2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

21st century to positively affect the world. Our goal is to prepare students through rigorous, culturally responsive and relevant content to be productive and successful citizens by developing both a strong work ethic and the critical thinking skills needed to solve problems in the real world. Our school's throughline is "Building Great Minds." Will C. Wood honors all students' right to the highest quality education possible. Our staff is highly skilled at guiding students through a challenging academic program while supporting them through the enormous changes of the teen years. Annual staff development contributes to our understanding of effective teaching and inter-disciplinary practices for this age group. We believe in integrating not only the curriculum, but ensuring we integrate every child. We provide supports to struggling learners, counseling for social and emotional issues, a robust elective program, and in-house instructional coaching to provide professional development for staff. Will C. Wood is a Gold Ribbon comprehensive Full Service Community STEAM school that teaches the whole child in a nurturing, diverse, and collective community. Wood Vision: Wood Middle School prepares students to be lifelong learners who competently navigate the changing demands of the 21st century to positively affect the world. Wood Mission: Our goal is to prepare students through rigorous and relevant content with an arts and sciences integration to be productive and successful citizens by developing both a strong work ethic and the critical thinking skills needed to solve problems in the real world.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Wood Middle School has been moved to a new temporary campus on what was the old Lum Elementary site. Lum elementary was demolished and blacktop was added for portables to be placed that are being leased by the school district while the old Wood is being torn down and new construction is taking place. Students still need to walk to the old MPR on a gated pathway to get lunch, and attend art and music classes. That building will not be torn down and will be incorporated into the new design of the new campus estimated to be completed in June 2026.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

AUSD Schools greatly benefit from supportive parents, guardians and community members who get involved in a variety of activities. We believe in partnering with our families to create the best school for our students. Families have many opportunities to partner with the school based on parents' schedules and interests. We also partner with our local Community Based Organization and especially our school's Parent Teacher Association (PTA).

We encourage participation in all aspects of the school's program. Here are activities that parents, guardians and community members can engage in throughout the year:

- Field Trip Chaperones
- Classroom helpers

All parent input in decision-making is welcome through the following committees at a school site:

- School Site Council (SSC)
- English Language Advisory Committee (ELAC)

Parent input at a district level can happen at, but not limited to:

- Equity Round Tables
- Alameda Mosaic
- Alcance/Latino Achievement Round Table
- Asian and Pacific Islander Round Table
- LGBTQ Round Table
- District English Language Advisory Committee

2024-25 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed and yearly approved by School Site Council and the Board of Education. Each year the school sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis),

2024-25 School Safety Plan

and School Environment (facilities and campus). The plan addresses various safety issues, including creating procedures that detect and prevent social-emotional barriers/challenges, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held two times a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training yearly.

To ensure safety of students; Teachers, staff and administrators supervise students on campus from bell to bell. All Our school is a closed campus, and permission is always required to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must always wear the proper identification badge.

Fiscal Year 2023-24 Types of Services Funded

AUSD Schools are primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Alameda Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

- Response To Intervention (RTI) Universal Blocking
- 1:1 Devices (1st – 12th)
- Targeted supports for servicing students
- Continuous Staff Development
- Social Emotional Supports for all students
- Coordination of Services (COST)
- Positive Behavior Intervention Systems
- Music and Library at the Elementary level
- Electives at the Secondary level

The school also receives additional support from local community partners including the Parent Teacher Association (PTA), Alameda Educational Foundation, and various organizations, businesses, and community groups.
