2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Each and every child is compassionate, confident, and feels successful, academically prepared, and able to make meaningful, positive impact in their lives, the lives of others, and the world around them. Alameda Unified School District is committed to upholding our community's core values of equity and excellence for every student by providing inclusive and safe conditions for learning that challenge and support every student to be culturally competent and prepared for college, career, and community participation.

Principal's Message

2024-25 School Description and Mission Statement

Thank you for taking a moment to look at Franklin School's School Accountability Report Card. This is my eighth year as principal of this school; my seventeenth as a principal in grades K-12, and I could not be more proud to be the leader of this school. Franklin School is an unexpected gem among public schools. It's small size makes it a unique experience for children, families, and staff. Each child is known and nurtured by all community members in an effort to ensure no child falls through the cracks. The strong bridge between home and school at Franklin ensures success and a feeling of community for our Falcon families. This truth is demonstrated by our outstanding achievements, supports, climate, variety of educational experiences, and opportunities for students to contribute to their community through leadership. As an educational community, Franklin's diverse population outperforms both the State and many local schools. These results are a result of the conscientious communal efforts between home, school, and District. The Franklin community is a family working to raise excellent citizens: citizens with mature social skills, broad academic knowledge, and the flexibility and understanding of their roles in society now and into the future.

School Description and Mission Statement

Franklin is a neighborhood school of approximately 300 students, maintained by a close-knit community in central Alameda. We currently have 2 classes in each grade, with the exception of 4th and 5th grades, where we have a combination class resulting in 1.5 classes in 4th and 5th grades. The school includes 13 classrooms, a cafeteria, a media center, an administration office, and an outside eating area. School staff includes: a principal, eleven full time certificated teachers, two paraprofessionals, a 20% health office assistant, a 20% speech teacher, a 20% school psychologist, an office manager, a 50% intervention lead, and eight other support staff, which includes our cafeteria, custodial, and noon duty staff members. Itinerant music, Art, Library, Science, Library and P.E. teachers provide services each week for all students. The school year consists of 180 instructional days with minimum days for parent conferencing and teacher collaboration.

We are dedicated to maintaining high academic and behavior standards. We strive to help students discover and achieve their personal best. We promote Lifelong Guidelines and use Lifeskill learning to create a safe learning community at our school. Franklin School's Positive Behavior Intervention and Supports (PBIS) team provides professional development to the staff in each of these areas, and the committee works to ensure students, staff, and families are supported and that all children are successful. Necessary computer skills to access academic instruction using Common Core Standards are developed and Common Core instruction is enhanced to provide the most engaging environment possible, while allowing teachers the ability to intervene and extend for students in small groups.

Mission: Franklin School is a partnership of school, home, and community committed to providing effective instruction and quality programs that recognize individual differences, develop respect for self and others, and celebrate the accomplishments of all students. We are dedicated to maintaining high academic and behavior standards. We strive to have students discover and achieve their personal best. We nurture students' awareness of their responsibility in the global community. We create a safe learning environment where students are free to exchange ideas in their quest for academic and social understanding.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The Franklin Elementary School was built in 1950 on a 1.22 acres site. The building area is 18,146 sf. The school underwent modernization in summer 2020, including new electrical and HVAC units, and the work is continuing. A new play structure was installed, improvements were made to flooring in some classrooms, and some windows were filled in for structural reasons. Areas marked in need of improvement on the most recent FIT tool from CDE (undated) such as the HVAC units, were addressed in the modernization.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	69	71	54	54	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Franklin School greatly benefits from partnership with families and community members who are involved in a variety of activities. We believe in partnering with our families to create the best school for our students. Families have many opportunities to partner with the school based on parents' schedules and interests. We also partner with our local Community Based Organization and especially our school's Parent Teacher Association (PTA). The commitment by our families in making Franklin a true community school is evident in so many ways. It is only with their support that we can offer everything we do for all of our students and in particular those who are benefitting from the enhanced supports we are able to provide.

We encourage participation in all aspects of the school's program. Here are activities that parents, guardians and community members can engage in throughout the year:

- Volunteering as a Room Parent
- Field Trip Chaperones
- Noon Supervisors
- Art Docent
- A variety of Community Events, like our Falcon Feast, Back to School BBQ, Fall Spooktacular Event, and the Science Festival.

All parent input in decision-making is welcome through the following committees at a school site:

- School Site Council (SSC)
- English Language Advisory Committee (ELAC)

Parent input at a district level can happen at, but not limited to:

- Equity Round Tables
- Alameda Mosaic
- Alcance/Latino Achievement Round Table
- Asian and Pacific Islander Round Table
- LGBTQ Round Table
- District English Language Advisory Committee

2024-25 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed and yearly approved by School Site Council and the Board of Education. Each year the school sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis),

2024-25 School Safety Plan

and School Environment (facilities and campus). The plan addresses various safety issues, including creating procedures that detect and prevent social-emotional barriers/challenges, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held three times per year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training yearly.

To ensure safety of students, teachers, staff and administrators supervise students on campus from bell to bell. Our school is a closed campus, and permission is always required to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must always wear the proper identification badge.

Fiscal Year 2023-24 Types of Services Funded

AUSD Schools are primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Alameda Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

- Response To Intervention (RTI) Universal Blocking
- 1:1 Devices (1st – 12th)
- Targeted supports for servicing students
- Continuous Staff Development
- Social Emotional Supports for all students
- Coordination of Services (COST)
- Positive Behavior Intervention Systems
- Music and Library at the Elementary level
- Electives at the Secondary level

The school also receives additional support from local community partners including the Parent Teacher Association (PTA), Alameda Educational Foundation, and various organizations, businesses, and community groups.

Professional Development

At Franklin School, we are committed to doing the learning necessary to ensure equity and antiracist practices are part of our everyday experiences for children and staff. The resulting Professional Development focus in the 2024-2025 school year is on closing the achievement gaps: Building upon whole class Culturally and Linguistically Responsive Teaching Practices to include specific targeted interventions and supports. This focal area was created in collaboration with family stakeholder groups and site staff and based on student population data. Teachers are supported through coaching, teacher-principal meetings, consultation with our Coordination of Services Team and the associated supports, and student data reporting and consultation with our Intervention Lead for struggling students. Included in this work is how we create classroom communities, foster relationships with our students, establish classroom routines and procedures to promote discourse and take action to interrupt inequity and predictable outcomes. Furthering this year is additional staff, funded through our PTA and a private donor to create small group time wherein teachers can better intervene for students, including focal scholars, who are struggling in specific populations.

Professional development and collaboration time was dedicated to collaborating around the types of data collected, disaggregation and conclusions drawn from the data. In addition to our staff meeting time, professional development days were captured prior to school beginning to focus on District priorities such as early literacy. The professional development occurs during staff meetings, staff development days, and during teacher collaboration in an effort to implement most effective strategies for ensuring equity for our students. Curricular support was focused on Language Arts for grades K-2, and Math for grades 3-5, as well as our new Social Studies adoption. Teachers worked whole staff in grade level to learn and practice research based strategies for English Learners and struggling students.

This table displays the number of school days dedicated to staff development and continuous improvement.
