2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Davis Magnet School is composed of over 620 Preschool through sixth grade students from homes all across the Newport-Mesa Unified School District. Davis Magnet School is a unique learning environment with a special academic focus on Math, Science, and Technology. Teaching the whole child, an emphasis is also placed on responsible behavior, goal-setting, high academic performance, ethical behavior, and respect for self and others. Davis Magnet School has received several recognitions for high quality education and support in Social and Emotional Learning. Davis Magnet School was named a 2021 National Blue Ribbon School as an Exemplary Achievement Gap Closing School. Davis was only one of 325 schools to receive this prestigious national recognition. Davis Magnet School has been named a California Gold Ribbon School, a two-time

2024-25 School Description and Mission Statement

Educational Results Partnership Honor Roll School, as well as California PBIS Gold (twice), Silver Medal (once), currently a PBIS Platinum school (twice), and a California Community Cares School. Students and staff have also earned special recognition in music, science and engineering, athletics, robotics, art, instructional practices, and leadership. Davis Magnet School prides itself on the multiple opportunities available for our students to excel, while providing a well-rounded education for all students.

These honors are a result of the high-quality instruction that students receive on a daily basis in the classrooms. Teachers collaborate and provide multiple opportunities for students to apply critical thinking skills and solve real-life problems throughout their education. As a result of creative planning and increased resources, students have the opportunity to learn while using the greatest technology and from some of the area's leading experts. Our classrooms are equipped with 1:1 Chromebooks in grades Kindergarten through 6. Students and teachers use our 3-D printer and school garden, which add even more hands-on learning opportunities for all students. Additional opportunities are available through extracurricular activities, such as our band and choir, Green Team, Eco Club, after-school enrichment programs, and PAL Student Leadership team.

Students, staff, and parents are expected to behave following our five core values. These include 1) Do your very best 2) Do what is right 3) Treat others the way you want to be treated 4) Take responsibility for everything you do and 5) Take responsibility for everything you say. Parents are encouraged to be active participants in their child's educational experiences. The Davis Magnet School staff has been committed to implementing Positive Behavior Interventions and Support (PBIS) across the campus in an effort to teach and support students' behavior expectations and social and emotional learning. While working as a PLT, teachers and staff members utilize data to make informed decisions regarding multiple tiered levels of support and focus on instructional strategies. Multiple interventions are available to support students and families. The educational focus at Davis includes academic, behavior, and social-emotional learning (SEL). There has been significant time and attention spent on SEL, and we are seeing positive results among our students. Davis Magnet School offers a well-balanced, hands-on educational experience for all students. The combination of high academic standards, critical thinking skills, and hands-on learning opportunities creates an environment where students gain a deep, conceptual understanding of the academic content.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing technology and a library/media center. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	67	68	47	48	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The success of our school depends on the involvement of our parent community. The Davis staff has developed a strong partnership with the parent community and through that collaboration, we are able to provide high-quality learning opportunities for our students. Parents are able to get involved with Davis Magnet School in a variety of ways including volunteering in the classrooms, PTA, Davis Magnet School Education Foundation, and our School Site Council. Meetings are scheduled at flexible times during the day and the evening to accommodate parents' schedules.

The principal offers multiple opportunities for parents to stay informed about the school goals, student progress data, and events through the weekly "Ducks Update" with announcements and reminders. The principal also utilizes the school's social media sites as a way to share events and student achievements. Funding is allocated and spent to support parent involvement. LCFF funding to support parent involvement will go towards virtual presentations focusing on cyber safety and/or Social-Emotional Learning for students. Based on input gathered from parents, this was the most important topic and most needed in parent education.

For more information about opportunities to become involved in the school, please contact Yvette Miranda, Administrative Assistant, at 714-424-7930.

2024-25 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are reviewed with staff at the beginning of the school year, evaluated and revised December through

2024-25 School Safety Plan

January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive school safety plan and have emergency preparedness coordinators to train and instruct our staff. Our safety plan addresses disaster preparedness, personal characteristics of students and staff, school rules, routines and procedures, and Davis Magnet physical and social environment. Our school safety team meets to address safety issues for students and employees. Davis Magnet participates in school-wide fire drills every month and intruder and earthquake drills at least two times each year.

The 2024-2025 School Safety Plan was approved by the School Site Council on January 30, 2024 and approved by the Local Board of Education on February 13, 2024. The plan was last updated and reviewed with faculty on September 18, 2024.
