NEW ADDITION 2
7610 SF

PROJECT SCHEDULE

- Bid project in March 2025
- Board approval of contracts April 2025
- Start construction as soon as school ends in June 2025
- Construct the two rear classroom additions immediately and work will continue through school year
- Ceilings in the hallways only will be removed summer 2025 and workers will work 2nd shift 4pm-11pm in the hallways as needed for new wiring and piping
- Front addition exact timeline is still being worked out as is the rest of the phasing of the work. There will be some moves required but the goal is to keep to a minimum
- Existing classroom renovations to occur summer 2026
- Project is completed at the end of August 2026
