

Questions and Answers

1. I am contacting you to get info on RFP-25-011 AO that shows to be open. I am a fence contractor and would like to Quote the Procurement, build of the fence in question. I am looking for drawings or details on:

How many LF is fencing

How many gates

How many walk in gates

Fence materials specifics

I show quote is due 1/27/25 if this is correct.

ANSWER: RFP-25-011 AO is specifically for the procurement of maintenance materials, parts, and supplies. This is a catalog bid intended to cover any supplies the district may need over the next five years. This solicitation does not pertain to any specific fencing project being built, and therefore, no project-specific details such as linear footage, number of gates, or material specifications are included.

2. Are you in need of Masonry Fence or Rod Iron?

ANSWER: The district will require both masonry fences and wrought iron fences, as well as any other types of fencing materials that vendors can provide. This catalog bid is intended to cover a variety of fencing materials and supplies that may be needed over the next five years.

3. I do not see anywhere that shows fence layouts with the specs required for each school. Is there someone that I can call to discuss?

ANSWER: RFP-25-011 AO is specifically for the procurement of maintenance materials, parts, and supplies. This is a catalog bid intended to cover any supplies the district may need over the next five years. It does not include fence layouts, specifications, or details for specific schools, as this is not related to a construction or installation project.
