

**Emmett High School  
Board Report  
December 2024**

**Senior Projects**

We had our second round of senior project presentations on Dec. 5<sup>th</sup>. I want to thank the community members, board members, and administrators who helped to make this a successful event for our students.

**Whooping Cough**

On January 6<sup>th</sup>, one of our wrestlers was diagnosed with whooping cough. We have communicated with district administration and the high school parents about this. We have also communicated with all of our wrestling parents. Further, we were given proper guidance on this matter from Southwest District Health.

**PSAT Data**

Since we had such a short month in December, I really don't have a lot to report. I am going to share our [PSAT presentation](#) with you because I believe this data is important for the board to be aware of.
