School Goals

Professional Learning Communities: our staff utilize Wednesday early release days to further develop and implement PLC's within our building and across levels within the district. 9th-grade success team: support all 9th graders in demonstrating behaviors and achieving outcomes academically and socially to maintain on-track to graduate status. MTSS Teams: gather, evaluate, and respond to data representing the whole student population, student subgroups, and individual students in order to ensure all students graduate.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

SHS's effort to provide great customer service to all stakeholders comes from a core belief about having great relationships between staff and all students. SHS sets high expectations, removes barriers to success, and elevates the achievement of all students and our community. By implementing several adult and students leadership teams SHS applied this principle of equity to all policies, programs, operations, practices and resource allocations. SHS also followed ODE guidance based on the RSSL releases.
