2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

|---|---|
| Admission Requirements for the University of California (UC) | Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ . |
| Admission Requirements for the California State University (CSU) | Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ . |

2024-25 School Description and Mission Statement

MILLS HIGH SCHOOL VISION AND MISSION STATEMENT

Our vision at Mills is that students embrace learning for growth. They use the power of creativity, collaborative problem-solving and critical thinking to make a positive impact on our world. The mission of Mills High School is to provide a safe, vibrant and inclusive learning environment that promotes equitable opportunities for all students to achieve academic goals while giving them the tools and resources to access personal growth, well-being and balance.

2024-25 School Description and Mission Statement

School goals align to the district LCAP and include the following:

LCAP Goal #1 Authentic Relationships: Strong, positive and proactive relationships are critical to student success, engagement and success. We believe that relationships and communication between students, families, staff, teachers, administrators are the foundation of a strong school and district culture.

School Goal: Increase staff diversity such that it reflects the diversity of the communities we serve. Ensure every student has at least one strong relationship with an adult on campus and that there are multiple opportunities for family engagement and effective communication.

LCAP Goal #2: Safe and Connected Communities: We are dedicated as a district to creating a welcoming, culturally responsive, and supportive culture and community in our schools and across the district. Effective learning environments are created when students, staff, and families are emotionally, physically, and socially safe.

School Goal: Foster positive and proactive family engagement in supporting our students' social-emotional development, well-being, and learning. Create a safe and supportive community that is restorative, culturally responsive, and inclusive and fosters a culture of upstanding.

LCAP Goal # 3 Inclusive and Relevant Learning for Every Student: Every SMUHSD student is provided with (academic, social, and emotional) learning experiences that are relevant and inclusive. Students have tiered support based on their needs to meet their potential and individual career and college goals.

School Goal: Create engaging, rigorous learning experiences for all students aligned with their identities, experiences, and interests. Build and implement a robust multi-tiered system of support anchored in culturally relevant and responsive pedagogy, curriculum, instruction, and assessment. Ensure all students have access to rigorous coursework aligned to their interests and post-secondary goals.

LCAP Goal #4 Supporting and Empowering Staff: Ensuring that staff have the tools, resources, training and professional learning that promotes positive district culture. Our capacity and collective efficacy as a team ensures our students are served at the highest level.

School Goal: Create and sustain professional learning communities focus on student learning, equity, antiracist teaching and the cycle of inquiry. All staff are trained on addressing implicit/explicit bias, culturally responsive & trauma-informed classroom practice and restorative practices. Teachers engage in high-quality, personalized/differentiated professional learning aligned to each site's Tier I common assurances and school-wide universal supports. Teachers on probationary and temporary status will participate in the Instructional Coaching Program and the SMUHSD Induction Program if they need to clear their credentials. Faculty of color will feel supported and included in our school and collegial community.

School Learning Outcomes (SLOs)

These SLOs were revised as part of our 2024 WASC self-study.

Our students are EPIC:

1. Effective Communicators and Collaborators
2. Positive Contributors to the Community
3. Individuals who are Healthy, Self-Reliant, and Responsible
4. Critical Problem Solvers and Creative Thinkers

WASC Critical Areas of Need

During 2022 - 2024, Mills High School conducted a WASC self-study analyzing data on all aspects of our school and received a six-year accreditation. Divided into cross-disciplinary teams, the Mills faculty and staff analyzed disaggregated achievement data and identified the following Critical Areas of Needs:

CAN #1 - Based on the academic achievement and school climate data, there remains a need for further development as an equity-centered, culturally responsive school that centers on authentic relationships, cultural relevancy, inclusivity, and connection for all students.

CAN #2 - A disproportionate number of our Latine population are identified to receive special education services. This indicates

2024-25 School Description and Mission Statement

a need to focus on Multi-Tiered Systems of Support (MTSS), especially at the Tier 1 and 2 levels.

CAN #3—Mills needs to create learning environments for students that are both rigorous and humanizing, that uplift student voice and promote deep learning and engagement, and that authentically assess student academic growth.

CAN #4—Create inclusive, culturally responsive partnerships with families that recognize each family's unique needs in supporting the whole student.

CAN #5 - Strengthen the structures and protocols for Departments and PLCs to support students, collaborate on lessons, and share student work and assessments that inform teaching and instructional practices.

As a community and among various stakeholders, Mills promotes the mission and vision statement and the SLOs and Action Plan as the heart of our practice. Norms that guide our community and decision-making bodies include our shared community values around patience, justice, kindness, integrity, equity and community.

Decision-making bodies include the Site Leadership Team, the Mills Planning Council (School Site Council), and the Academic Senate (Department Heads). These bodies seek input from various stakeholders in the community, including students, teachers, and parents, to guide our goals and actions as a school and achieve our mission and vision.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

| Authorization/Assignment | School Number | School Percent | District Number | District Percent | State Number | State Percent |
|--|---------------|----------------|-----------------|------------------|--------------|---------------|
| Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned) | 50.20 | 90.49 | 391.50 | 82.79 | 228366.10 | 83.12 |
| Intern Credential Holders Properly Assigned | 0.00 | 0.00 | 0.40 | 0.10 | 4205.90 | 1.53 |

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The passage of Bond Measure D in November 2000 provided \$137.5 million for renovating the district's six comprehensive schools. Measure D renovation projects at Mills High School began in June 2004 and were completed in June 2007. Academic classrooms and science labs were enlarged to meet the district's standard size of 960 square feet. Heating and ventilation systems were upgraded. Teacher workrooms were built to allow for teacher collaboration. The modernization of the school was divided into two phases. Phase one included the renovation of general instruction classrooms, the library, the career center, the culinary arts room, the campus's administrative portions, and the school's front façade. Science labs and general education classrooms were renovated during Phase Two of the project. Faculty and student restrooms were also included in the renovation.

The passage of Measure M in November 2006 provided an additional \$298 million for the renovation of the district's six comprehensive schools. Measure M renovation projects at Mills High School began in the Summer of 2009 with the replacement of student lockers and the installation of air conditioning school-wide. During the 2009 - 2010 school year, the student cafeteria and the locker rooms were renovated. State-of-the-art Biotechnology, Video Production, and Woodworking classrooms opened in the Fall of 2010. Renovations through Measure M also included constructing a new academic building, which opened in the Spring of 2011, and renovating physical education facilities, including remodeled Weight and Dance rooms and the swimming pool facility.

The following modernization projects were completed in the Spring of 2013: East Gym and Courtyard, Main Courtyard, Video Broadcasting Room, West Gym and Courtyard, and Auditorium. [School Facilities Report filed 05.27.3014]

In the Spring of 2017, stadium lights, a sound system, and a newly resurfaced track were installed on the Football Field.

In March 2020, Bond Measure L was passed and supported installing a new turf stadium field and an upgraded security (camera) system in the summer of 2020. In the fall of 2021, construction started on the new tennis courts and synthetic turf for baseball and softball fields, completed in spring 2023. Projects that began the summer of 2023 earmarked for the campus with Measure L's support include repairing deteriorating walls containing encapsulated asbestos, improving air handling and circulation systems, and updating fire /security systems. The school received a new PA system in the summer of 2022 with enhanced features for emergency drills. Over the past three years, the Parent Organization has raised funds for technology upgrades in the classroom, including high-definition screens.

In May 2024, work began on a curb appeal project at the front of the school to provide more shaded areas for student pick-up after school. Additionally, the school fire alarm system and panel are currently being upgraded, with a projected completion date of December 2024. There are plans at the District to improve classroom learning spaces with new lighting and furniture.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

| Subject | School 2022-23 | School 2023-24 | District 2022-23 | District 2023-24 | State 2022-23 | State 2023-24 |

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

Mills High School and the San Mateo Union High School District are committed to ensuring all students can participate in Career Technical Education programs, activities, and experiences. In March of 2006, the District Board of Trustees voted to expand the District school day from a 6-period to a 7-period day, providing increased opportunities for students to enroll in CTE courses, especially for target populations requiring additional academic support/interventions within the school day. In addition, all students work with counselors to create a four-year academic plan to align student interests and goals with CTE opportunities available at Mills and throughout the District.

Mills hosts a Course Information Day, allowing students to visit CTE and elective classrooms before selecting classes in the Spring. Interest in CTE courses is also promoted through school activities like the Robotics Club, Film and Photography Clubs, and various school competitions and events. Upon completion of Mills' CTE courses, students can continue their pathway at our local community colleges.

Course offerings in Career Technical Education at Mills High School include:

- Architectural Design I and II
- Innovations in Green Technology
- Food & Nutrition, Culinary Arts
- Engineering Technology

2023-24 Career Technical Education Programs

- Woodworking
- Art & Multimedia Arts
- Principles of Computer Science, AP Computer Science
- Art of Video (Video Production)
- Biotechnology
- Publications
- Journalism
- College Success, Career Planning, and Life Exploration*

*Since 2022, Mills has offered two sections of a College Career Planning Class that targeted 1st generation students at Mills taught by two counselors within our department.

The Mills program offers experiences in the following Industry Sectors: Art, Media and Entertainment, Engineering and Architecture, Building Trades and Construction, Health Science and Medical Technology, Hospitality, Tourism and Recreation, and Information and Communication Technology. In addition, the program provides the following career pathways: Design, Visual and Media Arts, Architectural Design, Engineering Technology, Cabinetry, Millwork and Woodwork, Biotechnology, Food Service, and Software and System Development.

The CTE program is measured by satisfactory-level student completion (C or better) rates of the one-year CTE graduation requirement upon graduation and by the number of students completing a CTE pathway during their four years. The school district organizes program leadership throughout the district through a CTE Council that is comprised of program department heads at each site. In addition, the CTE department head is a member of the school's Academic Senate and annually revises the Single Plan for Student Achievement. A part-time Career Coordinator works to connect students with CTE internships and field trips and to provide push-in services to CTE classrooms to deliver career awareness in related CTE fields.

The CTE department integrates the Common Core Standards for English-Language Arts and Math into the curriculum frameworks.

This year, Mills hosted community college courses on-site through Skyline College, BUS 100- Introduction to Business. With District support and leadership, there are plans to explore a Health Care Career's pathway.

2023-24 Career Technical Education (CTE) Participation

| Measure | CTE Program Participation |

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

| Grade 9 | 88% | 88% | 88% | 88% | 88% |

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

There are numerous opportunities for parents to become involved at Mills High School. The Parent Teacher Organization (PTO) conducts regular outreach to parents and meets monthly to plan activities such as fundraising for scholarships, classroom equipment and supplies, and hospitality for school-wide functions. In addition, the PTO publicizes a newsletter to communicate to parents every two weeks.

Parent representatives are members of the Mills Planning Council (the School Site Council) which is responsible for approving all Annual Fund expenditures and providing input and monitoring progress on school-wide goals. An English Learner Advisory Committee (ELAC) helps the parents of English learners understand how the school operates and allows parents to give input for how to better serve our English language learner population and one of our ELACs. Beginning in 2013-2014, Mills organized a Spanish-Speaking Parent Group to support Spanish-speaking families and to gather input and suggestions from this population of parents and students on school-wide goals. Mills parents also form part of the Mills Athletic Boosters, Mills Music and Arts Group and Mills Drama Guild, providing high levels of support for students in extracurricular programs.

A part-time family engagement coordinator organizes and recruits for such events and facilitates the Spanish-speaking parent Group and ELAC.

There are multiple opportunities for parents to volunteer in school-wide functions and events such as teacher appreciation luncheons, student registration, textbook distribution, and supervision assistance at school-wide events under normal circumstances.

For information on the PTO, MPC, ELAC, Spanish-Speaking Parent Group, Mills Athletic Boosters or Music Boosters please contact Ms. Pamela Duszynski at (650) 558 - 2500.

2024-25 School Safety Plan

The Mills High School Safety Plan is reviewed and updated annually. Faculty and staff training is conducted at the beginning of each school year, where emergency procedures and evacuation and safety procedures are reviewed. Each classroom is equipped with a red emergency bag that contains first aid and emergency preparedness supplies. These supplies are replaced and replenished regularly. Emergency drills for all of the Big 5 Protocols outlined by the San Mateo County of Education are held monthly to ensure students are familiar with the emergency procedures.

2024-25 School Safety Plan

Mills administrators, including the Principal, three Assistant Principals, one Dean of Students, three Campus Safety Specialists, and four Counselors, lead our efforts to create a safe and respectful environment for all students. Three Wellness Counselors and our district Manager of Mental Health Services provide assessment, crisis counseling, social-emotional support, and student mediation. The four school counselors at Mills provide academic and social-emotional support for students. All counselors also provide outside referral resources for students and parents. The administration team utilizes Restorative Practices as a first approach to discipline issues, including the District's Alternative to Suspension Program, VAPE program, or substance abuse program to assist students in making positive decisions.

All students are encouraged to join a school club or participate on an athletic team. Mills has more than 40 active clubs that foster student leaders and 27 sports teams in its extracurricular programs. The Safe School Plan emphasizes the importance of supporting students socially and emotionally with a caring staff, student support programs, and a strong extracurricular activity program.

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

| Subject | Average Class Size | Number of Classes with 1-22 Students | Number of Classes with 23-32 Students | Number of Classes with 33+ Students |

Fiscal Year 2023-24 Types of Services Funded

Mills provides several programs and services to support student achievement and success. In addition to a comprehensive academic core program, Mills offers Strategic Support classes in Community and Literacy in Action for Multilingual learners, a SAIL advisory program for some 9th Graders, and Algebra I and Algebra II support classes. Mills also offers Self and Social Empowerment (Guided Studies) Classes for select students in grades 10 & 11, emphasizing Geometry support and an On-Site Credit Recovery (OSCR) course using the Edgenuity learning platform. In addition, Mills offers several outreach services, such as College/Career Advising through the Mills College and Career Center, as well as three Wellness Counselors focusing on student social-emotional support.

Additional programs and services provided at Mills High School include:

- After School Tutoring
- Classroom based Tutoring
- Online Tutoring
- Wellness Counseling
- Naviance – School and Career Planning Software
- Schoolwide Flex Time
- Student Success Coordinator
- Professional Development for staff
- Peer Groups facilitated by Staff
- Two mentor programs: Viking Mentor Program and LMP (Latina Mentor Program)

Funding sources include:

- Mills Annual Fund

Professional Development

During the 2024-25 school year, the Professional Development Coordinator position is a .2 FTE release period, and the MTSS coordinator is staffed at a .2 FTE. An Instructional Technology Facilitator is paid a stipend to support teachers with Canvas. Furthermore, a total of .8 FTE is supported by the District as Instructional Coaches to work with teachers on a full evaluation cycle. These "Teachers on Special Assignment" (TOSA) are responsible for identifying professional development needs, designing and implementing appropriate site-based professional development, and guiding site-based goal-setting and assessment practices. Identified professional development priorities include three cycles of inquiry identified by the Tier 1 Team

Professional Development

in the Spring of 2024 through student interviews: Cycle 1: Authentic Relationships (PLC), Cycle 2: Differentiation and UDL (Critical Friend), and Cycle 3: Feedback. There is a focus on uplifting student voices through fishbowls, empathy interviews, and surveys relating to our Racial Equity Board Policy and Administrative Regulation 415.1 and our work as a culturally responsive school. Furthermore, the school leadership team is beginning to plan for the application of the District Instructional Framework on Humanizing Pedagogy.

The primary areas of focus are aligned with the Mills WASC Report and the District Local Control Accountability Plan. As part of the Mills WASC Self-Study, a comprehensive data review was conducted to create the WASC Action Plan, which identifies specific strategies and targeted instructional practices to improve student achievement.

Teachers and administrators have numerous opportunities to participate in professional development. These opportunities include department collaboration time, professional learning team time embedded in the master schedule, faculty meetings and workshops, classes, and/or conferences sponsored by the district or outside groups.

The Mills Planning Committee (School Site Council) quarterly reviews and approves funding requests from teachers and staff. The school principal approves professional development requests from teachers that align to our school goals. This year, a district-organized professional development committee also approved requests. Professional development requests approved during the most recent period include:
