VII. Superintendent Report/Discussion

VII.a. Policy Updates

Two of them (GDE-DGF and GCE-GCF) have changes to age related questions during the hiring process and are required to be updated by law that was passed.

One of them (JICA) is surrounding graduation attire and what is allowable at graduations. This is also a change that is mandated by law, students are able to wear clothing that represents their backgrounds and cultures.

One of them (ACA) is brand new and is also required by law. It focuses on preferred names for students.

The last one (JIHC) is regarding the use of metal detectors at school. There has always been a policy in affect for metal detectors for the use of weapon detection, but we are looking at adding for the use of tobacco product searches as well. Vaping in our high school, and somewhat in the middle school, are still concerns, and we want to make a serious effort and send the message to students that 1) they are not good for your health, and 2) leave

them at home. This coupled with our vape detectors will help to reduce the amount of vapes that are being carried into our schools.

VII.b. Remote Learning Feedback

The district held its first remote learning days in November. A survey was conducted, with participation from 91 parents or community partners and 263 students, yielding valuable insights. Approximately 73-75% of respondents agreed that the district performed well during this period.

Key takeaways for administrative review include extending teacher availability, identifying technology needs, and ensuring expectations are clear and aligned to avoid assigning excessive workloads (e.g., two hours of work per teacher). Moving forward, the next remote learning initiative will include elementary school students, and another survey will be conducted to gather additional feedback.

VIII. Adoption of Consent Agenda

I recommend we approve the consent agenda as presented. This motion, made by Mary O'Malley and seconded by Ms Diana Elliott, Carried.

Student Dress Code	JICA
Adopted:	Revision:
	<u>January 2023 October 2024</u>

A safe and disciplined learning environment is essential to a quality educational program. District-wide standards on student attire are intended to help students concentrate on schoolwork, reduce discipline problems, and improve school order and safety. The Board recognizes that students have a right to express themselves through dress and personal appearance; however, students shall not wear apparel that is deemed disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school.

Any student deemed in violation of the dress code shall be required to change into appropriate clothing or make arrangements to have appropriate clothing brought to school immediately. In this case, there shall be no further penalty.

If the student cannot promptly obtain appropriate clothing, on the first offense, the student shall be given a written warning and an administrator shall notify the student's parents/guardians. On the second offense, the student shall remain in the administrative office for the day and do schoolwork and a conference with parents/guardians shall be held. This violation shall be considered as an unexcused absence. On the third offense, the student may be subject to suspension or other disciplinary action as outlined in the school discipline code.

Unacceptable Items

The following items are deemed disruptive to the classroom environment or to the maintenance of a safe and orderly school and are not acceptable in school buildings, on school grounds, or at school activities:

1. Shorts, dresses, skirts or other similar clothing shorter than mid-thigh length
2. Sunglasses and/or hats worn inside the building
3. Inappropriately sheer, tight or low-cut clothing (e.g., midriffs, halter tops, backless clothing, tube tops, garments made of fishnet, mesh or similar material, muscle tops, etc.) that bare or expose traditionally private parts of the body including, but not limited to, the stomach, buttocks, back and breasts
4. Tank tops or other similar clothing with straps narrower than 1.5 inches in width
5. Any clothing, paraphernalia, grooming, jewelry, hair coloring, accessories, or body adornments that are or contain any advertisement, symbols, words, slogans, patches, or pictures that:
 - A. Refer to drugs, tobacco, alcohol, or weapons
 - B. Are of a sexual nature
 - C. By virtue of color, arrangement, trademark, or other attribute denote membership in gangs which advocate drug use, violence, or disruptive behavior

- D. Are obscene, profane, vulgar, lewd, or legally libelous
- E. Threaten the safety or welfare of any person
- F. Promote any activity prohibited by the student code of conduct
- G. Otherwise disrupt the teaching-learning process

Graduation Adornment

Graduating students are expected to wear the attire customarily worn for graduation ceremony at their school, with the specific exceptions outlined below.

A student may adorn the cap, gown, or stole customarily worn at their school with traditional objects of tribal regalia and/or objects of cultural or religious significance. Adornments are something worn in addition to, but not replacing, graduation attire, and are not limited to decorating graduation caps. Tribal regalia or objects of cultural or religious significance means formal attire used in recognized practices and traditions of a certain group of people. Adornments cannot include any alphabetical letters other than the student's name or numerals other than the graduating class (e.g. Class of 2024). Other written statements, phrases, or slogans are not permitted.

Students may be required to request permission to wear an adornment in advance, and the district reserves the right to prohibit any adornments that are obscene, defamatory, fraudulent, profane, threatening, inappropriate, or disruptive or violate the dress code in any other manner. If it is determined that the adornment would cause substantial disruption based on reliable evidence, the student's request may be denied. Students who wear adornments that have not been approved may be required to remove the adornment if the adornment is substantially disruptive.

Exceptions

Appropriate athletic clothing may be worn in physical education classes. Clothing normally worn when participating in school-sponsored extra-curricular or sports activities (such as cheerleading uniforms and the like) may be worn to school when approved by the sponsor or coach.

Building principals, in conjunction with the school accountability committee, may develop and adopt school-specific dress codes that are consistent with this policy.

Unless otherwise required by law, the final selection for nomination will be made only by the superintendent.

Appointment of candidates

Nominations will be made at meetings of the Board of Education. Strasburg 31J District ICAP Plan

The **Individual Career and Academic Plan (ICAP)** is a multi-year process that intentionally guides students and families in the exploration of career, academic and postsecondary opportunities. With the support of adults, students develop the awareness, knowledge, attitudes, and skills to create their own meaningful and powerful pathways to be career and college ready.

When students complete a Meaningful ICAP process, they:

- Connect the relevance of education to future aspirations
- Are more motivated to attend school and stay engaged
- Become confident learners who can actively set goals
- Make secondary and postsecondary course plans to pursue career and life goals
- Are able to articulate their transferable skills and apply knowledge about how their actions today connect with their goals

Colorado Expectations for Individual Career and Academic Planning (ICAP)

In 2009, [Senate Bill 09-256](#) was enacted into law with a requirement that by September 2011, all students grades 9 - 12 would have access to a process within their high school to create and manage an individual career and academic plan (ICAP.) The intent of the [Colorado Revised Statutes 2020](#) provision in the legislation is to decrease dropout rates and increase graduation rates. This should be accomplished by assisting students in developing and maintaining a personalized postsecondary career and educational plan that ensures readiness for postsecondary and workforce success.

[ICAP Toolkit | Colorado Department of Education](#)

- **The ICAP must include (but should not be limited to):**
 - Grades 9-12
 - career and college interest surveys,
 - written postsecondary and workforce goals, intermediate benchmarks and data reflecting progress toward those goals,
 - scores on assessments,
 - experiences in service learning and/or work environments,
 - activities that establish connections between school-based instruction and the world of work,
 - an intentional sequence of courses that reflect progress toward the
 - postsecondary goal, academic progress, college application(s), a resume or alternative work-based applications
 - an understanding of the financial impact of life after high school, including an education.

Policy:	File:
Name Changes	ACA
Adopted:	Revision:

This policy outlines the process by which students may change the name they are referred to at school to align with their gender identity. Students may choose to be identified in school by the first name that they have designated in accordance with this policy, and may request a change to their name or gender on their official student record through regulation JRA/JRC-R.

Definitions

- a. **“Chosen Name”** as defined in Colorado law, is any name a student requests to be known as that differs from the student’s legal name, to reflect the student’s gender identity.
- b. **“Legal Name”** is an individual’s legal name as it appears on official government documents such as licenses, passports, and birth certificate.

Use of a Chosen Name or Preferred First Name

The Board directs the superintendent to establish procedures allowing students to inform the school of their chosen name (or a preferred first name such as a nickname) without altering their official name in school records. Students will not be required to provide proof of a legal name change to select a chosen or preferred name for use at school and during extracurricular activities, and do not legally need parental approval. However, parents will be notified of their student’s name change request.

Personnel must strive to use the chosen or preferred name of all students. The district understands that honest mistakes may occur, but the intentional or knowing refusal to use a student’s chosen name (for example, intentionally referring to the student by their legal name, another name that does not correspond to the student’s gender identity, or avoiding use of their name) is prohibited under this policy and under Colorado law.

The district reserves the right to deny a preferred first name if it is vulgar or offensive, obscene, or is used for misrepresentation.

Name Changes on Official Student Records

The district is required to maintain a permanent student record (“official record”) that includes a student’s name and gender. Students or parents who wish to alter the student’s name or gender must follow the process in JRA/JRC-R. The district will not

process a name change on a student's official record without a parent signature or a court order.

Students who request a name change that is different from their legal first name agree that the designated name is, or will be, truly used to identify themselves. A name change cannot be used for any illegal purpose.

Disclosure to Third Parties

Information about a transgender student's gender identity, legal name, or sex assigned at birth may constitute confidential personally identifiable information. Disclosing transgender status to students, staff, or third parties may violate privacy laws, such as the federal Family Educational Rights and Privacy Act (FERPA). Accordingly, the district will work with students and their families to keep personally identifiable information related to gender identity confidential in accordance with state and federal privacy laws.

In situations where school staff or administrators are required by law to use or to report the legal name or biological sex of a student who is transgender but whose official record has not been amended, school staff and administrators must adopt practices to avoid the inadvertent disclosure of such confidential information.

Background checks

Prior to hiring any person, in accordance with state law the district must conduct background checks with the Colorado Department of Education and previous employers regarding the applicant's fitness for employment. Unless otherwise required by law, the final selection for nomination will be made only by the superintendent.

Appointment of candidates

Nominations will be made at meetings of the Board of Education. The vote of a majority of the Board is necessary to approve the appointment of teachers, administrators, or any other employee of the school district. Policy:	File:
Student Dress Code	JICA
Adopted:	Revision:
	October 2024

A safe and disciplined learning environment is essential to a quality educational program. District-wide standards on student attire are intended to help students concentrate on schoolwork, reduce discipline problems, and improve school order and safety. The Board recognizes that students have a right to express themselves through dress and personal appearance; however, students shall not wear apparel that is deemed disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school.

Any student deemed in violation of the dress code shall be required to change into appropriate clothing or make arrangements to have appropriate clothing brought to school immediately. In this case, there shall be no further penalty.

If the student cannot promptly obtain appropriate clothing, on the first offense, the student shall be given a written warning and an administrator shall notify the student's parents/guardians. On the second offense, the student shall remain in the administrative office for the day and do schoolwork and a conference with parents/guardians shall be held. This violation shall be considered as an unexcused absence. On the third offense, the student may be subject to suspension or other disciplinary action as outlined in the school discipline code.

Unacceptable Items

The following items are deemed disruptive to the classroom environment or to the maintenance of a safe and orderly school and are not acceptable in school buildings, on school grounds, or at school activities:

1. Shorts, dresses, skirts or other similar clothing shorter than mid-thigh length
2. Sunglasses and/or hats worn inside the building
3. Inappropriately sheer, tight or low-cut clothing (e.g., midriffs, halter tops, backless clothing, tube tops, garments made of fishnet, mesh or similar material, muscle tops, etc.) that bare or expose traditionally private parts of the body including, but not limited to, the stomach, buttocks, back and breasts
4. Tank tops or other similar clothing with straps narrower than 1.5 inches in width
5. Any clothing, paraphernalia, grooming, jewelry, hair coloring, accessories, or body adornments that are or contain any advertisement, symbols, words, slogans, patches, or pictures that:
 - A. Refer to drugs, tobacco, alcohol, or weapons
 - B. Are of a sexual nature
 - C. By virtue of color, arrangement, trademark, or other attribute denote membership in gangs which advocate drug use, violence, or disruptive behavior

- D. Are obscene, profane, vulgar, lewd, or legally libelous
- E. Threaten the safety or welfare of any person
- F. Promote any activity prohibited by the student code of conduct
- G. Otherwise disrupt the teaching-learning process

Graduation Adornment

Graduating students are expected to wear the attire customarily worn for graduation ceremony at their school, with the specific exceptions outlined below.

A student may adorn the cap, gown, or stole customarily worn at their school with traditional objects of tribal regalia and/or objects of cultural or religious significance. Adornments are something worn in addition to, but not replacing, graduation attire, and are not limited to decorating graduation caps. Tribal regalia or objects of cultural or religious significance means formal attire used in recognized practices and traditions of a certain group of people. Adornments cannot include any alphabetical letters other than the student's name or numerals other than the graduating class (e.g. Class of 2024). Other written statements, phrases, or slogans are not permitted.

Students may be required to request permission to wear an adornment in advance, and the district reserves the right to prohibit any adornments that are obscene, defamatory, fraudulent, profane, threatening, inappropriate, or disruptive or violate the dress code in any other manner. If it is determined that the adornment would cause substantial disruption based on reliable evidence, the student's request may be denied. Students who wear adornments that have not been approved may be required to remove the adornment if the adornment is substantially disruptive.

Exceptions

Appropriate athletic clothing may be worn in physical education classes. Clothing normally worn when participating in school-sponsored extra-curricular or sports activities (such as cheerleading uniforms and the like) may be worn to school when approved by the sponsor or coach.

Building principals, in conjunction with the school accountability committee, may develop and adopt school-specific dress codes that are consistent with this policy.

Name Changes	ACA
Adopted:	Revision:

This policy outlines the process by which students may change the name they are referred to at school to align with their gender identity. Students may choose to be identified in school by the first name that they have designated in accordance with this policy, and may request a change to their name or gender on their official student record through regulation JRA/JRC-R.

Definitions

- a. **“Chosen Name”** as defined in Colorado law, is any name a student requests to be known as that differs from the student’s legal name, to reflect the student’s gender identity.
- b. **“Legal Name”** is an individual’s legal name as it appears on official government documents such as licenses, passports, and birth certificate.

Use of a Chosen Name or Preferred First Name

The Board directs the superintendent to establish procedures allowing students to inform the school of their chosen name (or a preferred first name such as a nickname) without altering their official name in school records. Students will not be required to provide proof of a legal name change to select a chosen or preferred name for use at school and during extracurricular activities, and do not legally need parental approval. However, parents will be notified of their student’s name change request.

Personnel must strive to use the chosen or preferred name of all students. The district understands that honest mistakes may occur, but the intentional or knowing refusal to use a student’s chosen name (for example, intentionally referring to the student by their legal name, another name that does not correspond to the student’s gender identity, or avoiding use of their name) is prohibited under this policy and under Colorado law.

The district reserves the right to deny a preferred first name if it is vulgar or offensive, obscene, or is used for misrepresentation.

Name Changes on Official Student Records

The district is required to maintain a permanent student record (“official record”) that includes a student’s name and gender. Students or parents who wish to alter the student’s name or gender must follow the process in JRA/JRC-R. The district will not

process a name change on a student's official record without a parent signature or a court order.

Students who request a name change that is different from their legal first name agree that the designated name is, or will be, truly used to identify themselves. A name change cannot be used for any illegal purpose.

Disclosure to Third Parties

Information about a transgender student's gender identity, legal name, or sex assigned at birth may constitute confidential personally identifiable information. Disclosing transgender status to students, staff, or third parties may violate privacy laws, such as the federal Family Educational Rights and Privacy Act (FERPA). Accordingly, the district will work with students and their families to keep personally identifiable information related to gender identity confidential in accordance with state and federal privacy laws.

In situations where school staff or administrators are required by law to use or to report the legal name or biological sex of a student who is transgender but whose official record has not been amended, school staff and administrators must adopt practices to avoid the inadvertent disclosure of such confidential information.

At least 30 days prior to submitting an application, the applicant shall complete the intent to apply form (exhibit [LBD*-E](#)) and provide the completed form to the district's designated administrator(s).

Between June 1 and August of the year preceding the proposed opening of the district charter school, the applicant shall submit the application to the district's designated administrator(s). Within 15 days after receiving the application, the district administrator shall review the application to determine whether all components required by law and policy have been addressed and if the application is deemed incomplete, the district administrator will document the missing components in a written notice to the applicant within the 15 day period. Applicants shall be allowed 15 days from the date of receipt of such notification to provide the missing information. Alternatively, the applicant may elect to withdraw the application or submit a complete application in a future year.

If the application is deemed complete, the district administrator will indicate the date the applicant filed the initial application and forward the application to the district accountability committee.

The district accountability committee shall review an application before submission to the Board. The committee must include one person, who need not reside in the district, with knowledge of district charter schools and one parent of a student in the district. The Board shall not accept or consider an incomplete application nor shall the Board take action on an application if the information deemed necessary by district administration to complete the application is not received within the 15 day period allowed by state law. Statutory timelines for Board action upon a complete district charter application shall commence when the district's designated administrator(s) receives the initial charter application from the charter applicant. The parties may mutually agree to waive any deadlines during the application process, including extending the deadline for Board consideration of the application.

Public meetings

After giving reasonable notice, the Board shall schedule and hold community meetings in the affected areas or the entire district to obtain information to assist the Board to make a decision about the district charter school application.

Decision on the district charter application

The Board must make a decision on a complete district charter school application by resolution in a regular or special Board meeting by October 15 of the year the charter application was received or such deadline as may be mutually agreed upon by the Board and the applicant. The Board may approve, approve with conditions, or deny the district charter application.

The Board may unilaterally impose conditions on a district charter school applicant only through adoption of a Board resolution. Such resolution must, at a minimum, state the Board's reasons for imposing the conditions unilaterally.

If the application is approved with conditions, the applicant must satisfy all conditions before the Board may approve the application. An applicant's failure to satisfy all of the Board's conditions shall result in the Board's denial of the application.

If the application is approved, the district charter shall be granted for a period of at least four academic years.

If the application is denied or if the Board does not review the application, the Board will set forth in writing the grounds for denial or refusal to review. The Board must notify the Colorado Department of Education of the denial and the reasons within 15 days after it makes this decision. If the application is approved, the Board must send a copy of the approved district charter to the Department of Education within 15 days after Board approval of the application.

Negotiations

All negotiations between the Board and an approved district charter school on the district charter agreement must be concluded by and all terms agreed upon by September 30, or no later than 90 days after the Board resolution approving the district charter application, whichever is later.

B. Annual performance review of district charter

The district's administration shall create a process for and ensure an annual review of the district charter school's performance.

At a minimum, the review must include the district charter school's progress toward meeting the objectives of its accreditation plan and the results of the district charter school's most recent annual financial audit.

If the district charter school is required to implement a turnaround plan for a second consecutive school year, it must also present the turnaround plan, a summary of changes made to improve its performance, and evidence that it is making sufficient improvement to attain a higher accreditation category within two school years or sooner.

The district charter school shall receive written feedback from the annual review and a copy shall be given to the Board for consideration in any decision to renew, revoke, or renegotiate the district charter.

C. Renewal of a district charter

Each district charter must be provided a copy of these renewal procedures and timelines and receive a copy of any subsequent revisions to the procedures or timelines.

The governing body of a district charter school must submit a renewal application to the Board no later than December 1 of the year prior to the year in which the district charter expires.

The renewal application must contain a complete report on the progress of the school in achieving the goals, objectives, student performance standards, academic standards, targets for the measures used to determine the levels of attainment of the accreditation performance indicators, and other terms of the district charter contract and the results achieved by the district charter school students on state assessments.

The renewal application must also include a financial statement that discloses the costs of administration, instruction and other spending categories for the school; and any information or materials resulting from the district's annual review of the district charter school.

The Board must rule by resolution on the renewal application no later than February 1 of the year in which the district charter expires or by a mutually agreed upon date.

D. Revocation of a district charter

A district charter may be revoked or not renewed by the Board if the Board determines that the district charter school did any of the following:

1. Committed a material violation of any of the conditions, standards or procedures in the contract;
2. Failed to meet or make adequate progress toward achievement of the goals, objectives, academic standards, pupil performance standards, targets for the measures used to determine the levels of attainment of the student performance indicators, applicable federal requirements, or other terms identified in the contract;
3. Failed to make sufficient improvement to attain an accreditation category higher than turnaround status within two school years or if the district charter school is required to implement a turnaround plan for a third consecutive school year;

4. Failed to meet generally accepted standards of fiscal management; or

5. Violated any provision of law from which the district charter school is not specifically exempt.

The school district administration must provide the Board and district charter school a written recommendation concerning whether to revoke or renew the district charter, including reasons supporting the recommendation. The recommendation must be submitted at least 15 days prior to the date the Board will consider action to revoke or renew the district charter.

If the Board revokes or does not renew a district charter, the Board must state its reasons for doing so in writing.

E. Closure of a district charter school

Following nonrenewal or revocation of a district charter school's charter, the school district must, when practicable, allow the district charter school to continue to operate through the end of the school year. However, if the Board determines it is necessary to close the district charter school prior to the end of the school year, the school district must work with the district charter school to determine an earlier closure date.

The school district must work with the parents of students enrolled in the district charter school to ensure that students are enrolled in schools that meet their educational needs, whether such enrollment need happen mid-year or at the end of a school year.

The school district must also work with the district charter school to ensure the district charter school meets its financial, legal and reporting obligations during the period of time that the district charter school is concluding its operations.

A district charter school has standing to sue and be sued in its own name for the enforcement of any contract it is authorized by law to enter into.

Enrollment is open to any child who resides within the school district or in contiguous school districts and who meets the criteria in the district charter application. However, no district charter school is required to make alterations in the structure of its facility or the arrangement or function of rooms within the facility except as may be required by state or federal law. The majority of the district charter school's students, other than online students, must reside in the school district or in contiguous school districts. Students participating in any online program offered by the district charter school are not required to reside in the district or contiguous districts and there is no restriction on the number of online students that may enroll in any online program offered by the district charter school. The contract must reflect all agreements between the district and the district charter school including the waiver of local district policies and the waiver of statutory requirements or rules by the State Board of Education.

A district charter school must comply with all the state financial and budget rules, regulations and financial reporting requirements with which the school district is required to comply.

A district charter school is responsible for its own operation including but not limited to preparation of a budget, contracting for services, and personnel matters. Services for which a district charter school contracts with the school district will be negotiated and provided at district cost. No rent will be charged for use of district facilities which may be available for the district charter school. Any moneys received by a district charter school from any source that remain at the end of any budget year will remain in the district charter school account for use by the district charter school in subsequent years.

A district charter school may offer any educational program that may be offered by a school district, including an online program, unless expressly prohibited by its district charter or by state law.

The Board encourages district charter applicants to develop an educational program to serve the needs of students considered "at-risk" academically as evidenced by poor performance on the state assessments, among other things.

If the board approves a district charter school's application, a district charter school will use the fiscal year, July 1 to June 30, following the submission of their charter application as a planning year. A district charter school will begin in the fall of the fiscal year following the planning year, unless the Board and applicant agree an alternate starting date. A district charter school will begin in the fall following the date the application is approved, unless another starting time is agreed upon by the Board and the applicant.

The period for which a new district charter may be approved is a minimum of four academic years. Renewal of a district charter must be for specified periods of time.
