

North Cache Middle School
School Community Council
2/9/22 Agenda

Welcome: John Anderson

Roll Call: Julie Williams, Teri Rhoes, Kathy Christiansen, Annette West, Ruthie Hamilton, Kade Hendricks, Ruth Seedall.

Minutes: Mike Summers

Motion to Approve: Everyone approved

Current Plan & Budget Review:

- ***John Anderson: Visited with Ann Hunt. She indicated that we are doing great with the budgets.***
- ***Greatest concern is salaries and Ann indicated that we are right on target.***
- ***Professional development budget is getting eaten up. The 3 screens assembly is using some of the budget, and the charge for the assembly came in under budget. The kids seemed to like the 3 screens assembly.***
- ***Holding on \$6000 dollars in contracted services because we couldn't get a Vista teacher this year.***
- ***We were able to order a cart full of chromebooks that took some money out of the technology budget.***

Draft our 22-23 School Land Trust Plan

- ***John shared a handout of the DRAFTED 2022-2023 School Land Trust Plan. John went all of the way back to 2018 and compared those scores to 2021. There was discussion about our schools RISE scores and compared them to the rest of the state. Discussion about the dedication of North Cache Staff and board members expressed appreciation.***
- ***Discussion about the purpose of the goal for the plan while trying to determine the number for the proficiencies.***
- ***John proposed that we ask for 1% growth from our best previous score. The team agreed that it would be most appropriate for us to look at the best historical number from RISE as the standard to measure against.***
- ***Discussion about the cost of the AMP program and salaries associated with that.***
- ***Other schools are using their trustlands money to "buy" another teacher to diminish class sizes. (Everyone agreed that it is a valuable program that needs to continue)***
- ***Everyone agreed that the proposed plan looks good so far.***

Council member asked about the 8th grade Yellowstone trip. Mr. Anderson indicated that the Yellowstone trip will not happen this year.

2/9/22 Agenda

Discussion about the new schedule with the 45 minute prep time at the end of the day. Mixed feelings. District has indicated that they will evaluate number at the end of the trimester to determine if they should continue with adjusted schedule.
