Access to Healthcare Without Having To Leave School

NorthShore Health Centers has partnered with your school to provide medical care for your child during school hours.

- Diagnosis and Treatment For Acute Illnesses and Minor Injuries
- Limited Laboratory Testing
- Management Of Existing Medical Conditions
- Wellness Exams
- Sports Physicals

Care for your child will be provided by a licensed healthcare provider, either in-person or by telemedicine.

Once written consent is signed by a parent/guardian, students can be treated during the school day without having to leave campus.

Your insurance will be billed for services provided in the clinic. If you do not have insurance or Medicaid coverage, services will be provided on a sliding fee scale that is based on the student's income.

Available **In-Person** Monday – Friday
