Orange County Department of Mental Health Services

The Orange County Department of Mental Health Services includes the planning, development, and coordination of services for adults, children, and families with mental health needs. Below are some of the resources and services that are part of the Orange County Department of Mental Health:

- Children and Family Services
- County Operated Clinics
- OC System of Care
- Trauma Institute of Orange County
- Assisted Outpatient Treatment

The Department of Mental Health is committed to ensuring that:

- Its services are accessible to all the people of Orange County
- Its services are delivered in a cost effective, timely, and culturally sensitive manner

MENTAL HEALTH IS IMPORTANT

Orange County Crisis Call Center

Dial 311 or 1-800-832-1200

Trained counselors assist those in need of support for mental illness, substance use, developmental disability, and sexual assault. In addition to telephone support, they will help connect callers to appropriate services, they can dispatch the Mobile Response Team to assist with in-home support, assessment, and crisis de-escalation, and can also refer callers to a Certified Peer Support Worker to provide in person support and assistance with engaging and navigating the system or connecting to services.

TEXT 4 Teens: 845-391-1000

Trained counselors provide support to teens who are struggling with a mental health challenge, substance, developmental disability or a sexual assault. They can also provide information about services and help with making a referral to services.

FOR EMERGENCY OR IMMINENT RISK, CALL 911

WHAT IS A SATELLITE CLINIC?

Research has shown that children and adolescents are more likely to access needed mental health services when those services are located at their school. Children and adolescents who receive mental health services coordinated with their educational services, experience greatly improved outcomes. This means that by working together we can help your child to be happier, healthier, and more successful at school. The Washingtonville Central School District and the Orange County Department of Mental Health/ Newburgh Child and Family Outpatient Clinic have teamed up to offer mental health therapy services at Washingtonville Middle School for middle school students needing these services.

SERVICES OFFERED AT THE WASHINGTONVILLE MIDDLE SCHOOL SATELLITE MENTAL HEALTH CLINIC:

Individual Therapy
Family Therapy

Additional Services

Additional services offered at Newburgh Child and Family Outpatient Clinic
Or
Via telehealth:

Psychiatric Evaluation
Medication Therapy

Located at:
141 Broadway
Newburgh, NY 12250

APPOINTMENTS

Therapy appointments will be offered during the school day, after school, and in the evening. The therapist will work to accommodate the scheduling needs of students and their families.
