## Science Adoption Public Review Feedback as of 01/17/2025

Timestamp	What is your role?	Select the resource/material for which you are providing feedback:	Does this resource align to the College Board's Course Description (AP courses) or the International Baccalaureate's Subject Brief (IB courses)?	Does material engage students in rigorous learning opportunities and higher level thinking tasks that show a real-world application of learned skill?	Does this material include high-quality resources for teachers, students and parents?	Does this material support success for all students (appropriate rigor, opportunities for enrichment, supports for differentiation, ample practice opportunities and review of previously learned skills)?
