## 2024-2025 Phase Three: Comprehensive School Improvement Plan

### Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. During the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps between identified subgroups of students. When implemented with fidelity, the Comprehensive School Improvement Plan (CSIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

### Operational Definitions

**Goal:** Long-term three- to five-year targets based on the required school level goals. Elementary/middle schools must have goals for state assessment results in reading and mathematics, state assessment results in science, social studies and writing, achievement gap, English learner progress, and quality of school climate and safety. High schools must have goals for state assessment results in reading and mathematics, state assessment results in science, social studies and writing, achievement gap, English learner progress, quality of school climate and safety, postsecondary readiness, and graduation rate. Long-term targets should be informed by the Needs Assessment for Schools.

**Objective:** Short-term target to be attained by the end of the current academic year. Objectives should address state assessment results and/or aligned formative assessments. There can be multiple objectives for each goal.

**Strategy:** An approach to systematically address the process, practice, or condition that the school will focus its efforts upon, as identified in the Needs Assessment for Schools, in order to reach its goals or objectives. There can be multiple strategies for each objective. The strategy can be based upon Kentucky's six (6) Key Core Work Processes listed below or another established improvement approach (i.e. *Six Sigma*, *Shipley*, *Baldrige*, etc.).

**Key Core Work Processes:** A series of processes identified by the Kentucky Department of Education that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

[KCWP 4: Review, Analyze and Apply Data Results](#)  
[KCWP 5: Design, Align and Deliver Support](#)  
[KCWP 6: Establish Learning Environment and Culture](#)

**Activity:** Actionable steps used to deploy the chosen strategy. There can be multiple activities for each strategy.

**Measure of Success:** Criteria that shows how well the school is accomplishing their action steps. The **measures** may be quantitative or qualitative but are observable in some way.

**Progress Monitoring:** Process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. The description should include the artifacts to be reviewed, specific timelines, and responsible individuals.

**Funding:** Local, state, or federal funds/grants used to support (or needed to support) the improvement in

#### Requirements for Building an Improvement Plan

The required goals for elementary/middle schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing
- English Learner Progress
- Quality of School Climate and Safety
- Achievement Gap

The required goals for high schools include the following:

- State Assessment Results in reading and mathematics

2024-2025 Bristow Working Scorecard CSIP

Summarize the plan of action developed through your goal setting process.

Describe which objectives and strategies will be maintained and which will be added or modified to address current needs as outlined in your needs assessment diagnostic, especially those of any identified gap groups.

Based on the 2023-2024 KSA results, Bristow Elementary did not meet the goals outlined in the CSIP for the prior year. The objectives for Reading and Math, Science, Socials Studies, and Writing, and Achievement Gap have been modified to update goals for the 23-24 school year as set by the Kentucky School Report Card's Progress towards state goals.

Bristow will complete an instructional rounding in January of 2025. These results will continue to drive our school's work and will help us update our CSIP for the following year by providing action steps for our school to focus on.
