

Anticipated Student Transition Plan

Early Childhood

This document provides an anticipated plan for how students may transition from current buildings to updated facilities. This plan is subject to change following the completion of the redistricting process that will accompany the implementation of the facility master plan. As part of this process, the district's attendance boundaries will be revised, which may result in changes to the schools assigned to specific addresses. School closures are expected to begin in 2027 and be completed by 2029, with Sowers Alternative High School potentially transitioning as early as 2026. Learn more at usd259.org/facilityplan.
