2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Creekside Middle School (CMS) can be found in the heart of Patterson, California. The Patterson Joint Unified Elementary schools feed into Creekside to bring our vibrant community of approximately 900 students together for the middle level of their education. Students are enrolled in rigorous classes such as Math, English Language Arts, Science, History, PE and Electives to provide them with a holistic education that prepares them for high school. Academically, students learn 21st century skills, utilize online curriculum and are exposed to instructional strategies that focus on investigation, collaboration, writing and presentations. CMS teachers implement AVID strategies to develop student skills in Writing, Inquiry, Collaboration, Organization, and Reading. We support our English Learner population (30% of our student body) through designated English

2024-25 School Description and Mission Statement

Language Development (ELD) classes and schoolwide integrated ELD approach. Creekside is widely known for its strong student leadership programs, including; the Associated Student Body (ASB), Peer Leaders Uniting Students (PLUS) and the Panther News Network (PNN) and Science, Technology, Engineering, Mathematics (STEM). In addition to leadership opportunities, the Music Program at Creekside is award-winning, our Physical Education (PE) program strives to produce the best physical fitness results in the county as a well rounded athletics program that is available to all students.

At Creekside, we have two counselors, a school psychologist, mental health support, and two Student Support Specialist Counselors to support the social and emotional needs of our students. With 80% of our students falling into the "Socioeconomically Disadvantaged" category, it is vitally important for our staff to support a variety of students' needs, including being prepared to adequately support the needs of our students. In a greater effort to support our students, our PBIS (Positive Behavior Intervention & Supports) implementation is ongoing, continuing to earn a Gold Award for PBIS program. Addressing the overall climate and safety of our school is of utmost importance to our staff. CMS has opened a student Wellness Center for the first time and through our PBIS program, we teach our students to be respectful, responsible and safe. We focus on teaching a character trait each month that will help students learn how to set long and short-term goals, as well as a focus on College and Career exploration. Students are publicly recognized on a monthly basis for positive behavior.

Our district vision statement helps us determine our long and short-term site goals and provides us with the framework to set our staff commitment and student Creed, which are as follows:

PJUSD Promise focuses on Unlocking Potential, Empowering Lives with Integrity, Perseverance, Inclusivity, Innovation, Excellence.

*Staff Commitment: As Creekside staff, we commit to providing a safe and rigorous academic environment where every student has the opportunity to persevere and reach their fullest potential. We will provide opportunities for students to develop both academic and social skills ensuring college and career readiness.

*Student Creed: We are Creekside, we are college-bound! My future is controlled by the choices I make today. Education is the key to my success. I will not let anything stand in the way of my dreams; there are NO excuses! As a proud Creekside Panther, I will take pride in myself, my school, and others.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Creekside is a twenty-one-year-old, multi-million dollar facility. There are numerous restrooms situated in all wings of the school. The school has a large, modern gymnasium that seats 750 people and athletic fields; the school shares these facilities with the community. Creekside Middle School campus was completed in its first phase in January 2002. The gymnasium and shower/locker rooms were completed in 2003. The gymnasium is also used by the city and other community organizations, allowing it to service the maximum number of students possible. The back portion of our campus was reconnected three years ago and opened four classrooms for instruction. We currently house approximately 900 students and have seen our enrollment range up to over 1200 students at certain parts of the year. We have recently created more usable space within our campus buildings by discarding obsolete equipment, re-organizing storage areas, and using specific areas for dual staff and student usage.

Within the last five years, two classrooms were modified to become dry-lab science rooms to support our science team, now students in both grade levels get to experience in a lab-style classroom. This update included the addition of tile flooring, storage for lab materials and equipment, lab tables, and stools. This allows science teachers to incorporate more lab-based projects and hands-on experiences for students while implementing the new Next Generation Science Standards. In February 2020, the addition of a shade structure in the quad was completed. This has added a 30X50 foot covered area which provides coverage for eight 8 foot tables, used during lunch. This shade structure is an important addition to the recreational spaces our students have available to them, especially during lunchtime. Additionally, we added another shade structure on the blacktop to provide more covered tables for students to socially distance in March 2021. We continually monitor the upkeep of our school and are committed to a clean and safe environment for our students. Site and District maintenance staff take measures to ensure the site is in good repair and working order, when concerns arise the tasks are completed in a timely manner.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Creekside Middle School has a School Site Council (SSC) that reviews the academic programs and student achievement scores of the school. This group meets up to 8 times per year. We also have a very committed English Language Advisory Committee (ELAC) that meets monthly. This group is also very active in discussing ways for students to be academically successful. There are a variety of other groups who meet throughout the year as well (on an as-needed basis); these include School Safety Committee, ASB (Associated Student Body) parent meeting to discuss upcoming events, AVID (Advancement Via Individual Determination) parent meetings, athletics, and more. CMS also hosts 2 Parent/Teacher Conference nights during the year to provide increased communication and updates from teachers regarding student progress and support.

Creekside Middle School's staff and faculty gladly welcome parent volunteers on the CMS campus. Volunteer packets can be obtained at the receptionist desk in the front office. Volunteers must complete a background check, TB test, and proof of vaccination. Parent volunteers have helped teachers in the classroom, assisted in the supervision of lunchtime activities, chaperoned PLUS, ASB, and PBIS activities, and assisted teachers with classroom preparation. Parent Institute for Quality Education (PIQE) is offered to parents to support and empower them to help their students improve academic achievement and prepare for post-secondary education. This is offered in Spanish.

2024-25 School Safety Plan

Our School Safety Plan is reviewed, updated, and approved at the beginning of the year by the School Site Council (SSC) and our English Language Advisory Council (ELAC), and then reviewed and approved by the district's Board. The School Safety team meets regularly to review the plan and design the monthly emergency drills. Students are taught the safety procedures outlined in the plan and regular drills take place to ensure staff and students understand and will act quickly and safely in the event of an emergency. The plan is designed to be a practical document to be used in case of emergencies, with key elements including addressing emergency responses for Shelter in Place; Drop, Cover, and Hold On; Secure Campus; Lockdown/Barricade; and Evacuation), behavior policies, abuse reporting procedures, suspension guidelines, and discrimination and harassment policies. The Safety Plan also contains a list of emergency telephone numbers, information on the responsibilities of certificated personnel, and details of the warning signals that will alert students and school personnel of disasters. Each classroom has an evacuation map, and all teachers have an emergency folder with all the important information needed such as procedures, signal cards, and student rosters. We work closely with and receive assistance from the local Stanislaus County Sheriff's Department, Fire Department, and other outside agencies and organizations.

Creekside prides itself on keeping its School Safety Plan current and relevant. The plan was last reviewed and updated by the Safety Committee in January 2024. In order to keep our plan up to date and inclusive of best practices, we regularly send a team to conferences on school safety at the Stanislaus County Office of Education. To support our safety plan, we employ a full-time School Security Officer at our site (as part of a district School Security Team), campus supervisors, intervention personnel, and clerical support staff. The team works together to watch over and protect students at our school. The team works to build trusting relationships with students and parents. As a part of our overall safety plan, we have practice drills to prepare both students and staff for emergencies. After all drills, the safety team will meet to debrief and make adjustments as needed. In addition to developing plans to address emergency situations, our School Safety Plan also addresses online

future success by developing essential 21st-century skills such as critical thinking, creativity, and collaboration.

The school also offers a robust Music Program, which serves over 100 students, and specialized English Learner programs, including English Language Development (ELD) and the English 3D curriculum, to support language development and academic achievement. Furthermore, the Dual Immersion program provides students with the opportunity to maintain and expand their Spanish fluency, working toward earning the Seal of Biliteracy. These services collectively aim to support the diverse needs of all students and prepare them for future academic and career success.

Professional Development

Professional development activities are delivered through after-school workshops, professional development days, early release days, conference attendance, and individual mentoring and Department/PLC professional development days.. In addition, demonstration lessons and peer observations are held throughout the year. There are five days at the beginning of the school year, before students arrive, dedicated to professional development. There are three days specifically designed to support teachers that are new to our district and two days for all teachers in the district. A districtwide professional development day was held on November 1, 2024

The focus of professional development activities is determined by reviewing student academic progress, district initiatives, and site needs. Major focus areas in 2024-25 included Standards Measurable Objectives, Checking For Understanding, Student Engagement, Academic Discourse, ELD strategies and supporting writing throughout the content areas. Other focus areas include school climate, data analysis, and AVID strategies. In addition, staff members also attend off-site professional growth activities to strengthen their skills in the content areas through the county and regional training.

This table displays the number of school days dedicated to staff development and continuous improvement.
