

Farm Fresh Challenge

HOME GROWN & HEALTHY:
CREATING A FARM FRESH GENERATION

Dallas ISD Earns Cream of the Crop Recognition!

We are thrilled to share that Dallas ISD's Food and Child Nutrition Services has been awarded the prestigious Cream of the Crop Recognition for our outstanding participation in the 2024 Farm Fresh Challenge!

This honor celebrates our dedication to:

- **Supporting Local Farmers:** By incorporating locally sourced ingredients into our school menus, we bring the best of Texas agriculture to students' plates.
- **Educating Students:** Through engaging programs and initiatives, we teach students the value of fresh, healthy foods and their role in a balanced diet.
- **Promoting Health and Well-being:** Our commitment to providing nutritious meals goes hand in hand with fostering lifelong healthy habits.

The 2024 Farm Fresh Challenge provided a unique opportunity to highlight the hard work of our team, from creative menu planning to ensuring every meal is prepared with care. This achievement would not have been possible without the collaboration of local farmers, cafeteria staff, and educators who share our passion for nourishing young minds and bodies.

Thank you to everyone who contributed to making this accomplishment a reality. Together, we are shaping a healthier future for our students while celebrating the rich agricultural heritage of Texas.

Stay tuned for more updates on our initiatives, and join us as we continue to support local food systems and inspire healthy eating habits!
