2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Our Mission

Steffan Manor, in partnership with the families and the community, is to promote academic excellence, where all children feel safe, in an engaging learning environment that prepares students for the challenges of the twenty-first century, while also focusing on career readiness, lifelong learning, and promoting global awareness.

Vision

Our Vision is for our diverse learners to be empowered and equipped with the academic and life skills needed to reach their full potential.

Goals & Programs

All Steffan Manor students have a laptop for daily use in their classrooms to utilize key instructional support programs including Reflex Math, Frog Street, and Accelerated Reader. To support our population of English learners, we have implemented a 30-minute block for designated English language development daily to support students in developing their oral language, academic vocabulary, reading, and writing skills. Tutoring is available for struggling students through various tutoring programs on-site and through the content intervention programs run by teachers from Steffan Manor. There is an after-school program

2024-25 School Description and Mission Statement

available to support students and families; it is part of the VCUSD Expanded Learning Program. Steffan Manor is implementing school-wide instructional strategies to improve student talk, reading comprehension, and math. Our instructional strategies include Say Something, Board Math/ Daily Math Review, and annotating text. We are implementing the PAX Good Behavior game as a support to students developing self-regulation skills and supporting our work in social-emotional learning. Since implementing PAX, we have seen a significant drop in incidents of student discipline referrals and suspensions due to our focus on school climate and culture and the social and emotional health of students. We also have implemented Kimochis for our TK-2 program to support Social Emotional Learning.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials			
All textbooks are from the most recent adoption. There are sufficient textbooks and instructional materials for each student. Supplemental materials are utilized to support student interventions and are outlined in the School Plan for Student Achievement. All textbooks are selected from the most recent list of standards-based materials by the State Board of Education (SBE). 100% of students have their own assigned textbook and instructional materials.

School Facility Conditions and Planned Improvements

Our rotunda-style foyer welcomes you with the Four Freedoms inscribed above the passageways. The facility underwent a complete reconstruction in 2003 after a catastrophic fire in 2001. It has four classroom wings and six portable classrooms, including the on-site Child Development Program. Our main structure houses the Multipurpose Room with a stage, a small kitchen, student services offices, and administrative offices. A team of custodians provide daily cleaning. The district’s maintenance and grounds staff provide routine care and upkeep. There are colorful and informative bulletin boards throughout every inch of the hallways and common areas.

Our roofs are regularly inspected and maintained. Also, our interior air filters are replaced annually. Door handles and desktops are sanitized nightly. And any graffiti noted is immediately removed. Our head custodian inspects the playground daily for potentially dangerous objects and removes them before students enter those areas.

All buildings are in good repair. The campus is maintained to ensure that it is clean, safe, and functional. All restrooms are cleaned daily and checked for proper functioning. Our campus is inviting and well-maintained and fully supports a positive teaching and learning environment. A work order process is in place to attend to maintenance and technology issues in a timely manner, with urgent and emergency repairs given priority. We have adequate classroom space, several acres of play areas, a STEAM Lab, and a newly updated staff lounge.

School bonds supported roof repair, ADA upgrades, resurfacing of the play structure, bathroom renovations, and renovation of the MDF room. Summer of 2025 will see upgrades of HVAC systems throughout the school site.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Our parents are valued partners and advocates for the success of our students and school programs. Steffan Manor uses ParentSquare to inform parents about activities that are occurring on campus and upcoming events. Teachers and parents are able to stay connected readily through the use of ParentSquare. Parents have several opportunities to become involved at school. Steffan Manor seeks to engage as many of its parents as possible by informing them of their rights to be involved in school decisions, by joining the School Site Council and English Language Advisory Council. The English Language Advisory Committee is highly influential in the decision-making process and meets monthly. The feedback from these committees helps with the focused outcomes on student achievement, as well as the climate and culture of the school. All parents are also encouraged to sign up to be school volunteers to help with recess monitoring classroom support and other events that we have at Steffan Manor. Steffan Manor has an active Parent Teacher Organization to support school activities and engage parents in school activities and support.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

2024-25 School Safety Plan

Steffan Manor is a well-supervised, safe school. Our discipline rates reflect our goal to provide a safe and effective learning environment. We are a PAX School to improve health, happiness, productivity, and peace. This has been increasing the overall positive climate of the school. Steffan Manor is working with the Vallejo City Unified School District to fill our 3rd-grade vacancy. The Steffan Manor Academic Support Provider, Mental Health Support Provider, and the school psychologist, are on staff to support student needs.

All visitors are required to sign into the office. Volunteers are welcome but must go through the application process, be fingerprinted, and be given a clear TB test.

We regularly practice our safety procedures including drills for emergencies. We have a comprehensive school safety plan which is updated annually by staff, the community, and the District Leadership Team. The plan was most recently updated in October 2024. The plan is reviewed to ensure compliance, including assessment of current school crime statistics, child abuse reporting procedures, disaster procedures, and routine and emergency policies. This comprehensive plan also includes the following information: data related to suspensions and expulsions; required notification to teachers; sexual harassment policy; school-wide dress code; safe ingress and egress of pupils, parents, and staff to and from school; and general rules and procedures for meetings and events.

The most dominant variable in student learning is an effective teacher. To that end, we equip and train our teachers regularly and provide feedback to ensure their success as professional educators of young minds. We also provide personalized professional development through coaching cycles, reflective conversations, and peer observations. Professional development is differentiated and relevant. During student instruction and practice, lessons are differentiated to support student success without compromising the rigor of our Common Core State Standards.

Additionally, every ELD student participates in a 30-minute Support Block where skill gaps and enrichment needs are addressed. Small group instruction occurs throughout classrooms to support all learners where there are gaps in skills. Small groups of students receive tutoring before and after school from credentialed teachers, usually their own classroom teachers.

The Kindergarten and Transitional Kindergarten teachers also tutor students during their adjunct duty. GLAD, Accelerated Reader, field trips, PBIS/ PAX and PAX cafeteria, adult-lead recess games, and music lessons are all additional supports provided through State and Federal funding. We also utilize our designated sub to provide support in reading and math instruction. These programs encourage positive attendance -- the second most important variable in student achievement. As part of GLAD, students are taught self-management, personal standards, and appropriate discourse styles which are all reinforced through PAX/PBIS and Restorative Justice. Teachers often hold weekly community-building and problem-solving

circles, and several teach mindfulness strategies. We also convene Student Success Teams in conjunction with parents/guardians in order to determine, plan, and implement additional interventions for students based on individual needs. (Any caring adult in a child's life may refer a student to the Student Success Team.)

Professional Development

Professional development is occurring regularly at Steffan Manor. Professional Development is planned and coordinated by the principal and the Teacher Leader. Decisions regarding professional development arise from analyzing data from various sources -- performance results, attendance behavior data, observations, and surveys. We also use the district instructional strategies, math, reading by third grade, This gives us a full picture of site needs and an opportunity to examine blind spots. A variety of methods are used in delivering professional development, including after-school workshops, release time, and non-student days. Staff members attend a variety of opportunities at the site and district. Staff also receive one-to-one coaching from administrators. Teachers are observed daily and feedback is given after the observation has taken place. Observers of the teachers include the Principal and the Teacher Leader. During district-scheduled walkthroughs, observers might include multiple principals, directors, as well as coordinators working at the district level. Professional development is directly related to the work happening at the school and is meant to offer teacher feedback to sharpen their instructional skills. Professional development is aligned with site instructional strategies and district instructional priorities.
