2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Welcome to Vallejo Charter School. We are a unique learning environment for students in Transitional Kindergarten - 8th grade that was founded in 2007 by Vallejo community members. We are part of the Vallejo City Unified School District and home to approximately 353 students.

Vallejo Charter School is an EL Education School. Formerly called Expeditionary Learning, EL schools are based on the three Dimensions of student achievement: Mastery of Knowledge and Skills, Character, and High-Quality Work. Within those dimensions, learning is challenging, learning is active, learning is meaningful, learning is collaborative, and learning is public. Students participate in four grade-level interdisciplinary modules each year that progress from building background knowledge through research and culminate in an authentic final product for each module. Throughout their educational journey, students are working to become effective learners, ethical people, and contributors to a better world. In the EL Education model, arts are celebrated as a central aspect of learning and life. Students at Vallejo Charter School participate in an hour of visual and an hour of performing arts each week. Our professional artist-teachers collaborate with the module teachers to create meaningful integrated projects that complement the class work.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)

Teachers Without Credentials and Misassignments ("ineffective" under ESSA)						
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)						
Unknown/Incomplete/NA						
Total Teaching Positions						

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks are from the most recent adoption. There are sufficient textbooks and instructional materials for each student. Supplemental materials are utilized to support student interventions and are outlined in the School Plan for Student Achievement. All textbooks are selected from the most recent list of standards-based materials by the State Board of Education (SBE). 100% of students have their own assigned textbook and instructional materials. EL materials are also available.

School Facility Conditions and Planned Improvements

VCS is located on the former Springstowne Middle School site. The school has permanent buildings that house our classrooms, visual and performing arts, and childcare. There is a full-size gym. The school has wireless internet that services students and staff one-on-one Chromebooks.

The custodial staff at VCS keeps the school clean of debris and vandalism. The VCUSD Maintenance and Grounds Departments periodically visit the VCS site to ensure that the grounds and facilities are in full working order. Needed repairs are posted in the district work order system, and VCUSD staff report to our campus to complete any necessary repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Our parents are valued partners and advocates for the success of our students and school programs. Parents have several opportunities to become involved at school. We encourage parents to take an active role in our Parent Teacher Organization (PTO), monthly community crew, our Charter Council, and/or our English Learners Advisory Council (ELAC). We also invite parents to volunteer their time by providing assistance in classrooms, in our library, and on the playground. Our students in grades 5 and 8 sometimes participate in off-site camps for which we rely on our families to support through fundraising events and chaperoning. We have winter and spring Celebrations of Arts and culture, at which parent volunteers are relied on. We also recruit family and community members to be panelists in our 8th-grade passages presentations.

Please contact the school at (707) 556-8620 for information regarding organized opportunities for parental involvement.

2024-25 School Safety Plan

Vallejo Charter School has an active School Safety Committee comprised of the Principal, Office Staff, Custodial Teachers and parents. We are an integral part of our community and collaborate closely alongside the Vallejo City Unified School District, the Vallejo Police Department, and the Vallejo Fire Department. The Site Safety Plan is posted on our website and reviewed, updated, and approved by VCUSDs School Board annually. The plan is shared with all staff at the beginning of the year and reviewed periodically. Students are taught proper steps and protocols at the beginning of the year with periodic reviews.

The school site participates in monthly safety procedures, such as fire drills, shelter-in-place drills, and earthquake drills. During each practice, the exit, transition, and gathering of students is recorded. Our site has a “sweep team” to ensure that all students are accounted for and safe. Emergency kits in the classroom are fully stocked, and all teachers and office staff have updated copies of student emergency cards and contact numbers. Each teacher has a “buddy system” in order to assist one another. Students are also taught how to conduct themselves in an emergency, whether they be in the restroom, on the playground, or in the corridors. Vallejo Charter School also utilizes the Parent Square Telephone Call-Out system to notify parents of any emergencies.

All visitors to VCS are required to check in at the front office, where identification is checked by office staff. All visitors to VCS must sign in and out and wear a name badge at all times. Visitors without name badges are asked to return to the VCS office for proper check-in procedures.

Fiscal Year 2023-24 Types of Services Funded

The Vallejo Charter School receives Federal and State funds to support its programs. While funding is limited, we allocate monies judiciously to support our founding principles. All stakeholders have input into our funding decisions. Funds are distributed to support our EL Education model, as well as the Arts, Teacher Leader, before/after school intervention programs, professional development for staff, and fieldwork for students. Additionally, funds are used to provide release time for teachers to work together in grade-level collaboration teams.

Professional Development

As an EL Education School, it is essential that all staff invest in the mission and vision of Vallejo Charter School. To facilitate this, we hold full-day professional development meetings at the beginning of each year to on-board new members and to offer time for us all to recommit to our philosophy. We contract yearly for the services of a EL school designer. With the school designer and our Instructional Leadership Team, we identify a problem of practice for the focus of our professional development and agree upon learning targets that our teachers will implement. We establish an inquiry cycle for reviewing teacher implementation and examining student data. The process can be a year-long commitment or shorter-term focus

Professional Development

depending upon the cycle of inquiry findings.

Our school designer and teacher leader offer one-on-one coaching on a regular basis.

Classroom walkthroughs are routinely conducted by our Principal, Teacher Leader, Learning Walk Teams and other district personnel, followed by thoughtful, specific feedback occur on a predetermined scheduled timeline to improve teacher efficacy and student outcomes.
