Cougar Country Sutter Middle School

Hello 5th grade families. It is likely that you are both anxious and excited about transitioning to middle school. We definitely want everything to go as smoothly as possible for you. In order to ensure this, we have listed some steps below to assist you with navigating the registration/elective selection process.

Step 1: Complete the steps on the envelope provided by your elementary school. Be sure to include all requested paperwork in the envelope and return the envelope to your elementary school by **February 14th**.

Step 2: Attend SMS's Parent Orientation Night on **Wednesday, February 12th at 6PM**. The presentation will be held in the Multipurpose room. Parents interested in our STEM program should remain for a special STEM presentation which will occur right after the orientation. Additionally, if you have a child on an IEP, you are welcome to stop by our library prior to the presentation at **5:30 PM** to learn more about our Special Education program.

Step 3: Register your student via your PowerSchool Parent Portal. Registration is **March 3rd-March 31st**. If you cannot access your PowerSchool Parent portal please connect with your child's elementary school.

Directions for completing this step

Log onto your PowerSchool Parent Account.

Select "Student Registration" on the left hand side of the screen.

Current student information will be displayed. Make changes/additions if applicable and submit.

Once submitted you will no longer be able to edit your student's information.

Step 4: Complete the online Elective Selection form to choose your child's elective. The form will be accessible on the SMS website **March 3rd-March 10th**.

Families interested in learning more about English and math opportunities and electives should visit the SMS website, **fcusd.org/sms**, for more information.
