Special Note

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. The story is harder to tell this year as the COVID-19 pandemic significantly impacted our schools and the data we collect. As a result, statewide assessment and attendance data cannot be compared to prior years and are not shown here. We have included links to our website where you can view the 2020-21 statewide assessment and attendance data and read a detailed description of how these data were impacted. We're thankful for your partnership as we focus on care, connection and the creation of safe, inclusive and supportive learning environments.

Academic Success

School Goals

Professional Learning Communities-The staff utilize Monday late starts to further develop and implement Professional Learning Communities. Discipline-Students will demonstrate behaviors that reflect a positive, nurturing, and academically challenging school climate.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

SHS's effort to provide great customer service to all stakeholders comes from a core belief about having great relationships between staff and all students. SHS sets high expectations, removes barriers to success, and elevates the achievement of all students. SHS applied this principle of equity to all policies, programs, operations, practices and resource allocations. SHS also followed ODE guidance based on the RSSL releases.
