Four Pillars of Community Schools

COMMUNITY SCHOOL STEERING COMMITTEE (CSSC)

Dear Parents and Guardians,

I hope this letter finds you well! We are excited to invite you to join our school's Community Schools Steering Committee. For the upcoming school year. At Natomas High School, we encourage our parents to be partners in their student's education.

Our Community Schools initiative is dedicated to creating a nurturing and supportive environment where students, families and the community can thrive together.

Community Schools is a holistic approach to education that integrates academics, health and social services, youth and community development, and community engagement. This model transforms our schools into hubs of opportunity, addressing the comprehensive needs of our students and families.

A community school is a “Whole Student”

- 1.Integrated student supports
