

Hello Wildcats,

We are happy that you've found our LHS College Guide; a central info space sharing notes from our most recent season of college rep visits.

Every campus that visited LHS in 2023 and 2024 is represented here in an effort to share programs, scholarships, application information and more with LHS students and families.

This guide came to life thanks to ParentCat volunteers and the CRC team translating our rep visit notes into the digestible format you see here. Information will be updated annually, and, as always, it is best practice to confirm information shared here with the admissions office of specific schools.

Reach out with any questions or proposed edits. We hope this resource helps you build your list of college options, and we are here to support your post-LHS planning and decision making every step of the way.

Erinn Murphy, LHS Postsecondary Counselor  
Kelly Higgason, CRC Coordinator  
Vicki Foster, CRC Data Specialist

# Alma College

## Rep Questionnaire Response

---

Alma College is a small, liberal-art college in mid-Michigan, about one hour north of Lansing. We have over 50 different majors, with just over 1,250 students from 29 states and 19 countries. We are known for our excellent Model UN program with over 29 years of national recognition and are dedicated to providing students access to explore the country and the world through our Alma Venture Grant program which provides every Alma student with \$2,500 in their junior year they can use towards study abroad, research project or internship support. We also have a successful NCAA division 3 athletic program and over half of our students participate in varsity sports.

# Arizona State University-Tempe Rep Questionnaire Response

---

ASU is one of the largest and most well-rounded public universities in the country. We are located in the Phoenix area, which is now the 5th largest metropolitan area in the country. ASU consists of four campuses: Tempe, Downtown Phoenix, Polytechnic, and West. We offer over 400 degree programs to choose from – so no matter your interests, you are likely to find a passion to pursue when attending ASU. ASU has an excellent reputation so I think that will only help you in the future! We are considered #1 in the US for innovation (beating out Stanford and MIT).

# Bradley University

## Rep Questionnaire Response

---

Bradley University is a mid-sized institution with about 5,000 students located in Peoria, IL, just 2.5 to 3 hours from Chicago, St. Louis, and Indianapolis. As an accredited university offering over 100 programs, we provide the robust experiences of a larger university—like Division I sports and a vibrant Greek life—with the personalized attention that comes from smaller class sizes.

Some of our most popular programs include our direct-admit nursing program, cutting-edge engineering programs, and our top-ranked game design major. We're also excited to offer one of our newest majors: music for video games. At Bradley, we believe in providing hands-on experience from day one, ensuring you're prepared for success the moment you step on campus.

---

Butler is a nationally recognized university with over 85+ majors in the Arts, Business, Communication, Education, Liberal Arts & Sciences, and Pharmacy & Health Sciences. We are a mid-sized school with about 4500 undergrads, we're known for providing small classes, opportunities to engage directly with faculty, and real-world experience through internships and research. Some newer programs include Data Science, Public Health, Neuroscience, Kinesiology, Pharmaceutical Sciences, and Nursing. Butler students have much success after graduation, as demonstrated by the University's 98% placement rate within 6 months of graduation. Outside of the classroom, our students are involved in 200+ student orgs, including NCAA Division 1 athletics, club and intramural sports, e-sports, 7 fraternities/7 sororities, many performing arts opportunities, and so much more.

# The College of Wooster

## Rep Questionnaire Response

---

The College of Wooster is a liberal arts and sciences college known for our commitment to mentored research. Our distinctive approach to undergraduate research culminates in the Independent Study, a yearlong capstone where every Wooster senior completes a significant project of their own design, working 1-on-1 with a faculty in their department. Our APEX office helps students land excellent experiential learning, internship, and career opportunities, with 96% of students employed within 6 months of graduation and 94% of students going on to graduate school being admitted into their first choice school. From our bagpipe-led, kilt-wearing marching band to our love of tootsie rolls, Wooster is a welcoming, affirming campus with a penchant for unique traditions.

# **Dominican University**

## **Rep Questionnaire Response**

---

We are a private small to mid range four year catholic university. We accept all faiths and non-faiths; which means you do not have to belong to a particular religion in order to attend the university. We are a Hispanic-Serving Institution meaning that at least 25% or more of our students identify as Hispanic or Latin-X. We accept students from all walks of life so as it concerns our student population, there are 74% students of color with over 14 nations represented overall. We offer more than 50 Undergraduate Majors and Minors for students to pursue as well.

# Eastern Illinois University

## Rep Questionnaire Response

---

Eastern Illinois University is a mid-sized, public university located in beautiful Charleston, IL, about 3 1/2 hours south of LHS. EIU was founded as a teaching school, so education has always been a popular major, and Pre-Med, Biological Sciences, Psychology, Criminology/Criminal Justice, Communication Disorders & Sciences, and Exercise Science are also common choices now. With a population of about 8800 students, EIU is big enough to matter with quality academic programs, Division I Athletics, and extensive student life opportunities, yet is still small enough to care by providing our students with personal attention and individual assistance. Eastern is affordable and accessible, as we have the lowest cost of attendance of any 4-year school in Illinois, offer a guaranteed tuition rate for all 4 years, and are ranked #4 in the nation for Best Value Colleges and Universities. Our Test Optional application requires a 2.8/4.0 GPA for admission, our Test Reported application requires a 2.5/4.0 GPA with a 960 SAT or 18 ACT, and our automatic academic scholarships begin awarding at a 3.0/4.0 GPA with a 3.75/4.0 GPA required for full-ride Honors Award applications.

## Rep Questionnaire Response

---

Illinois Wesleyan University is a small, private, liberal arts university located in the college town of Bloomington-Normal. We have been ranked #1 in Illinois and #7 in the nation for getting a job after you graduate, with 99% of our 2023 graduates in their first career job or in graduate school within 6 months of graduation. We have various opportunities for internships, undergraduate research, clubs/organizations, and participation in athletics. Our students are heavily involved on campus, with many choosing to do research, internships, study abroad programs, and more in addition to their course of study. We have more than 100 majors, minors, and concentrations, and we just added programs in Sociology-Criminology, Supply Chain management, and Communication for this year.

# John-Hopkins University

## Rep Questionnaire Response

---

Johns Hopkins University is the top funded research university with an interdisciplinary liberal arts foundation located in Baltimore Maryland.

Students here learn through collaboration between diverse perspectives and hands-on applications. Our flexible curriculum and abundant advising supports enable students to tailor their studies to their specific interests and desired outcomes. Some specialized programs that may be of interest to students include our nationally ranked biomedical engineering major, our dual degree program with our performing arts school Peabody Conservatory, and one of the oldest creative writing programs in the country in our writing seminars major. Students are also well equipped for graduate school pathways with an 80% overall admit rate to medical school for pre med graduates (double the national average) and 97% admit rate to law school for pre law graduates. We have a strong local and global footprint including our recent addition in Washington DC, The Bloomberg Center, a phenomenal resource for students interested in the policy sphere or global applications of their learning.

---

Located in Baton Rouge, LSU is Louisiana's flagship university and rated as an R1 research institution. In fact, LSU is one of only a handful of universities in the country with the triple distinction of being a land, sea, and space-grant institution. This distinction attracts leading researchers and faculty from around the world across 330 academic programs. We are also a major SEC competitor with 16 Division 1 sports teams to cheer for, over 450 student organizations to find your community on campus, and individualized Student Success teams to make sure our students are supported at LSU.

# Marist College

## Rep Questionnaire Response

---

Marist College is home to 5,500 undergraduate students. Our 240-acre campus in Poughkeepsie, NY, rests along the beautiful shores of the Hudson River Valley. This unique location offers students an enriching sense of community and close proximity to New York City. We also have a campus in Florence, Italy where students can participate in the first-year Florence experience, traditional study abroad, and pursue their bachelor's degree. At Marist, students get the best of both worlds: large enough to deliver the scope, power, and connections of a comprehensive university, yet small enough for students to have the highly personalized experiences and support they expect of a liberal arts college. We are ranked #1 for study abroad and 86% of students participate in one or more internships. We offer 5-year accelerated programs and some of our popular programs include Fashion Merchandising, Business Administration, Communication and Psychology.

With more than 125 degree programs to choose from, you'll be sure to find an academic home at Michigan Tech that suits your unique passions and strengths. Hands-on is the hallmark of a Tech education. From 132,000 hours of paid undergraduate research with faculty (starting as early as your first year) to real projects given by industry and government sponsors. Our campus is located on Michigan's most beautiful playground—the Upper Peninsula—and borders the Keweenaw Waterway which connects to Lake Superior. Huskies spend plenty of time outside exploring, skiing, swimming, hiking, biking, and even dogsledding.

## Rep Questionnaire Response

---

By alternating semesters of academic study with periods of full-time work, students are able to transform work across academic and professional contexts. Co-op provides students the opportunity to explore or refine potential career paths, make valuable industry connections, broaden perspectives, and acquire the skills and knowledge needed to succeed—all while learning and growing outside the comfort zone of the classroom. This integrated experience develops learners who are highly competitive upon graduation – 93% of NU graduates are employed or enrolled in graduate school nine months after graduation. Northeastern also meets full demonstrated financial need for all students and families

# Oregon State University

## Rep Questionnaire Response

---

Oregon State University is not only Oregon's #1 research university, but we are also one of only three schools in the country to be a designated Land, Sea, Sun, and Space Grant institution. OSU is also ranked in the top 1.4% of all universities worldwide, with top programs in forestry, oceanography, agriculture, and natural resources and conservation. In addition, OSU has over 23,000 students, 400 clubs, and 200 academic programs, nestled in Corvallis, OR, a top-ranked college town with lots of innovation and located only one hour away from the Oregon Coast.

OSU-Cascades, our second campus, is located about 3 hours from Corvallis in Bend, OR, which is not only one of the fastest growing cities in the United States, but is also an outdoor mecca, with plenty of opportunities for skiing, rock climbing, hiking, and mountain biking. OSU-Cascades currently has 25 academic programs, and a little over 1,300 students, making classes small and personable.

# Providence College

## Rep Questionnaire Response

---

Providence College is a big small school located in the beautiful, quaint city of Providence. We have around 4,200 undergraduate students, 5,000 total students, and four academic schools with 100 different majors to choose from, including Arts and Sciences, Business, Education and Social Work, and Nursing and Health Sciences. There are so many opportunities to get involved on campus, but students enjoy being able to take part in all the city has to offer as well. PC has a strong, rigorous academic experience, but students challenge and support one another during their time as students, and 94% of our graduates have jobs within six months of graduating. There are direct flights to Providence, but Boston is 45 minutes away and NYC is three and a half hours from Providence. Come see campus and learn more about all the ways PC can support you!

# Reed College

## Rep Questionnaire Response

---

Reed is a private liberal arts college in beautiful Portland, Oregon - one of the only colleges of its kind located in a major city! Reedies are known for their passion for and curiosity about a vast array of academic and non-academic topics, bringing a healthy dose of playfulness and creativity to their serious studies and to our 100+ clubs (no football here, though!). If you are excited about ideas, about getting to take classes in lots of subjects, and about being in an intellectual community that values collaboration over competition, Reed could be a great fit for you! In addition to sending a huge proportion of our students on to PhDs at prestigious institutions, we possess the only nuclear research reactor staffed almost entirely by undergraduates, a 26-acre nature preserve in the heart of our campus, and a 9:1 student-to-faculty ratio that allows your professors to support you in achieving your goals.

# St. Norbert College

## Rep Questionnaire Response

---

On our beautiful, historic campus along the Fox River, you'll have an exceptional academic experience, with 20+ new programs of study. St. Norbert College is a true liberal arts college, where you can explore freely across the social sciences, humanities, natural sciences, visual & performing arts, and business. Guiding you in that journey will be an exceptional faculty, deeply committed to your success. You can supplement your studies by collaborating with them on research; – sometimes as early as your first year.

We offer 27 varsity sports, roughly 90 student organizations, and a great quality of life (including a dining program ranked #1 in the Midwest). You'll learn in state-of-the-art facilities, live in a warm and welcoming community, make lifelong friends and graduate well-prepared for a career or grad school.

# The Ohio State University

## Rep Questionnaire Response

---

1. Ohio State is an incredibly comprehensive university with top-ranked and expansive programs. If you want to double major, change majors, explore majors or create your own, then you're in the right place! Not to mention that we're one of the top 10 among the nation's public universities for the quality of our undergraduate teaching capabilities.

Ohio State offers exceptional value for many families. Students get to work with world-class faculty, share a global alumni network and benefit from the reputation of a leader in knowledge creation and problem solving.

Our faculty will challenge you and bring you into their work, instilling you with confidence and hands-on learning. You'll interact with them in the classroom, in research labs and even in your residence hall.

2. Our community's spirit and pride create a unique and welcoming environment.

Ohio State students come from every state and more than 100 countries. Yet with all of our differences, we find a home here as Buckeyes.

Once you're in, you're a Buckeye for life. And with more than 600,000 alumni around the world, that's a big family (and professional network \*wink\*).

Our academic and learning communities help students build relationships in smaller groups that lead to exploration, service and leadership development.

3. Your fellow Buckeyes are dedicated to helping you navigate all that Ohio State has to offer.

It all starts with an amazing orientation experience. Not only will you get a feel for how Ohio State works, but you'll also meet incredible people, including your Peer Leaders, who will be there to support and encourage you throughout your first year.

You're more than your major. Mix academics with social and personal interests to round out the whole you. Get involved in one of our big student initiatives, such as Hackathon, Buckeyethon, the Second-Year Transformational Experience Program expo or the Undergraduate Research Festival.

How do we prepare you for your next step after graduation? Experiences. A thriving and global academic community. A big university in a big city. People and ideas that challenge you. Complex issues that need your vision. All as part of your first-year experience, and you carry them through to our one-of-a-kind Second-Year Transformational Experience Program.

4. Oh, and did we mention how incredible Columbus is?

# Tulane University

## Rep Questionnaire Response

---

Tulane emphasizes academic flexibility for those students that may be interested in matriculating undecided, seeking to pursue more than one field of study, and/or seeking to explore departments and programs regardless of their primary major. We are test optional, have a free application, and have various full tuition scholarships that students can apply to after submitting their application. Concisely can describe the campus as a medium-sized research institute in the lively city of New Orleans with a dynamic student body and community involvement.

## Rep Questionnaire Response

---

UF has a large campus that is 2K+ acres, with a total enrollment of 60K+ students (38K+ undergrad). UF boasts 16 academic colleges with more than 120 majors & 100 minors to choose from. 190+ research centers & institutes, 7 high-tech libraries & we are the nation's leader in higher education in AI (even offering an AI certificate while you are enrolled in your prospective major).

Student retention is 97%. You will apply for general admission and be guided into your college through foundational studies coursework. Our application is only on the Common App. Please also complete the supplemental essays within the application. This year we are offering Early Decision: deadline to apply is Nov 1st/deadline for credentials Nov 15th - with decision outcomes of admit, deny or defer. (Decision notification is Jan 24th), Regular Decision: deadline to apply is Jan 15th/credential deadline is Jan 31st - with decision outcomes of admit, waitlist, Pathways or deny (Decision notification is March 14th). We require test scores (can be self-reported & superscored - official scores can be sent later but must be sent directly from the testing agency), the SSAR (no official transcript until after HS graduation), & no letters of rec. A new major this year is Meteorology!

# **University of Missouri Rep Questionnaire Response**

---

Mizzou is a large research university in Columbia, Missouri, which is very much a college town. We have over 300 majors, but some of our most popular programs are journalism, nursing, engineering and health sciences. We are a Division 1 school in the SEC, so there is a big sports culture on campus. Fun fact: Mizzou invented homecoming!

## Rep Questionnaire Response

---

We are a larger state institution in the BIG 10 conference, however we are the 2nd smallest school in the BIG 10 but we are in the 3rd largest city in the conference. This gives our students the best of both worlds. Popular majors include Pre-health, Business, Engineering, and Psychology. Some interesting smaller majors include Forensic Science, PGA Golf Management, and Textiles, Merchandising, and Fashion Design, among many others. 96% of our students also receive a scholarship or grant.

# University of Notre Dame

## Rep Questionnaire Response

---

The University of Notre Dame is a top Catholic undergraduate-focused research institution nestled in South Bend, Indiana. Founded by the Congregation of Holy Cross in 1842, the University of Notre Dame seeks to fulfill its mission of becoming "one of the most powerful forces for good" in the world by providing a program of holistic formation to its students. In a vibrant campus community, Notre Dame students take advantage of the many opportunities offered to form their mind, body, and spirit. They are passionate about learning, eager to engage in conversation around life's deepest questions, and always looking for ways to use their gifts and talents to serve others. In doing so, the University of Notre Dame does not just offer a four-year education but a truly holistic formation that sets students up for a lifetime of service and success.

# University of Richmond

## Rep Questionnaire Response

---

The University of Richmond is a small university which prepares students to make a big impact. Richmond's learning and research environment is defined by a culture of interdisciplinary connections, mentorship, collaboration, and creativity, guaranteeing students close interaction with faculty and the ability to shape their academic experience. Consistently recognized among the nation's most beautiful campuses, Richmond offers outstanding academic and residential facilities. Over 90% of students choose to live on campus all four years. The University emphasizes the importance of international experiences and educationally grounded civic engagement in transforming student learning and preparing students to be active citizens in a complex world.

---

UW-La Crosse is a medium-sized university (around 10,300 students) on the banks of the Mississippi in Western Wisconsin. We are most known for our science and health science programs, like Biology, Exercise & Sport Science, Radiological Science (Sonography & Radiation Therapy), Nuclear Medicine Technology, Physical Therapy, Physician Assistant Studies, and more; but also have some strong programs in Business, Psychology, and Education. UWL is a vibrant campus with 21 NCAA Division III sports (76 National Championships - #1 of all time in DIII sports), tons of clubs/intramural sport and fine arts ensembles opportunities, and over 200 student organizations (like Cheese Club!). What students love most about UWL and La Crosse is the scenery, the compact campus (10 minute walk max), and the amount of research and internship opportunities available to them!

## Rep Questionnaire Response

---

Since its founding in 1848, this campus has been a catalyst for the extraordinary. As a public land-grant university and major research institution, our students, staff, and faculty engage in a world-class education while solving real-world problems. With public service — or as we call it, the Wisconsin Idea — as our guiding principle, Badgers are creating a better future for everyone.

# Villanova University

## Rep Questionnaire Response

---

Villanova University is the nation's only Augustinian Catholic-affiliated university, located roughly 10 miles west of Philadelphia. Villanova offers over 100 majors/minors to its 6800 undergraduate students, and our most popular academic offerings include Business, Engineering, Nursing, Psychology, Biology, and Communications. A few highlights from the 4 undergraduate colleges at Villanova are below:

College of Engineering: Our state-of-the-art Center for Engineering Education and Research expansion project is set to be completed by the Fall of 2024, increasing Engineering lab space by an additional 60%.

College of Nursing: Villanova offers Nursing students a 12,000 square foot simulation/lab space, which mirrors the experience of engaging with patients in a true clinical setting. We are affiliated with over 90 clinics/hospitals all over the globe, providing students with robust clinical experiences. The College of Nursing has an NCLEX-RN passing rate of roughly 95%.

School of Business: Ranked #1 in the country in 2016 by Bloomberg Businessweek due to strong course offerings and the robust career opportunities available to our students upon graduating.

College of Liberal Arts & Sciences: 10 Centers of Excellence that span across many disciplines, along with 40 majors/programs that provide a well-rounded educational experience.

Xavier University is a medium-sized Jesuit Catholic school located in Cincinnati, Ohio. With 5,000 undergraduates, you'll find an academic environment which values the whole person as well as the internship and extra-curricular opportunities that only a thriving city can provide. Students most often choose majors in nursing, finance, marketing, sport management, digital innovation in film and television and biomedical sciences. We are opening our College of Osteopathic Medicine in Fall 2027. This year, we have added majors in Neuroscience, Genetics, Microbiology, Artificial Intelligence and Cybersecurity.
