

The Mission of Jane E. Tuitt Elementary School Library

The Library of Jane E. Tuitt Elementary School is envisioned as the center of reading for students learning and leisure. We are committed to providing library services and resources that will support students 21st century literacy skills acquisition and development.

As imbued in the VI Department of Educations mission/vision, the Library aims:

ACADEMIC SUPPORT

To offer an array of resources in different formats and multifaceted instructional programs that encourage INQUIRY, CREATIVITY, and the LOVE for reading.

RECREATIONAL

To provide an inviting, differentiated, and friendly learning environment that is responsive to the personal and academic development of the students.

SOCIAL DEVELOPMENT

To offer spaces with modern facilities engaging students to become INNOVATIVE thinkers, excellent READERS, and Internationally-Minded.

VALUES FORMATION

To provide strategies that support students in gaining positive behavior and developing impeccable social skills that will help them become good citizens of the US Virgin Islands and the world.

The Teacher-Librarian

MR. SHIEGFRED S. ARAMBALA

*Master of Library and Information Science
Master of Education in Advance Teaching*

What Students Do

Read

The library offers 2000+ fiction and non-fiction titles for students to read, research, and learn from. Students can check out one book at a time for a period of 7 days. Lost and damaged books will have to be replaced thus it is important that students return them to the library on time.

Innovate

The library's makerspace station offers students a variety of resources such as 3D Printer, game boards, Legos, arts and crafts, and manipulatives that enables them to be creative and critical thinkers and excellent problem solvers.

Access

The library has 6 new computer workstations and 25 iPads for students to use in making projects, inquiries, and accessing online resources such as iReady and Amira. The library conducts library curriculum instruction interactively using the new Promethean ActivPanel.

Experience

The library curriculum was carefully tailored to develop students' love for reading and research. This includes the fostering of information, media, and digital literacy skills. Students are provided with opportunities to hone these skills in school and outside the community.

**READ.
INQUIRE.
DISCOVER.
INNOVATE.
CONNECT.
BE INSPIRED.**
