**EDEN PRAIRIE SCHOOLS**  
Community Education

# Welcome to Eden Prairie Schools Little Eagles Preschool & Elementary PreK

– where we inspire each child in their love of learning.  
We are looking forward to the 2025–26 school year!

Little Eagles learn and grow in our 3-year-old preschool program at the Community Education building, located at 8100 School Road. In a caring and inclusive environment, our youngest learners make new friends and learn new things!

Once your child turns four, it's time for PreK! All of our 4-year-old classrooms are located at our neighborhood schools, where Eagles learn as full members of our PreK-grade 5 school communities. This prepares our 4-year-olds to be highly successful in kindergarten, since they are already familiar with our elementary school schedules and buildings.

We know that starting your preschool journey is a big decision. You can trust us to uphold each of the Eden Prairie Schools core values every day your child learns with us:

**We believe each person has intrinsic value.**

**We believe each person has individual gifts, interests and talents.**

**We believe community benefits when each person contributes.**

**We believe relationships flourish on a foundation of mutual respect.**

**We believe continuous learning is essential for personal fulfillment, opportunity and success.**

This catalog explains the many opportunities for your child to take flight as an Eagle next school year! Our highly qualified staff are excited to get to know your child and start their Inspired Journey here in Eden Prairie Schools.

# PRESCHOOL & PREK

## WHY CHOOSE EDEN PRAIRIE SCHOOLS?

Our Preschool and PreK programs are part of Eden Prairie Schools Community Education and provide innovative classrooms where creativity and imagination soar! Our diverse classrooms help students discover a love for learning in an interactive and academically rich environment. Your child will be immersed in a stimulating learning environment filled with fun, challenging, and creative learning activities!

There are many preschool options available to families in Eden Prairie, yet our programs are the only ones that align with Eden Prairie Schools K-12 curriculum and the overall K-12 system. We work closely with Early Childhood Special Education and kindergarten teachers to foster a successful transition from preschool to kindergarten. In our 4-year-old PreK programming, we offer additional child care opportunities, transportation, and longer instructional time!

### Curriculum Focused on Personalized Learning

In Eden Prairie Schools, our mission is to inspire each student every day. Our programming is designed to create excitement around education and provide a foundation for lifelong learning. We use The Creative Curriculum, which is a balanced approach of all social-emotional and academic areas. We focus on personalized learning for your child, which means our teachers design lessons around your child's skills to prepare them for kindergarten and beyond. Throughout the school year, staff conduct assessments of your child's academic, social and emotional progress using the Teaching Strategies GOLD observation-based assessment tool.

### Preschool/PreK Dates

The calendars for both Preschool and PreK align with the school district calendar.

## WHAT SETS OUR PROGRAM APART?

- ★ We are the only preschool and PreK provider whose curriculum directly aligns with the Eden Prairie Schools K-12 experience, meaning your child will be better prepared for kindergarten in our schools than they could be by any other provider.  
We share assessment data with families and with our elementary schools, so our kindergarten teachers are ready to support your child from day one.  
PreK students attend our neighborhood elementary schools, where they become familiar with our buildings and schedules in advance of kindergarten.
- ★ We incorporate your student's interests and talents into lesson planning and activities.
- ★ We identify unique needs of every student and differentiate instruction to promote further growth.
- ★ We have multiple resources to supplement learning through highly qualified staff, technology and specialized services.
- ★ We align outcomes and objectives of student learning to best prepare them for the next year.
- ★ We closely monitor the social and emotional needs of a student and provide strategies that foster compassion, confidence and independence through a variety of social emotional frameworks.
- ★ We are 4 star Parent Aware rated, which is achieved through hiring highly qualified teachers, mandating extensive training of staff and lengthened instructional time.
- ★ We use The Creative Curriculum, by Teaching Strategies, to deliver a curriculum rich in math, literacy, science, and art aligned with the K-12 system.
