2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Rivera Elementary School first opened to serve Pre-K through 6th-grade students in 2015 after the construction of 18 classrooms (6 in each of three classroom buildings) on the eastern portion of a 22-acre site originally designed for Rivera Middle School. The site provides administration and health services office spaces and the library within a converted original classroom building built in 1968 for the adjacent Rivera Middle School. The site shares a large portable band room (built in 2015) 5 of the 9 classrooms in buildings M and N (built in 1968), and three linked parking lots with Rivera Middle School. Additionally, Rivera students are housed in 10 portables (including 3 added to the site in 2018 and 2 older portables located on the Rivera Middle School campus to accommodate steadily increasing enrollment projected to continue. In 2018-19, the cafeteria interior was repainted, and exterior signage upgrades were installed. In 2021, re-roofing of multi-purpose/cafeteria, administration office/library, and “N” classroom buildings, and classroom technology upgrades in 30 of the 32 classrooms used for instruction and band. Also, the construction of two confidential office spaces to house added counseling, intervention, and speech therapy staff inside one large portable, as well as new furnishings, was completed. Planned improvements include the replacement of two play-equipment structures with three new play structures with built-in shade features and upgraded fall-safe surfacing. The District is exploring alternative solutions to reduce the excessively high and projected increase in student enrollment. To adequately provide instructional and support services, not just additional housing for students and staff, the school’s maximum capacity infrastructure (e.g. kitchen/food service, restrooms, play areas, cafeteria seating) will be served by either attendance boundary adjustments or grade-level configuration changes. The School Facility inspection occurred on 12/30/24.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Though participation looks different this year due to the COVID-19 pandemic, we are actively exploring ways for parents to stay involved and connected. The staff of Rivera Elementary School uses a professional learning community approach to providing a rigorous core curriculum for our students. It is also our mission to employ our students' primary teachers, and their parents as an integral part of this team. We recognize the importance of this team approach and encourage all parents/guardians to participate in the following opportunities in order to better serve their children in conjunction with the academic course. We inform our parents of these opportunities in English and Spanish the following ways; Weekly and special Parent Square phone calls, flyers, newsletters, and parent board notices.

- Back to School Night
- Parent Teacher Conferences
- Problem-Solving Team and/or Individual Education Plan Meetings as needed
- Classroom volunteers
- School Site Council
- English Learners Advisory Committee
- A parent from each school site is selected to represent the school as a member of the LCAP PAC
- Local Control Accountability Plan (LCAP) AdHoc Committees
- Parent Teacher Club
- Family Movie Nights
- Parent Education Activities

other people who may be interested in the prevention of campus crime and violence. As defined by Education Code 32280, a safety plan is a plan to develop strategies aimed at the prevention of, and education about, potential violence on the school campus. The Comprehensive School Safety Plan also addresses appropriate strategies that will provide or maintain a high level of school safety and addresses the school's procedures for complying with existing laws related to school safety. This includes topics such as disaster procedures, bullying, fire and other safety drills, procedures that ensure students have access to a safe place to learn, and more. The Comprehensive School Safety Plan was reviewed, updated, and discussed with school faculty by January 2025.

Professional Development

Over the past year, the Merced City School District (MCSD) has provided comprehensive professional development to all certificated staff, administrators, and instructional assistants, ensuring ongoing support for teaching and learning. This development aligns with the district's mission to deliver high-quality instruction, promote mastery of academics, nurture student confidence, and foster inclusive learning environments. It also directly supports the district's Key Areas of Focus: Academic

Professional Development

Achievement, a Strengths-Based Approach, and Collaborating in Service to Students.

This school year, MCSD has committed over one hundred days to high-quality staff development, reinforcing our dedication to continuous growth and improvement. The professional learning sessions have been accompanied by practical modeling, demonstrations, and follow-up with observation, coaching, and feedback. These efforts have been carried out across our fourteen elementary schools, four middle schools, thirteen preschools, and the Community Day School, ensuring a broad district-wide impact.

A key focus of this year's professional development has been the implementation of evidence-based strategies, particularly in structured reading, grounded in the Science of Reading principles. This emphasis aims to strengthen both Tier 1/Core instruction and Tier 2/Intervention across all grade levels and subject areas. By enhancing foundational reading skills and providing targeted interventions, MCSD aims to support improved academic outcomes for all students, ensuring a solid academic foundation and continued progress throughout the year.

This table displays the number of school days dedicated to staff development and continuous improvement.
