instructional materials they need. For English Language Development (ELD) and supplemental reading, we use the Wonders curriculum during our designated Rotation block, which provides leveled instruction tailored to meet students' academic needs. During this time, English Learners also receive dedicated English Language Development support.

All grade levels and Special Education classrooms follow the 1:WEB model. In addition to Wonders for ELD, teachers incorporate various supplemental curricula to further support student learning. We also use the computer-based intervention program iReady to reinforce, maintain, or enrich students' math and ELA skills.

For students in grades 3-6, we have implemented Corrective Reading to address literacy needs, and many teachers are piloting the 95% Group program. Teachers also leverage other web-based tools to supplement core instruction and enhance student engagement. Additionally, supplemental online and print science curricula are provided to support our science instruction.

School Facility Conditions and Planned Improvements

Apricot Valley Elementary was built in 2005. We currently house 34 classrooms, a Resource Room, a Speech and Language room, a teacher learning center, multipurpose room, library, conference room, and extra office space for outside agencies. Our facilities are in good condition, generally clean, and pleasing to the eye. During extended breaks, custodial and maintenance staff take care of deep cleaning, large projects, and minor repairs. We have outdoor shade structures to provide an area that can be utilized for an outdoor eating area and covered space for outdoor activities. We replaced our large playground structure last year. Playground structures are checked regularly and all safety hazards are reported. Work orders are submitted to ensure any safety issues are corrected immediately.

District Maintenance and Repairs: District maintenance staff make the necessary repairs to keep the school in good and working order.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

At Apricot Valley Elementary, we value the active involvement of parents and offer regular opportunities for them to engage with the school. Whether attending organized events, volunteering in classrooms, or participating in field trips, we encourage parents to be part of their child's educational experience.

Communication about school programs and events is shared through Parent Square, social media, and our Peachjar email system. Parents can participate in various organized opportunities, including the Parent Teacher Organization (PTO), School Site Council, and English Learner Advisory Committee.

We also encourage parents to volunteer in classrooms, attend school events, and join field trips (when available). Those interested in volunteering should complete the updated volunteer application process. For assistance, parents can contact the school office.

Additionally, we invite families to join us for Back-to-School Night, Open House, PBIS rallies, and parent workshops. For more information on how to get involved, please reach out to your child's teacher or the school office.

2024-25 School Safety Plan

Apricot Valley Elementary has developed a comprehensive safety plan that addresses the following components:

- a) Child Abuse Reporting Procedures
- b) Emergency Preparedness and Crisis Response Plan
- c) School Suspension, Expulsion, and Mandatory Expulsion Guidelines
- d) Procedures to Notify Teachers of Dangerous Pupils
- e) Discrimination and Harassment Policies
- f) School-wide Dress Code
- g) Procedure for Safe Ingress and Egress to and from School
- h) A Safe and Orderly School Environment Conducive to Learning
- i) School Discipline Rules and Consequences
- j) Hate Crime Reporting Procedures and Policies.

We are a closed campus. Visitors must enter through the office, sign in, and obtain a badge through the Raptor System. Students and staff are aware of safe and orderly procedures for movement within our campus. Staff monitor the gates, cafeteria, playground areas, and parking lot. We also have updated our security cameras, which enable us to monitor the campus during and after school hours. Monthly fire drills are scheduled and lockdown drills are practiced on a regular basis. The School Safety Plan was reviewed by the Safety Committee, and necessary dignitaries. The School Site Council voted to give the site Safety Committee permission to update the site Safety Plan. It was updated and approved by the School Safety Committee December 5, 2023. Important components of the plan can be found in the Teacher Handbook and are discussed regularly at faculty meetings throughout the school year. This information is also shared with guest teachers when we have

Fiscal Year 2023-24 Types of Services Funded

Apricot Valley offers a wide range of services to support students' academic and socioemotional needs. These include a daily Rotation block of leveled classes, enrichment activities for students identified as Gifted and Talented, and English Language Development (ELD) for English Learners. We utilize Title 1 and LCAP funds to provide intervention support in Reading and Math (K-6) through paraprofessionals. This year, we have also implemented Corrective Reading and the 95% Group program, available for teachers who chose to pilot it.

To assist students performing below grade level standards, we use technology-based intervention programs during the school day. After-school tutoring is available for all grade levels, and the Extended Learning Opportunity Program (formerly ASP) provides additional homework support and enrichment for enrolled students. Student Success Team meetings are held throughout the year to create individualized plans for students not meeting grade-level standards. Our Special Education services include Speech and Language, Resource, and Special Day Class.

For students experiencing socioemotional challenges, we have a Student Support Specialist (S3) on campus five days a week, working alongside our School Counselor and Mental Health Clinician. The Mental Health Clinician provides Tier 3 support and is on campus daily, except when attending meetings. Our School Counselor offers additional counseling services for students needing more support than the S3 can provide, and we also make referrals to external services for families in need. In addition, our School Psychologist, School Counselor, and S3 collaborate to conduct crisis/risk assessments as necessary. The District partners with Community Hospice and other outside agencies to provide additional support and resources to students and families.

Professional Development

Professional development activities are delivered through professional development opportunities provided before the school year begins, Wednesday afternoons when students are not on campus, and during site staff meetings/PD or individual coaching. In addition, demonstration lessons are available for those teachers that request them from Admin and/or District TOSAs. Districtwide professional development days were held prior to school starting for the 2024-25 school year. In addition, staff members are also required to attend our District professional development day in November. Staff that are interested in attending training at SCOE or other conferences to strengthen their skills in the content areas through the county, regional and Statewide trainings, and district offerings of free Fall and Spring evening courses for certificated, classified and administrative staff fill out a request for attendance to be approved by EdServices.

The focus of professional development activities is determined by reviewing student academic progress, assessment data, district initiatives, and site needs. Our major focus areas this year are the Science of Reading, Corrective Reading, Teacher Clarity, 95% Group, Eureka Math, and Wonders/Wonderworks for ELA. Other focus areas include writing, technology, PBIS/SEL, PLC's, and data analysis. To assist teachers with implementing new skills, Teachers on Special Assignment (TOSAs) provide coaching and support in the areas of elementary education, technology, English language development, and new teacher support. Site administrators also provide staff development through staff meetings, classroom walks, targeted site-specific topics, and assistance for individual teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.
