

# CELEBRATE BLACK HISTORY MONTH

## 2025 Black History Theme: Honoring African Americans & Labor

### What is Black History Month?

Black History Month is an annually observed month-long celebration of African American life, History, and culture. **Founded by Dr. Carter G. Woodson** in February 1926, what was formerly known as **Negro History Week** became a month-long celebration as a way to promote, research, preserve, interpret, and disseminate information about Black life, history, and culture to the global community. **The Association for the Study of African American Life and History (ASALH)** was formed to carry on the legacy of Dr. Woodson by disseminating knowledge about Black History.

The **2025 Black History Month theme is African Americans and Labor**, which focuses on the various and profound ways that work and working of all kinds – free and unfree, skilled, and unskilled, vocational and voluntary – intersect with the collective experiences of Black people. Indeed, work is at the very center of much of Black history and culture. [Check out ASALH at asalh.org!](https://asalh.org)
