

4 Year Academic Planner

Using the Course Selection Guide and Course Offerings Sheet, map out the courses you will need to take as well as the ones you want to take over your next few years of HS. Through your individual meeting with your counselor and conferences with your teachers, you can strike the right balance of courses that are an appropriate challenge for you, and consider your total schedule, including extra-curricular commitments. For more planning information about standardized testing as well as the college application process, see the SHS College Planning Guide.

Grade 9:	Grade 10:	Grade 11:	Grade 12:
English: 4 credits required, Regents Exam in grade 11			
<input type="text"/>	→ <input type="text"/>	→ <input type="text"/>	→ <input type="text"/>
