District Name	Tomball Independent School District
TEA District ID	101-921
Superintendent	Martha Salazar-Zamora, Ed.D.
Date of Board Approval	October 15, 2024

At Tomball ISD, we are not a big, impersonal school district; we are a home for people looking for a warm, close-knit community where teachers, principals, staff and administrators truly care about each individual child. We are also a destination for our strong academic programs and a wide variety of extracurricular activities. Our focus is to make sure that every single student finds a place to belong, a passion to pursue and a love of learning that will serve him or her well beyond the years spent with us.

Tomball ISD Non-Discrimination Policies

General Policies

Tomball ISD does not discriminate on the basis of race, color, national origin, sex, or disability in its programs or activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the nondiscrimination policies: Karen Graves, at 310 South Cherry, Tomball, TX 77375-5595, (281)357-3100, Ext. 2010, kareng Graves@tomballisd.net

Tomball ISD Board Policy FFH (LOCAL)

The District prohibits discrimination, including harassment, against any student. Discrimination is defined as treating a student or group of students differently from similarly situated students on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. Retaliation against anyone exercising their rights under this policy is a violation of District policy and is prohibited.

Tomball ISD Board Policy DIA (LOCAL)

The District prohibits discrimination, including harassment, against any employee on the basis of race, color, religion, gender, national origin, age, disability, or any other basis prohibited by law that adversely affects the employee's employment.

In accordance with law, discrimination on the basis of sex includes discrimination on the basis of any other prohibited basis related to sex.

Vocational Programs

Tomball ISD offers career and technical education (CTE) programs of study in a variety of fields published in the Tomball ISD Course Catalog along with admission requirements.

It is the policy of Tomball ISD not to discriminate on the basis of race, color, national origin, sex or handicap in its vocational programs, services or activities and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

It is the policy of Tomball ISD not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

Tomball ISD will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX Coordinator, Steve Guerrero, at 310 South Cherry, Tomball, TX 77375-5595, (281)357-3100, Ext. 2061, steveguerrero@tomballisd.net; and or the Section 504 Coordinator, Steven Shiels, 11211 F.M. 2920, Tomball, TX 77375, (281)357-3100, Ext. 4111, stevenshiels@tomballisd.net.

Legal Notice

In annual accordance and compliance with chapters 4, 11 and 39 of the Texas Education Code and Tomball ISD Board Policies BQ, BQA, and BQB; each campus principal of all Tomball Independent School District schools has collaborated with the District Improvement Team to analyze data relative to the academic performance of all students including students in special education programs and at-risk students. The data analysis was used as part of a comprehensive needs assessment for the purpose of developing goals and determining strategies to improve student performance and support district and state goals and initiatives. This process aligns with the Texas Effective Schools Framework (ESF). This process and plan satisfy any improvement actions required by the Texas State Accountability Rating System including the Results Driven Accountability (RDA), Data Validation and Verification Monitoring, Data Reporting Compliance, and the state and federal Identification of Schools for Improvement. This process and plan satisfy the federal requirements for campuses and districts under regulation of and/or receiving funding through Titles I, II, III, and IV of the Elementary and Secondary Education Act of 1965, reauthorized in 2015 under the Every Student Succeeds Act (ESSA), and the Individuals with Disabilities Education Act (IDEA) Part B, including the Local Equitable Access Plan required by Title I, Part A Sec. 1112(b)(2). This process and plan satisfy the requirements for the annual comprehensive needs assessment of at-risk students and the development of goals and strategies to improve the academic performance of at-risk students at campuses receiving State Compensatory Education (SCE) funds ([TEC. §29.081](#) [TEC. §48.104](#)). The SCE procedures, plans, evaluation, and At-Risk population data is located in the District Improvement Plan (DIP) and school-specific documentation is located in the Campus Improvement Plans (CIP).

The Board shall ensure that a District Improvement Plan and improvement plans for each campus are developed, reviewed, and revised annually for the purpose of improving the performance of all students. The Board shall annually approve District and campus performance objectives and shall ensure that the District and campus plans:

1. Are mutually supportive to accomplish the identified objectives; and
2. At a minimum, support the state goals and objectives under Education Code Chapter 4.

Texas Education Code 11.251(a)

A board shall adopt a policy to establish a district- and campus-level planning and decision-making process that will involve the professional staff of a district, parents of students enrolled in a district, business representatives, and community members in establishing and reviewing the district's and campuses' educational plans, goals, performance objectives, and major classroom instructional programs.

Texas Education Code 11.251(b)

The District's planning process to improve student performance includes the development of the District's educational goals, the legal requirements for the District and campus improvement plans, all pertinent federal planning requirements, and administrative procedures. The Board shall approve the process under which the educational goals are developed and shall ensure that input is gathered from the District-level committee. [See BQA]

BQ(LOCAL)

Each school year, the principal of each school campus, with the assistance of the campus-level committee, shall develop, review, and revise the campus improvement plan. The purpose of the campus-level plan is to improve student performance for all student populations, including students in special education programs under Education Code Chapter 29, Subchapter A, with respect to the student achievement indicators and any other appropriate performance measures for special needs populations.

Texas Education Code 11.253(c)

The district policy must provide that all pertinent federal planning requirements are addressed through the district- and campus-level planning process.

Texas Education Code 11.251(f)

A district that receives Title I, Part A funds shall develop jointly with, agree with, and distribute to, parents and family members of participating children a written parent and family engagement policy. The policy shall be incorporated into a district plan developed under 20 U.S.C. 6312 [TEA-approved plan to receive Title I funds], establish the district's expectations and objectives for meaningful parent and family involvement, and describe how the district will:

1. Involve parents and family members in jointly developing the district plan, and the development of support and improvement plans under paragraphs (1) and (2) of section 6311(d);
2. Provide the coordination, technical assistance, and other support necessary to assist and build the capacity of all participating schools within the district in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education;
3. Coordinate and integrate parent and family engagement strategies under Title I, Part A with parent and family engagement strategies to the extent feasible and appropriate, with other relevant federal, state, and local laws and programs;
4. Conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of all schools served under Title I, Part A, including identifying:
 - a. Barriers to greater participation by parents in activities authorized by section 6318 (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background);
 - b. The needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and
 - c. Strategies to support successful school and family interactions;
5. Use the findings of the above evaluation to design evidence-based strategies for more effective parental involvement, and to revise, if necessary, the parent and family engagement policies described in section 6318; and
6. Involve parents in the activities of the schools served under Title I, Part A, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the local educational agency to adequately represent the needs of the population served by such agency for the purposes of developing, revising, and reviewing the parent and family engagement policy.

20 U.S.C. 6318(a)(2) [See BQ(LOCAL)]

A district that receives Title I, Part A funds shall develop a district improvement plan that addresses equity 1111(g)(1)(B). The policy shall be incorporated into a district plan developed under 20 U.S.C. 6312 [TEA-approved plan to receive Title I funds], establish the district's expectations and objectives (b) Plan Provisions.

To ensure that all children receive a high-quality education, and to close the achievement gap between children meeting the challenging State academic standards and those children who are not meeting such standards, each local educational agency plan shall describe:

1. How the local educational agency will monitor students' progress in meeting the challenging State academic standards by
 - a. developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
 - b. identifying students who may be at risk for academic failure;
 - c. providing additional educational assistance to individual students the local educational agency or school determines need help in meeting the challenging State academic standards; and
 - d. identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning;

2. How the local educational agency will identify and address, as required under State plans as described in section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers;
3. How the local educational agency will carry out its responsibilities under paragraphs (1) and (2) of section 1111(d);
4. The poverty criteria that will be used to select school attendance areas under section 1113;
5. In general, the nature of the programs to be conducted by such agency's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs;

20 U.S.C. 6312 section 1111(g)(1)(B)

A district shall have a district improvement plan that is developed, evaluated, and revised annually, in accordance with district policy, by the superintendent with the assistance of the district-level committee. The purpose of the district improvement plan is to guide district and campus staff in the improvement of student performance for all student groups in order to attain state standards in respect to the achievement indicators.

Texas Education Code 11.252(a)

The district improvement plan must include provisions for:

1. A comprehensive needs assessment addressing performance on the achievement indicators, and other appropriate measures of performance, that are disaggregated by all student groups served by a district, including categories of ethnicity, socioeconomic status, sex, and populations served by special programs, including students in special education programs under Education Code Chapter 29, Subchapter A.
2. Measurable district performance objectives for all appropriate achievement indicators for all student populations, including students in special education programs under Education Code Chapter 29, Subchapter A, and other measures of student performance that may be identified through the comprehensive needs assessment.
3. Strategies for improvement of student performance that include:
 - a. Instructional methods for addressing the needs of student groups not achieving their full potential.
 - b. Evidence-based practices that address the needs of students for special programs, including:
 - i. (1) Suicide prevention programs, in accordance with Health and Safety Code Chapter 161, Subchapter O-1, which includes a parental or guardian notification procedure [see FFB];
 - ii. (2) Conflict resolution programs;
 - iii. (3) Violence prevention programs; and
 - iv. (4) Dyslexia treatment programs.
 - c. Dropout reduction.
 - d. Integration of technology in instructional and administrative programs.
 - e. Positive behavior interventions and support, including interventions and support that integrate best practices on grief-informed and trauma-informed care
 - f. Staff development for professional staff of a district.
 - g. Career education to assist students in developing the knowledge, skills, and competencies necessary for a broad range of career opportunities.
 - h. Accelerated education.
 - i. Implementation of a comprehensive school counseling program under Section 33.005
4. Strategies for providing to middle school, junior high school, and high school students, those students' teachers and school counselors, and those students' parents information about:
 - a. Higher education admissions and financial aid opportunities such as the TEXAS grant program and the Teach for Texas grant program established under Chapter 56.

- b. The need for students to make informed curriculum choices to be prepared for success beyond high school.
 - c. Sources of information on higher education admissions and financial aid.
5. Resources needed to implement identified strategies.
 6. Staff responsible for ensuring the accomplishment of each strategy.
 7. Timelines for ongoing monitoring of the implementation of each improvement strategy.
 8. Formative evaluation criteria for determining periodically whether strategies are resulting in intended improvement of student performance.
 9. The policy under Section 38.0041 addressing sexual abuse and other maltreatment of children; and
 10. The trauma-informed care policy required under Section 38.036 which must address
 - a. using resources developed by the agency, methods for:
 - i. increasing staff and parent awareness of trauma-informed care; and
 - ii. implementation of trauma-informed practices and care by district and campus staff; and
 - b. available counseling options for students affected by trauma or grief.

Texas Education Code 11.252(a)

11. A discipline management program providing for prevention of and education concerning unwanted physical or verbal aggression, sexual harassment, and other forms of bullying in schools, on school grounds, and in school vehicles.

Texas Education Code 37.083(a)

12. A dating violence policy that must:
 - a. Include a definition of dating violence that includes the intentional use of physical, sexual, verbal, or emotional abuse by a person to harm, threaten, intimidate, or control another person in a dating relationship, as defined by Family Code 71.0021; and
 - b. a clear statement that dating violence is not tolerated at school; and
 - c. reporting procedures and guidelines for students who are victims of dating violence, including a procedure for immediately notifying the parent or guardian of a student about a report received by the district identifying the student as an alleged victim or perpetrator of dating violence; and
 - d. Address safety planning, enforcement of protective orders, school-based alternatives to protective orders, training for teachers and administrators, counseling for affected students, and awareness education for students and parents.

Texas Education Code 37.0831 [See FFH]

13. An Anti-Bullying policy that must:
 - a. include an emphasis on bullying prevention by focusing on school climate and building healthy relationships between students and staff;
 - b. require each district campus to establish a committee to address bullying by focusing on prevention efforts and health and wellness initiatives;
 - c. require students at each grade level to meet periodically for instruction on building relationships and preventing bullying, including cyberbullying;
 - d. include an emphasis on increasing student reporting of bullying incidents to school employees by:
 - i. increasing awareness about district reporting procedures; and
 - ii. providing for anonymous reporting of bullying incidents;
 - e. require districts to:
 - i. collect information annually through student surveys on bullying, including cyberbullying; and
 - ii. use those survey results to develop action plans to address student concerns regarding bullying, including cyberbullying; and

- f. require districts to develop a rubric or checklist to assess an incident of bullying and to determine the district's response to the incident.

14. A policy addressing sexual abuse, sex trafficking, and other maltreatment of children that must address:
 - a. methods for increasing staff, student, and parent awareness of issues regarding sexual abuse, sex trafficking, and other maltreatment of children, including prevention techniques and knowledge of likely warning signs indicating that a child may be a victim of sexual abuse, sex trafficking, or other maltreatment, using resources developed by the agency or the commissioner regarding those issues, including resources developed by the agency under Section 38.004;
 - b. actions that a child who is a victim of sexual abuse, sex trafficking, or other maltreatment should take to obtain assistance and intervention; and
 - c. available counseling options for students affected by sexual abuse, sex trafficking, or other maltreatment.

Texas Education Code 38.0041

A district's plan for the improvement of student performance is not filed with TEA, but the district must make the plan available to TEA on request.

Texas Education Code 11.252(b)

The district-level committee shall assist the superintendent with the annual development, evaluation, and revision of the district improvement plan.

Texas Education Code 11.252(a)

Each school district shall use the results from the teaching and learning conditions survey required by Education Code 7.065(a), conducted biennially, to review and revise, as appropriate, the district-level improvement plan, and for other purposes, as appropriate to enhance the district learning environment.

Texas Education Code 7.065(e)

A district-level committee of a district with a junior high, middle, or high school campus shall analyze information related to dropout prevention, including:

1. The results of the audit of dropout records;
2. District information related to graduation rates, dropout rates, high school equivalency certificate rates, and the percentage of students who remain in high school more than four years after entering grade 9;
3. The number of students who enter a high school equivalency certificate program and:
 - a. Do not complete the program,
 - b. Complete the program but do not take the high school equivalency examination, or
 - c. Complete the program and take the high school equivalency examination but do not obtain a high school equivalency certificate;
4. For students enrolled in grades 9 and 10, information related to academic credit hours earned, retention rates, and placements in disciplinary alternative education programs and expulsions under Chapter 37; and
5. The results of an evaluation of each school-based dropout prevention program in a district.

Each district-level committee shall use the information in developing the district improvement plan.

Texas Education Code 11.255

For staff development under Education Code 21.451(a), a district may use district-wide staff development developed and approved through the district-level decision process.

Texas Education Code 21.451(c)

Staff development shall be predominantly campus-based, related to achieving campus performance objectives, and developed and approved by the campus-level committee.

Federal Funds

Supplement, Not Supplant Methodology

County-District #: 101921

LEA Name: Tomball ISD

School Year: 2023-2024

Supplement, Not Supplant (SNS) Methodology

Purpose:

The Supplement, Not Supplant (SNS) Methodology described in this document is used to ensure that State and local funds are distributed in such a way that each Title I campus receives all of the State and local funds that it would receive in the absence of Title I funds.

(1) IN GENERAL –A State educational agency or local educational agency shall use Federal funds received under this part only to supplement the funds that would, in the absence of such Federal funds, be made available from State and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds.

Tomball ISD has adopted the following policies to assure compliance with regulations regarding Federal funds:

[EHBD \(LEGAL\)](#)

[EHBD \(LOCAL\)](#)

(2) COMPLIANCE. –To demonstrate compliance with paragraph (1), a local educational agency shall demonstrate that the methodology used to allocate State and local funds to each school receiving assistance under this part ensures that such school receives all of the State and local funds it would otherwise receive if it were not receiving assistance under this part.

Assurance:

The LEA assures that—

- any State and local funds that are retained at the LEA level will be used in a Title I neutral manner; and
- any Title I, Part A funds that are reserved at the LEA level will be used only for Title I, Part A purposes, as indicated in the LEA's approved ESSA Consolidated Federal Grant Application.

As part of Tomball ISD's priority-based budget process, the District uses the following methodology to allocate state and local funds to district and campus programs without regard to participation in the Title I, Part A program.

*Distribution by Personnel and Non-personnel Expenditures
(per-personnel position plus per-pupil).*

The annual budget process is a major activity in moving the District and its organizational units toward the achievement of strategic goals designed to improve student learning. In essence, the budget process is the translation of the planning process into financial terms and measurements. Tomball ISD focuses on the following priorities when financially planning for the school year:

1. Sustainability of existing staff
2. Hiring need for the projected student enrollment growth
3. Class-reduction teachers for campuses with greatest number of at-risk students
4. Innovative programs

The District prioritizes campus staffing because we understand that providing smaller student-teacher ratios in all classrooms increases student academic achievement. The average student-teacher ratio for Tomball ISD is 16:1 K-12 in comparison to the State’s mandated 22:1 for K-4.

It is understood that the LEA must provide sufficient State and local funds to campuses in order to provide a free, public education, in the absence of Title I, Part A funds.

Description of methodology:

The basis on which State and local funds are allocated:

- DISTRICTWIDE or
- CAMPUS CATEGORY

The type of methodology used:

- SIMPLE FLAT AMOUNT PER-PUPIL
- WEIGHTED PER-PUPIL
- PERSONNEL-NONPERSONNEL COSTS

Description of criteria used: Tomball ISD (LEA) used a simple per-pupil amount for all campuses in Tomball ISD (LEA). The per-pupil amount is multiplied by the campus enrollment amount to identify the campus allocation for the school year.

Tomball ISD spends approximately 87 percent of general fund expenditures on payroll related expenses.

Vision, Mission, Goals, and Objectives

State Mission

The mission of the Texas public education system is to ensure that all Texas children have access to a quality education that enables them to achieve their full potential and fully participate now and in the future in the social, economic, and educational opportunities in our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of Texas and for the preservation of the liberties and rights of Texas citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family and that parental involvement in the school is essential for the maximum educational achievement of a child.

State Objectives

The objectives of public education are:

Objective 1: Parents will be full partners with educators in the education of their children.

Objective 2: Students will be encouraged and challenged to meet their full educational potential.

Objective 3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a diploma.

Objective 4: A well-balanced and appropriate curriculum will be provided to all students. Through that curriculum, students will be prepared to succeed in a variety of postsecondary activities, including employment and enrollment in institutions of higher education.

Objective 5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.

Objective 6: Qualified and highly effective personnel will be recruited, developed, and retained.

Objective 7: Texas students will demonstrate exemplary performance in comparison to national and international standards.

Objective 8: School campuses will maintain a safe and disciplined environment conducive to student learning.

Objective 9: Educators will keep abreast of the development of creative and innovative techniques in instruction and administration using those techniques as appropriate to improve student learning.

Objective 10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration.

Objective 11: The State Board of Education, TEA, and the commissioner shall assist school districts and charter schools in providing career and technology education to students.

State Goals

The academic goals of public education are to serve as a foundation for a well-balanced and appropriate education. The students in the public education system will demonstrate exemplary performance in:

Goal 1: The reading and writing of the English language.

Goal 2: The understanding of mathematics.

Goal 3: The understanding of science.

Goal 4: The understanding of social studies.

Education Code 4.001, .002

Gifted Education - Students are served in Kindergarten through Grade 6 through academic learning by teachers that have received specialized training in Gifted and Talented education. Additionally, they receive pull-out services provided by a GT Specialist throughout the week. Students in grades 7-12 are served through academic course options with teachers that have received specialized training in Gifted and Talented education.

Instruction is based on a sequence of specific skills developed through multidisciplinary units. The extent of each unit depends upon the complexity of the subject matter addressed.

Special Education - Federal law requires that students with disabilities receive instruction in the least restrictive environment considered appropriate for their needs. Services are individualized to meet student needs, and are developed through an Individual Education Plan (IEP) by an Admission, Review, and Dismissal (ARD) committee. This committee must include a parent or guardian, as parent input is key to student success. Services provided through Tomball ISD include a wide range of supports. When appropriate, services are provided in the general education setting. Some students do require support for portions of the school day in a special education setting. Please see Tomball ISD's Program Descriptors for more information about specific special education programs offered in the district.

Elementary - The curriculum for students of the elementary schools of the Tomball Independent School District meets the standards established by the Texas Education Agency and includes instruction in: art, hand writing, language arts (including spelling), mathematics, music, physical education/health, reading, science, social studies, and technology.

Pre-kindergarten and kindergarten students are in self-contained mixed ability classes for all subjects. Teachers may form "ability group" for reading within the classroom. Librarians and certified art, physical education, and music instructors are employed on each campus.

Intermediate - Three intermediate school campuses (grades 5-6) provide an instructional arrangement uniquely designed for the young adolescent. Interdisciplinary teams of teachers work with student teams in extended blocks of time for the core academic subjects of language arts, mathematics, science, health, and social studies. Study skills, physical education, Spanish and an adolescent life skills class enhance the intermediate school curriculum. Exploratory elective choices include art, band, and choir.

Junior High - Students, grades 7 and 8, in the junior high school program, are enrolled in language arts, mathematics, science and social studies. In addition, they take physical education or athletics and may participate in a variety of electives: band or choir, art, crafts, speech, Spanish, careers and skills for successful living. The school has adopted the Middle School Concept with students divided into four families of approximately 110 students per family. An interdisciplinary team of four teachers (one from each core subject - Math, Science, English, and History) is responsible for an integrated curricular approach to instruction for those students. This promotes relevance, consistency and transfer of knowledge.

High School - Students in grades 9 through 12 take courses in English, mathematics, science and social studies. Electives include the following subject areas: career and technical education courses, journalism, art, band, music, foreign language, speech, theater arts, and humanities. Students in the High School program select one or more graduation endorsements to customize their high school experience to their post-secondary aspirations. High school students have a wide variety of options for participation in athletics and academic programs and competitions sanctioned under the University Interscholastic League (UIL).

Tomball Star Academy

Early College High School (ECHS) / Pathways in Technology Early College High School (PTECH)

Students who attend Tomball Star Academy have the opportunity to complete both a high school diploma and an Associates Degree through a program in partnership with Lone Star College Tomball. Additional certifications in the healthcare industry are available to students who also participate in the PTECH program.

Tomball Connections Academy - Tomball Connections Academy (formerly Tomball Alternative Education Center) is a technology driven Alternative School for Tomball ISD. The Center's Discipline Alternative program is designed to assist "At Risk" students who learn the academic and personal skills that they need to be successful in school and in life.

Fine Arts - Fine Arts instruction is available to all Tomball ISD students - grades K through 12. The fine arts are truly unique in the school curriculum of Texas. All fine arts courses taught in Tomball ISD have rigorous standards set down by the Texas Education Agency. Those standards are known as the Texas Essential Knowledge and Skills or TEKS. That means fine arts courses are as curricular as English, Reading, Algebra or History. But, all our fine arts courses also contain an extra-curricular component. Those extra-curricular events range from spring semester dance contests, to art competitions, to UIL Music contests, to One-Act Play Contests and dozens and dozens of others. So, Tomball Fine Arts students' incredible skills are on display at both "curricular" and "extracurricular" events. Our students learn the value of performing both for a curricular "grade" and an extra-curricular "contest." Only a handful of other activities in Tomball ISD have both an important curricular component and provide extra-curricular competitive opportunities.

Career and Technical Education - Career and technical education programs offer a sequence of courses that provides students with coherent and rigorous content. CTE content is aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions.

Programs for Emergent Bilingual Students - Tomball ISD students whose native language is not English and who are developing fluency in English as an instructional language are provided targeted support through one of two programs.

Dual-language Bilingual Education: Dual Language (DL) students will develop a high academic and linguistic proficiency in two languages by participating in a rigorous academic program that enhances the development of bilingualism, biculturalism, and biliteracy so that students will graduate ready for college, career, and life in a globally competitive economy.

- Students will participate in a rigorous academic program.
- Students will develop a high academic proficiency in two languages.
- Students will develop a high linguistic proficiency in two languages.
- Students will develop positive cross-cultural attitudes.

The Dual Language Program is available at the following campuses: Rosehill Elementary, Canyon Pointe Elementary, Tomball Intermediate and Oakcrest Intermediate

English and a Second Language (ESL): ESL students are served in a general education classroom with a teacher who has a specialized certification in the instruction of Emergent Bilingual students.

Districtwide Educational Improvement Council (DEIC)

The DIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this title), the district, to the extent feasible, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school.

The district-level committee shall assist the superintendent with the annual development, evaluation, and revision of the district improvement plan. The committee shall include representative professional staff, parents of students enrolled in the district, business representatives, and community members.

The Districtwide Educational Improvement Council (DEIC) shall advise the Board or its designee in establishing and reviewing the District's educational goals, objectives, and major Districtwide classroom instructional programs identified by the Board or its designee. The committee shall serve exclusively in an advisory role except that the committee shall approve staff development of a Districtwide nature.

The Superintendent shall be the Board's designee and shall name the chairperson of the committee. The Superintendent shall meet with the committee periodically.

Data Analysis and Comprehensive Needs Assessment

Data Action is structured around a multidimensional “data cube” which represents the dynamic relationship between all students, teachers, and standards. Data Action starts with an analysis of integrated data sources through which district needs are identified. The District Improvement Plan is based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the district. The needs are assessed to determine what is the root cause which drives the current results. Lastly, strategies are developed to address those root causes. Action items are detailed to monitor timelines, responsibility, and resources, and a SMART goal is established to measure efficacy.

Effective Schools Framework (ESF)

At the core of effective schools is effective instruction: interactions between students, teachers, and content determine learning outcomes. This instructional core is strengthened and supported by effective, well-supported teachers, high-quality curriculum, and positive school culture. Strong school leadership and careful planning encompass and ensure each of these prioritized levers.

The Effective Schools Framework consists of a set of district commitments and, for schools, essential actions. District Commitments describe what local education agencies do to ensure that schools are set up for success. The Essential Actions describe what the most effective schools do to support powerful teaching and learning. The ESF framework is rooted in the continuous improvement process.

ESF Theory of Action

BUILD A COMMON VISION

The Effective Schools Framework builds a common vision with clarity and specificity to codify the best practices that effective Texas schools engage in daily.

ASSESS

Campuses should assess current campus practices to the aspiration language of the Essential Actions in the Effective Schools Framework. This practice will act as a needs assessment to determine strengths and areas of growth. To ensure campuses and districts are appropriately prioritizing the highest leverage actions for continuous improvement efforts, the ESF Diagnostic Process serves as an effective tool to clearly identify strengths and areas of growth through the lens of an unbiased ESF Facilitator.

PRIORITIZE GAPS

Once a campus has assessed their current practices, they will prioritize 2 – 3 Essential Actions to prioritize their focus. Prioritization can be identified through a big gap/small gap analysis to narrow the focus on highest leverage actions that lead to improved systems and student outcomes.

CONNECT WITH CAPACITY BUILDERS

Capacity building is a key part of the school improvement process. Campuses can partner with Vetted Improvement Partners (VIPs) or Education Services Centers (ESCs) who offer services to help improve campus practices and procedures aligned to specific essential actions of the Effective Schools Framework.

TARGETED SUPPORT

Accountability is the foundation to success in any change effort. Districts and campuses should establish an ongoing targeted support plan throughout their continuous improvement efforts.

ESF Levers

	Strong School Leadership and Planning	Effective campus instructional leaders with clear roles and responsibilities develop, implement, and monitor campus systems and structures that are aligned to a compelling school mission, vision, values, and goals rooted in student achievement.
	Strategic Staffing	Campus leadership retains effective, well-supported teachers by strategically recruiting, selecting, assigning and inducting teachers so that all students have access to high-quality educators.
	Positive School Culture	Campus systems support positive school culture through explicit behavioral expectations, school-wide culture routines, proactive and responsive student support services, and involved families and communities.
	High Quality Instructional Materials and Assessments	All students engage daily with TEKS-aligned, high-quality instructional materials, and assessments that support learning at appropriate levels of rigor.
	Effective Instruction	Campus leaders provide teachers with job-embedded professional development, including observation and feedback cycles, and access to time and data needed to reflect, adjust, and deliver instruction that meets the needs of all students.

Lever 1: Strong School Leadership and Planning

- 1.1 **Develop campus instructional leaders (principal, assistant principal, counselors, teacher leaders) with clear roles and responsibilities**
- 1.2 **Compelling and aligned vision, mission, goals, values focused on a safe environment, high expectations, and rigorous instruction**
- 1.3 Focused plan development and regular monitoring of implementation and outcomes

Lever 2: Strategic Staffing

- 2.1 **Recruit, select, assign, induct, and retain a full staff of highly qualified educators**

Lever 3: Positive School Culture

- 3.1 **Explicit school-wide behavioral expectations and culture routines**
- 3.2 Proactive and responsive student support services
- 3.3 Involving families and community

DATE:	August 14, 2024
SUBJECT:	2024 Underlying Accountability Subset Data Available in TEAL
CATEGORY:	Performance Reporting
NEXT STEPS:	Share with appropriate staff

The Texas A–F accountability system is a tool to help school systems continuously improve student performance to achieve the goals of eliminating achievement gaps based on race, ethnicity and socioeconomic status and ensuring Texas is a national leader in preparing students for success after graduation. The purpose of this communication is to announce that underlying 2024 accountability data was released to school systems today to assist school leaders with internal evaluation of academic performance.

Due to a pending lawsuit, the issuance of 2024 A-F ratings and Comprehensive, Targeted and Additional Targeted Support school improvement designations are pending and subject to change based on judicial rulings. Authorized school system users in the TEA Login (TEAL) Accountability application have access to data, reports and downloads that do not include A-F ratings or scale scores, nor federal school improvement designations.

- The 2024 Accountability Reports and Data Tables and the 2024 Accountability Data Downloads are now available in TEAL without ratings or scale scores. This includes a data download of the raw component scores for 2023 and 2024.
- The 2024 STAAR, Growth, AEA Retest Growth and EL Student Listings are also available in TEAL. 2024 CCMR Student Listings were posted on August 2, 2024.
- Superintendents who do not have access to TEAL Accountability must request access through the My Application Accounts link under Self Service in TEAL.
- For school systems who have calculated scale scores internally and would like to verify their calculations with the agency, for 2024 or also for 2023 to help internally evaluate progress, please email performance.reporting@tea.texas.gov.

For additional information, visit the TEA's official [Performance Reporting](#) webpage, [2024 Accountability System](#) page and the [2024 Accountability Manual](#) page. The data provided to school systems today is based on the methodology in the final rule adopting the 2024 Accountability Manual, posted on May 9, 2024.

For questions or assistance regarding the information in this TAA, please call the Performance Reporting Division at 512-463-9704 or email performance.reporting@tea.texas.gov.

Discipline

Texas statute requires every district to publish a report on violent or criminal incidents at their schools. This annual report must include a statement of the number, rate, and type of violent or criminal incidents that occurred on each district campus, to the extent permitted under the Family Educational Rights and Privacy Act of 1974. These codes include those specified by TEA as mandatory expulsion incidents in the [Unsafe School Choice Option Guidance Handbook](#). Codes 59 and 61 are also monitored by TEA.

State Performance Plan for Special Education

In accordance with 20 U.S.C. 1416(b)(2)(C)(ii)(I) of the Individuals with Disabilities Education Act, states are required to publicly report district performance against the state targets in the State Performance Plan (SPP). Each spring, the Texas Education Agency produces a *District Profile of State Performance Plan Indicators* report for each district in the state. This report reflects the district's performance against the state target for SPP Indicators 1-14 for a given year.

Dyslexia Allotment - HB3 State Funds

Background

Since the 2013–14 school year districts have been required to report the number of students enrolled in the district who are identified with dyslexia or related disorders to TEA through TSDS PEIMS. Starting with the 2019-2020 school year, districts are entitled to an annual allotment equal to the basic allotment multiplied by 0.10 for each eligible student with dyslexia or a related disorder* who is receiving services and coded as such in TSDS PEIMS.

*Related disorder Includes students with dysgraphia. A student identified with dyscalculia may be eligible to receive special education or Section 504 services, however, dyscalculia is not one of the dyslexia related conditions identified in TEC §38.003(d)(1)-(2). As such, a student with dyscalculia may not be coded in TSDS PEIMS under the Dyslexia or a Related Disorder Indicator and does not generate funding through the HB 3 Dyslexia Allotment.

Spending Guidance

Districts are required to spend 100% of the dyslexia allotment funds on services for students with dyslexia or a related disorder.

Districts should determine the most effective use of funds so that students identified with dyslexia or a related disorder receive maximum benefit. The following recommendations should be considered when determining the most effective use of funds:

- Dyslexia therapist training for teachers
- Dyslexia screening, progress monitoring, and/or evaluation tools
- Evidence-based dyslexia intervention materials and/or curriculum
- TEA dyslexia intervention platform
- Dyslexia identification training for evaluation personnel
- Evidence-based early intervention programs in reading
- Professional development in the science of teaching reading
- Dyslexia therapist positions and/or stipends for dyslexia therapists

In addition, HB 3 stipulates that a district may use an amount not to exceed 20 percent of the allotment provided for qualifying students to contract with a private provider to provide supplemental academic services.

State Compensatory Education (SCE) Plan

Purpose

The purpose of the State Compensatory Education (SCE) program is to supplement the regular – or basic – education program with compensatory, intensive, and/or accelerated instruction. The program requires Texas public school districts and charter schools to offer additional accelerated instruction to each student who meets one or more statutory or locally-defined eligibility criteria in order to reduce any disparity in performance on assessment instruments, or disparity in the rates of high school completion between students at risk of dropping out of school and all other students.

The State Compensatory Education program in Tomball ISD is managed at the district level and consists of the following components:

1. Use of the student performance data resulting from STAAR and STAAR EOC to design and implement appropriate compensatory, intensive, or accelerated instructional services for students in the district's schools that enable the students to be performing at grade level at the conclusion of the next regular school term.
2. Provide accelerated instruction to a student enrolled in the district who has taken an end-of-course assessment instrument and has not performed satisfactorily or who is at risk of dropping out of school.
3. Offer before the next scheduled administration of the STAAR EOC, without cost to the student, additional accelerated instruction to each student in any subject in which the student failed to perform satisfactorily on an end-of-course assessment instrument required for graduation.
4. Provide support to campuses as they use State Compensatory Education (SCE) funds to reduce the disparity between students at-risk of dropping out of school and all other students.
5. Provide supplemental personnel to campuses for bilingual and ESL programs to support the instructional needs of students at-risk due to Limited English Proficiency.
6. Provide supplemental personnel to the DAEP to support the instructional needs of students who are at-risk due to a placement in an alternative education program.

At-Risk Student Indicators

The AT-RISK-INDICATOR-CODE indicates whether a student is currently identified as “at-risk” of not meeting standards or dropping out of school using state-defined criteria (TEC §29.081, Compensatory and Accelerated Instruction). **A student “at-risk of dropping out of school” includes each student who is under 26 years of age and who:**

- A. except as provided by TEC, §29.081(h) or if retained for prekindergarten under TEC, §28.02124, was not advanced from one grade level to the next for one or more school years;
- B. if the student is in grade 7, 8, 9, 10, 11, or 12, did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;
- C. did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39 (Public School System Accountability), and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;
- D. if the student is pre kindergarten, kindergarten, or grade 1, 2, or 3, did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;
- E. is pregnant or is a parent;
- F. has been placed in an alternative education program in accordance with Section 37.006 (Removal for Certain Conduct)during the preceding or current school year;
- G. has been expelled in accordance with Section 37.007 (Expulsion for Serious Offenses)during the preceding or current school year;
- H. is currently on parole, probation, deferred prosecution, or other conditional release;
- I. was previously reported through the Public Education Information Management System (PEIMS) to have dropped out of school;
- J. is an emergent bilingual student, as defined by Section 29.052
- K. is in the custody or care of the Department of Family and Protective Services or has, during the current school year, been referred to the department by a school official, officer of the juvenile court, or law enforcement official;
- L. is homeless, as defined by 42 U.S.C. Section 11434 (a), and its subsequent amendments;
- M. resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, cottage home operation, specialized child-care home, or general residential operation; or
- N. has been incarcerated or has a parent or guardian who has been incarcerated, within the lifetime of the student, in a penal institution as defined by Section 1.07 (Definitions), Penal Code.
- O. is enrolled in a school district or open-enrollment charter school, or a campus of a school district or open-enrollment charter school, that is designated as a dropout recovery schools under TEC, §39.0548; (current school year

SCE Dropout Prevention

Tomball ISD Strategies for Dropout Prevention Aligned to NDPC/N Strategies

[The National Dropout Prevention Center and Network \(NDPC/N\)](#) has conducted and analyzed research; sponsored workshops and national conferences; and collaborated with researchers, policymakers, and practitioners to further the mission of reducing America's dropout rate by meeting the needs of youth in at-risk situations, including students with disabilities.

Students report a variety of reasons for dropping out of school; therefore, the solutions are multidimensional. NDPC has identified Effective Strategies that have the most positive impact on reducing school dropout. These strategies appear to be independent, but actually work well together and frequently overlap. Although they can be implemented as stand-alone strategies, positive outcomes will result when school districts or other agencies develop program improvement plans that encompass most or all of these strategies. These strategies have been successful at all school levels from PK-12 and in rural, suburban, and urban settings. These strategies are grouped into four general categories: Foundational strategies (school-community perspective), early interventions, basic core strategies, and managing and improving instruction.

Foundational Strategies

Systemic Approach: A continuing process of evaluating goals and objectives related to school policies, practices, and organizational structures as they impact a diverse group of learners.

School-Community Collaboration: When all groups in a community provide collective support to the school, a strong infrastructure sustains a caring supportive environment where youth can thrive and achieve.

Safe Learning Environments: A comprehensive violence prevention plan, including conflict resolution, must deal with potential violence as well as crisis management. A safe learning environment provides daily experiences, at all grade levels, that enhance positive social attitudes and effective interpersonal skills in all students.

Early Interventions

Family Engagement: Research consistently finds that family engagement has a direct, positive effect on children's achievement and is the most accurate predictor of a student's success in school.

Early Childhood Education: Birth-to-five interventions demonstrate that providing a child additional enrichment can enhance brain development. The most effective way to reduce the number of children who will ultimately drop out is to provide the best possible classroom instruction from the beginning of their school experience through the primary grades.

Early Literacy Development: Early interventions to help low-achieving students improve their reading and writing skills establish the necessary foundation for effective learning in all other subjects.

Basic Core Strategies

Mentoring/Tutoring: Mentoring is a one-to-one caring, supportive relationship between a mentor and a mentee that is based on trust. Tutoring, also a one-to-one activity, focuses on academics and is an effective practice when addressing specific needs such as reading, writing, or math competencies.

Service-Learning: Service-learning connects meaningful community service experiences with academic learning. This teaching/learning method promotes personal and social growth, career development, and civic responsibility and can be a powerful vehicle for effective school reform at all grade levels.

Alternative Schooling: Alternative schooling provides potential dropouts a variety of options that can lead to graduation, with programs paying special attention to the student's individual social needs and academic requirements for a high school diploma.

After-School/Out-of-School Opportunities: Many schools provide after-school and summer enhancement programs that eliminate information loss and inspire interest in a variety of areas. Such experiences are especially important for students at risk of school failure because these programs fill the afternoon "gap time" with constructive and engaging activities.

Managing and Improving Instruction

Professional Development: Teachers who work with youth at high risk of academic failure need to feel supported and have an avenue by which they can continue to develop skills, techniques, and learn about innovative strategies.

Active Learning: Active learning embraces teaching and learning strategies that engage and involve students in the learning process. Students find new and creative ways to solve problems, achieve success, and become lifelong learners when educators show them that there are different ways to learn.

Educational Technology: Technology offers some of the best opportunities for delivering instruction to engage students in authentic learning, addressing multiple intelligences, and adapting to students' learning styles.

Individualized Instruction: Each student has unique interests and past learning experiences. An individualized instructional program for each student allows for flexibility in teaching methods and motivational strategies to consider these individual differences.

Career and Technical Education (CTE): A quality CTE program and a related guidance program are essential for all students. School-to-work programs recognize that youth need specific skills to prepare them to measure up to the larger demands of today's workplace.

Additional information and strategies related to dropout prevention along with recovery resources are available at TEA's page: [Support for At-Risk Schools and Students](#).

Bilingual Education Allotment (BEA) - State Funds

Statutory Authority: Texas Education Code §48.105 Bilingual Education Allotment (BEA)

Districts are required to spend at least 55% of BEA in providing bilingual education or English as a second language (ESL) programs through direct program costs.

BEA funds may be used only for the following:

- Program and student evaluation
- Instructional materials and equipment
- Staff development
- Supplemental staff expenses
- Salary supplements for teachers
- Incremental costs associated with providing smaller class sizes, and
- Other supplies required for quality instruction

Direct Costs: are costs that can be directly and wholly attributed to a specific fund, function, object, organization, or program intent.

Bilingual Education Allotment (BEA) Weights	
<i>Identified EB students whose parents have denied program services do not generate BEA funding</i>	
0.1	Emergent Bilingual students in average daily attendance in a standard or alternative bilingual education or an ESL program.
0.15	Emergent Bilingual student in average daily attendance in a dual language immersion one-way or two-way program model.
0.05	Non-emergent bilingual student and reclassified emergent bilingual students in average daily attendance in a dual language immersion two-way program model.

Indirect Costs: are costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost

objectives specifically benefited, without effort disproportionate to the results achieved.

Districts that apply for a Bilingual Education Exception and/or ESL Waiver must assure that they will use a minimum 10% of their total BEA funds for their Comprehensive Professional Development Plan per §89.1207 (a)(2)(D).

The 10% is applied to the 55% of BEA Direct Program Costs.

ESSA Title I, Part A - Improving Basic Programs

Title I, Part A – Improving Basic Programs Operated By Local Educational Agencies—of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA) of 2015, provides supplemental funding to state and local educational agencies to acquire additional education resources at schools serving high concentrations of students from low-income homes. These resources are used to improve the quality of education programs and ensure students from low-income families have opportunities to meet challenging state assessments.

Title I, Part A schools implement either a Schoolwide program or a Targeted Assistance program. Both Title I, Part A models — Schoolwide and Targeted Assistance — use evidence-based methods and instructional strategies.

ESSA & Perkins Strategic Priority Alignment

Alignment With Every Student Succeeds Act (ESSA) and Perkins Act Strategic Priorities

The Every Student Succeeds Act (ESSA) is the federal K–12 education law. ESSA was signed into law in 2015, replaced No Child Left Behind, and reauthorized the Elementary and Secondary Education Act (ESEA). ESEA was signed into law in 1965 by President Lyndon Baines Johnson.

ESSA requires every state to measure performance in reading, math, and science. Every school must inform parents about their standards and their results.

ESSA requires every state to provide parents important information on test performance in reading, math, and science. The report cards must also provide data on graduation rates, suspensions, absenteeism, teacher qualifications, and many other areas. Texas parents may find this information on [TXschools.gov](https://www.txschools.gov) and in data reports on the Performance Reporting pages.

TEA has defined four strategic priorities to support the agency’s goal of preparing every child for success in college, a career, or the military. The recommended uses of funds linked below are designed to help grantees align their grant fund expenditures with those priorities.

Strategic Priority I: Recruit, Support, and Retain Teachers and Principals

Recommended Initiatives and Best Practices	Tomball ISD Programs, Initiatives and Actions	Department/Position Responsible	Federal Funding Source
Instructional Leadership Development	Tomball ISD is committed to strengthening its leadership pipeline and developing strong instructional leaders by heavily investing in high-quality professional development and coaching. The district offers a range of in-house training and partners with renowned consultants such as Great Expectations, N2 Learning, Capturing Hearts (Flippen Group), Solution Tree, Sandra Mercuri and Seidlitz (focused on EB students), and Jim Knight's Instructional Coaching Group. These professional development opportunities are provided to teachers, assistant principals, principals, and key instructional leaders to foster excellence at the campus level.	Office of School Leadership, Assistant Superintendent of Strategic Innovation	Title II
Principal Support and Supervision	Tomball ISD is dedicated to ensuring that every campus is led by a highly effective principal who not only improves student outcomes but also fosters a positive work environment that attracts, hires, develops, and retains high-quality teachers at an impressive rate. The district supports its principals through high-quality professional development, coaching, and networking opportunities, both in-house and through partnerships with experts like N2 Learning and Solution Tree. Additionally, principals are encouraged to attend conferences, allowing them to learn alongside diverse educators and further enhance their leadership skills.	Office of School Leadership, Assistant Superintendent of Strategic Innovation	Title II
Strategic Compensation	Tomball ISD strategically invests federal funding to recruit, support, and retain high-quality teachers across the district through strategic compensation. This supplemental pay approach attracts and rewards experienced and effective teachers and principals, ensuring strong instructional leadership. By aligning with TEA's Strategic Priority #1—recruiting, supporting, and retaining teachers and	Finances, Human Talent	Title II

	principals—Tomball ISD demonstrates its commitment to fostering educational excellence and retaining top talent.		
Teacher Leadership / Master Teachers	Tomball ISD empowers effective teachers by offering opportunities to coach, mentor, and lead their peers while continuing to teach students. These leadership roles are supported by federal funding, which enhances opportunities through strategic compensation, professional development, and attendance at conferences. This investment ensures that experienced teachers can share their expertise and help develop a collaborative and supportive learning environment across campuses.	Office of School Leadership, Assistant Superintendent of Strategic Innovation	Title II
Teacher Mentoring and Coaching	Teachers new to the district or with less than three years of teaching experience are placed into two different tracks to target specific teaching and learning strategies. Mentees are given a campus mentor and are provided with bi-monthly professional development sessions.	Human Talent	
Induction Programs for New Teachers	New teacher breakfast, orientation, and specialized training sessions one week before returning teachers report.	Human Talent, Assistant Superintendent of Strategic Innovation	
Systemic Human Resources Office improvements, including targeted recruiting and effective screening of teacher and principal employment applicants	We attend university job fairs and area job fairs. We host yearlong student residencies and student teachers on our campuses. We have established a district Grow Your Own Program. This program targets Tomball ISD paraprofessionals who are given the opportunity to finish their degree and receive a teaching certification at no out of pocket cost to the employee.	Assistant Superintendent Human Talent	
Instructional coaching for teachers and principals, to include teacher mentoring, for serving students with disabilities	Specialized training for campus administrators, counselors and teachers on behavioral supports through Multi-Tiered Systems of Support	Director of Guidance and Counseling	

Strategic Priority II: Build a Foundation in Reading and Math

Recommended Initiatives and Best Practices	Tomball ISD Programs, Initiatives and Actions	Department/Position Responsible	Federal Funding Source
Blended Learning Math Programs	Imagine Learning/Imagine Math, Freckle Math by Renaissance Learning, Varsity Tutors, Khan Academy	Curriculum Directors	
K-2 Reading Interventionists and Reading Intervention Teams	Tomball ISD recognizes the critical importance of building a strong foundation in reading and math, aiming for all students to read on grade level by the end of third grade. By fourth grade, students are expected to use their reading skills to support learning across subjects like math, science, and social studies. To achieve this, Tomball ISD leverages federal funds to enhance its core academic programs, ensuring that every student, regardless of background, gender, or socioeconomic status, has an equal opportunity to succeed.	Office of School Leadership, Curriculum Directors, Human Talent	Title I
Middle School Matters (RLA)	Tomball ISD leverages federal funds to enhance its core academic programs, ensuring that every student, regardless of background, gender, or socioeconomic status, has an equal opportunity to succeed at the middle school grade levels.	Office of School Leadership, Curriculum Directors	Title I
PK-3 Systems Alignment	Tomball ISD supports campus PLC training and vertical alignment between the Early Excellence Academy PreK program and the Title I Elementary Schools.	Office of School Leadership, Curriculum Directors	Title I, Title II
High-Quality Pre-Kindergarten Initiatives	Tomball ISD recognizes the critical importance of building a strong foundation for early childhood development. All Pre- K programs are full day with an inclusive model ensuring class sizes of 1:22 with two paraprofessionals as support. and teacher ratios	Office of School Leadership, Curriculum Directors	
High-Quality Pre-Kindergarten Partnerships	Tomball ISD has completed requirements for soliciting partnerships.	Office of School Leadership	

<p>School Safety, Culture, and Climate Initiatives</p>	<p>Tomball ISD utilizes federal funds to enhance school safety, culture, and climate programs, supporting the district's goals of building strong foundations in reading and math, and connecting high school students to college and career pathways. By fostering positive traits and promoting a healthy school environment, the district ensures that students thrive academically and personally. Examples of these efforts include the implementation of the Panorama Education survey and the hiring of supplemental high school counselors to address behavioral health needs.</p>	<p>Office of School Leadership, Curriculum Directors</p>	<p>Title II, Title III, Title IV</p>
<p>Buy supplemental instructional materials for at-risk students focused on math and literacy, to include audio, large-print, or braille formats for eligible students</p>	<p>Tomball ISD leverages federal funds to enhance instructional materials aimed at supporting at-risk students in math and literacy, aligning with the district's goals of building strong foundations in reading and math and preparing high school students for college and career pathways. Notable investments include resources from Curriculum Associates, Think Up, Scholastic, Hand2Mind, Okapi Education, Just Right Reader, Lazel, Estrellita, Math Warm-Ups, Kindermusik, Starfall Education, EdPuzzle, Summit K-12, and Brain Pop. These tools ensure students receive targeted, high-quality instruction to support their success.</p>	<p>Curriculum Directors</p>	<p>Title I</p>
<p>Early childhood numeracy and literacy activities and related instructional coaching for teachers or relevant training for ALL** staff</p>	<p>Tomball ISD provides professional learning performed by district specialists at district and campus professional learning days for teachers who provide instruction for early childhood numeracy and literacy. District specialists additionally conduct classroom walkthroughs and provide feedback to teachers for instructional improvements. Tomball ISD uses the computer programs Freckle, iStation, and ST Math to assist students with learning early numeracy and literacy. Finally, Tomball ISD has contracted the services of Michelle Harris to serve as a model for instructional coaching.</p>	<p>Curriculum Directors</p>	
<p>Offer scheduled, uninterrupted, common planning time / PLCs, specific to math and literacy initiatives</p>	<p>Tomball ISD supports and promotes protected and structured time for teachers to engage in collaboration. Relevant training for better serving students with disabilities for ALL** staff.	Tomball ISD provides training sessions for campus and district staff targeting the needs of students with disabilities.	Student Support	IDEA B
Offer effective instructional materials to target needs of students with disabilities	Tomball ISD provides instructional tools such as Unique Learning Systems, Vizzle and social skills curriculums. Additionally, supplemental materials for sensory, physical and educational needs are provided to ensure students purposeful and intentional support.	Student Support	IDEA B
Buy education technology (blended learning) for differentiated instruction, math, and literacy interventions, to include assistive technology for eligible students	Tomball ISD leverages external funding to invest in educational technology, including blended learning tools, to support differentiated instruction and provide targeted interventions in math and literacy. This also includes assistive technology for eligible students. One example of such technology is Lexia Learning.		RBL grant, Title I

Strategic Priority III: Connect High School to Career and College

Recommended Initiatives and Best Practices	Tomball ISD Programs, Initiatives and Actions	Department/Position Responsible	Federal Funding Source
Early College High School	Tomball ISD operates Tomball Star Academy as an Early College High School with a PTECH option.	Curriculum Directors	
Industry Cluster Innovative Academy	Tomball ISD operates a PTECH at Tomball Star Academy, and clusters several CTE pathways at the Tomball Innovation Center.	Curriculum Directors	
AP / IB exam reimbursement for low-income students	Tomball ISD participates in the AP exam reimbursement program and has increased participation and passing rates over the last few years.	Office of School Leadership, Curriculum Directors	
Advanced Placement/International Baccalaureate teacher training	APSI training for teachers on a rotating basis.	Curriculum Directors	
Buy effective instructional materials to improve postsecondary outcomes, including resources used for career awareness, exploration, and career planning, specifically for students at-risk or students with disabilities.	Tomball ISD uses YouScience in the 7th grade <i>Career and College Exploration</i> class, which is required for all students. This program is designed to help students identify their aptitudes and connect them to real, in-demand careers through the development of personalized career pathways.	Curriculum Directors	CTE Local Funds
Offer industry-recognized certifications for students for careers in high skill, high wage, or high demand jobs.	The Tomball ISD CTE Department offered 24 different industry-based certifications during the 2023-2024 school year, and students earned 1,415 of these credentials. Districtwide Reform Strategies and SMART Goals

The District will implement the following district-wide reform strategies to address District needs and provide opportunities for all children, including each of the subgroups of students (economically disadvantaged students, students from major racial and ethnic groups, children with disabilities, English learners, and at-risk students) to meet the challenging State academic standards. The District will particularly address the needs of those at-risk of not meeting the challenging State academic standards. This District will use methods and instructional strategies to strengthen the academic program in the District, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum which may include programs, activities, and courses necessary to provide a well-rounded education.

Goal I Foundational Literacy

Increase the percent of foundational literacy performance measures in CLI Engage (Prek-K) and the percent of students scoring “At/Above Grade Level Proficiency” on Star Renaissance (1st and 2nd) by 5%.

Major Strategies: Collaboration, Consulting, Coaching, Data Analysis, Professional Development

Staff Development Needs

The district addresses the Excellent Educators for All Initiative (Title I, Part A under the Every Student Succeeds Act) by developing goals and strategies to decrease the equity gaps as they relate to low-income students and students of color being taught at higher rates than other students by inexperienced, out-of-field, and ineffective teachers. It does not matter what classroom these students walk into – in Tomball ISD, an effective teacher awaits them. In order to successfully implement the DIP for 2024-2025, professional development, including teacher-led training is required for teachers and administrators in the major areas of collaboration, infused technology, multiple pathways to teaching and leading, meaningful evaluation and support, strong teacher leadership, mentoring, instructional leadership

Tomball ISD Professional Learning Mission:

To empower educators through continuous learning and collaboration in a trusting environment to ignite innovation and deliver high-quality instruction that propels student success.

Tomball ISD Professional Learning Plan

Future Ready Learners

Specific sessions aligned to this priority are designed to address CTE and CCMR outcomes.

Responsive and Personalized Learning

Collaborative practices and coaching related to these practices is a focus to support the instructional design process and to ensure collaboration and high quality instruction in each classroom.

TISD Curriculum & Instruction staff developed a Unified Vision for Collaborative Teaming in 2022 to support grade level and content teams in their instructional design process. Proficiency Levels were established to assess current reality and plan next steps for student learning outcomes

Instructional design and high quality instruction in each classroom is supported by professional learning through these and other resources:

- Texas Reading Academies (K-3)
- Texas Dyslexia Academy
- New STAAR Items Types
- Instructional Coaching Group
- Koessel Literacy Consulting
- Flippen Leadership Blueprint
- Schoology
- Solution Tree
- Great Expectations

Ensure a multi-tiered systems of supports for all students

- Academic supports
- Behavioral supports

Literacy Frameworks

Literacy within all Tomball ISD classrooms should be a foundational aspect of all instruction.

- Direct instruction, small group instruction, independent practice, intentional and purposeful feedback, peer collaboration, formative assessment

All professional learning sessions align to and reference the LWL plan across all content areas

Sessions support grade spans

- PK-2 (learning to read)
- 3-4 (reading to learn)
- 5-6 (text complexity)
- 7-12 (literary analysis)

Leading with Literacy 2.0

- Systematic Intervention (book study during 23-24)
- Additional Multilingual supports (fastest growing population)
- Student Growth Percentile reporting through Renaissance
- Depth of Knowledge support for inquiry and critical thinking/writing to extend learning for all students

Social, Emotional, and Safety Welfare of the Whole Child

A focus on emotional health and wellness for staff and students continue to advance the culture of campuses through professional learning

- Great Expectations and Great Expectations Model Schools

Digital Learning and Emerging Technology

- Continued integration of technology into instruction enhances blended learning outcomes.
- Artificial Intelligence

Quality Staffing and Professional Learning

All professional learning sessions are aligned to TISD Boulders

- Collaborative Culture
- High Quality Instruction
- Social & Emotional Learning

All Professional Learning sessions are aligned to the Tomball ISD Leadership Definition

T-TESS, T-PESS, and T-SCESS training are all provided through Region IV ESC.

Waivers

Tomball ISD has requested and been approved by the Commissioner of Education for the following waivers allowable through the Texas Education Code and the Texas Administrative Code:

Waiver Type	Reason	Expires	Description
Foreign Exchange Student (5 or more)	Financial or staffing hardship / diminish high quality services / competition for resources	2027	Allows the district to limit the number of foreign exchange students to 5 per high school.
Modified Schedule State Assessment Testing Days	STAAR EOC testing day schedules	2027	This waiver allows the district or charter school to modify the schedule of classes on State Assessment testing days during the school year to reduce interruptions during testing periods.
Texas Data Portal of Texas Assessment Management System	Use of Eduphoria Aware	2027	This waiver allows school districts and charter schools to apply for a waiver of participation in the teacher portal component of the Texas Assessment Management System. A waiver is granted if a district or charter school can provide assurance that the local teacher data portal meets the statutory requirements.
Staff Development General	Professional Development	2025	<p>Each district and open-enrollment charter school may choose how to apply their approved Staff Development Minutes Waiver. For instance, schools may choose to offer early release, late start, all day staff development, or a combination. However, the total waiver minutes for staff development shall not exceed 2,100 minutes per year.</p> <p>This waiver is for staff development in place of student instruction; therefore, the waiver minutes are only applicable to staff development provided instead of student instruction during the school year. Effective with the 2019-2020 school year, the Staff Development Minutes Waiver may not be used prior to the first day of student instruction or after the last day of student instruction.</p>
Full-Day Prekindergarten	Program Requirements	2025	This waiver exempts the district from the requirement to provide full-day prekindergarten for all eligible four-year old students.

District of Innovation

Tomball ISD is an approved Texas Education Agency District of Innovation. Districts of Innovation may be exempt from state statutes to:

- take greater local control in decision-making about the educational and instructional model for students
- have increased autonomy from state mandates that govern educational programming
- be empowered to innovate and plan differently – to think outside of the box

The Tomball ISD renewal plan will be in effect for the 2022-2023 school year through the 2026-2027 school year. This plan may be amended at any time by the committee with the approval of the Board of Trustees.

Statutory Exemption	Texas Education Code/ Tomball ISD Board Policy	Proposed Innovation
<p>1. OPERATION OF SCHOOL AND SCHOOL ATTENDANCE</p>	<p>TEC 25.0811 EB(LLEGAL)</p>	<p>To allow for a calendar that fits the local needs of our community, we would like to consider moving the mandatory start date back one week which would better benefit our students.</p> <p>a. Students will begin no earlier than the <u>2nd</u> Monday of August.</p> <p>b. Teachers will begin no earlier than the <u>1st</u> Monday of August.</p> <p>c. This will allow the first and second semesters to be closer in the number of days of instruction.</p> <p>d. The goal is to improve the district attendance rate and student success through the flexibility in the calendar.</p> <p>e. Flexible start dates and times will accommodate Early College High School schedules.</p>
<p>2. SUBMITTING WAIVERS FOR KINDERGARTEN – GRADE 4 CLASS SIZE</p>	<p>TEC 25.111 TEC 25.112 TEC 25.113 EEB(LLEGAL)</p>	<p>While we certainly believe that small class size plays a positive role in the classroom, we do not believe it has a negative effect when you only add one or two more students. Many times it is not the number of the students but the makeup and chemistry of the classroom which influence the learning environment.</p> <p>a. TISD will attempt to keep all K-4th core classrooms to a 22:1 ratio. However, in the event the class size exceeds this ratio, the superintendent will report to the Board of Trustees.</p> <p>b. In the event a K-4th core classroom reaches 24:1, the campus will notify the parents of the number of students in the classroom and inform them of the situation.</p> <p>c. A TEA waiver will not be necessary when a K-4th classroom exceeds the 22:1 ratio.</p> <p>d. This gives TISD flexibility without having to apply for waivers within the Texas Education Agency.</p>

<p>3. TEACHER CERTIFICATION</p>	<p>TEC 21.003a TEC 21.057a-e</p> <p>(DK LEGAL) (DK LOCAL) (DK EXHIBIT)</p>	<p>In order to best serve TISD students and allow more flexibility in our scheduling and class offerings, certification issues will be handled locally.</p> <p>a. The campus principal may submit to the superintendent a request to allow a certified teacher to teach one subject out of their certified field. The principal must specify in writing the reason for the request and document what credentials the certified teacher possesses which qualify this individual to teach this subject.</p> <p>b. Flexibility with personnel on Title I campuses per ESSA guidelines.</p> <p>c. In exceptional circumstances, when a certified educator is not found for a unique or innovative class, the campus principal may submit to the superintendent a request for local certification that will allow a non-certified yet highly qualified professional to teach OR a certified educator to teach a subject in a related field for which she or he is not credentialed by the state.</p> <p>d. A teacher certification waiver, state permit applications or other paperwork will not be submitted to the Texas Education Agency.</p>
<p>4. IMPLEMENT A LOCAL TEACHER AND ADMINISTRATOR APPRAISAL SYSTEM</p>	<p>TEC 21.203 TEC 21.352</p> <p>DNA(LEGAL)</p>	<p>a. Tomball ISD will follow a modified TTESS and TPESS as a localized Teacher Appraisal System and an Administrator Appraisal System, which are better aligned with the Tomball ISD strategic goals and student assessments. This exemption would allow flexibility to evaluate various performance measures, including classroom observations, goal setting and tracking, and collective student growth progress toward identified learning objectives. The local system will be detailed in Board Policy DNA(LOCAL) and accompanying documents.</p>
<p>5. CAMPUS BEHAVIOR COORDINATOR</p>	<p>TEC 37.0012</p> <p>FO(LEGAL)</p>	<p>The proposal is for the District to seek exemption from the statute requiring each school to have a designated campus behavior coordinator. The relationships that are established between the campus administrator, counselor, student, and parent are the foundation for promoting and maintaining positive behavior. Utilizing a local district process allows the administrator who currently has a relationship with the parent and student to be the person to make parental contact. The administrator notifies the parent of discipline or behavior concerns, rather than having contact by a campus behavior coordinator, who may not know all the students, providing a much more individual and personal approach.</p>

<p>6. INTER-DISTRICT TRANSFERS</p>	<p>TEC 25.036 FDA(LLEGAL)</p>	<p>Texas Education Code 25.036 and Tomball ISD Board Policy FDA (Local) currently allow for inter-district student transfers. Under Section 25.036, a transfer is interpreted to be for one school year. However, in rare instances, a transfer appears not to be in the best interest of the student, the students of Tomball ISD, and the District when the transferred student engages in behavior that warrants significant discipline, does not attend needed interventions, and/or has attendance that falls below the TEA truancy standard. In those rare instances, Tomball ISD seeks the ability to revoke the transfer during the one school year time period.</p> <p>Proposed Innovation: Tomball maintains an inter-district transfer policy under Board Policy FDA (Local) requiring nonresident students wishing to transfer to file a transfer application for each school year, and in approving transfer requests, the Superintendent or designee shall consider the availability of space and instructional staff and the student’s disciplinary history and attendance records. Under Policy FDA, transfer students are expected to follow the rules and regulations of the District. The District is seeking to eliminate the provision of a one-year commitment in accepting an inter-district transfer for the following circumstances:</p> <ul style="list-style-type: none"> - student behavior warrants suspension (in or out of school), placement in a disciplinary alternative program, or expulsion; and/or - student has not attended required interventions (if needed); and/or - student attendance falls below the TEA truancy standard.
------------------------------------	-----------------------------------	--

Not just a district, a destination.
