

Public Review Feedback as of Friday, 1/17/2025

What is your role?	Select the resource/material for which you are providing feedback:	Does material engage students in rigorous learning opportunities and higher level thinking tasks that show a real-world application of learned skill?	Does this material include high-quality resources for teachers, students, and parents?	Does this material support success for all students (appropriate rigor, opportunities for enrichment, support for differentiation, ample practice opportunities and review of previously learned skills)?
