Special Note

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. The story is harder to tell this year as the COVID-19 pandemic significantly impacted our schools and the data we collect. As a result, statewide assessment and attendance data cannot be compared to prior years and are not shown here. We have included links to our website where you can view the 2020-21 statewide assessment and attendance data and read a detailed description of how these data were impacted. We're thankful for your partnership as we focus on care, connection and the creation of safe, inclusive and supportive learning environments.

School Goals

Our school strives to graduate all students by ensuring that all freshman are on track, and by monitoring and promoting good attendance habits for every student. Through our Freshman Seminar classes we work with all freshman to foster good study and attendance habits. Due to this work, we have seen students be more successful and prepared for the challenges of high school.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our school strives to ensure all students and their families feel safe and welcome as we assist every student in being successful. We are committed to provide equitable and inclusive environments bringing out the best in each student. All communications are sent to parents either via email or hard copy. Interpreters are provided for parent conferences and other school meetings as needed.
