## CAMPUS IMPROVEMENT PLAN

### 2024-2025

Campus Name	Tomball High School
State Name	Tomball HS
Campus ID#	101-921-001
Principal	Chris Scott
Date of Board Approval	October 15, 2024

At Tomball ISD, we are not a big, impersonal school district; we are a home for people looking for a warm, close-knit community where teachers, principals, staff and administrators truly care about each individual child. We are also a destination for our strong academic programs and a wide variety of extracurricular activities. Our focus is to make sure that every single student finds a place to belong, a passion to pursue and a love of learning that will serve him or her well beyond the years spent with us.

## Tomball ISD Non-Discrimination Policies

### General Policies

Tomball ISD does not discriminate on the basis of race, color, national origin, sex, or disability in its programs or activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the nondiscrimination policies: Karen Graves, at 310 South Cherry, Tomball, TX 77375-5595, (281)357-3100, Ext. 2010, karengraves@tomballisd.net

#### Tomball ISD Board Policy FFH (LOCAL)

The District prohibits discrimination, including harassment, against any student. Discrimination is defined as treating a student or group of students differently from similarly situated students on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. Retaliation against anyone exercising their rights under this policy is a violation of District policy and is prohibited.

#### Tomball ISD Board Policy DIA (LOCAL)

The District prohibits discrimination, including harassment, against any employee on the basis of race, color, religion, gender, national origin, age, disability, or any other basis prohibited by law that adversely affects the employee's employment.

In accordance with law, discrimination on the basis of sex includes discrimination on the basis of any other prohibited basis related to sex.

### Vocational Programs

Tomball ISD offers career and technical education (CTE) programs of study in a variety of fields published in the Tomball ISD Course Catalog along with admission requirements.

It is the policy of Tomball ISD not to discriminate on the basis of race, color, national origin, sex or handicap in its vocational programs, services or activities and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

It is the policy of Tomball ISD not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

Tomball ISD will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX Coordinator, Steve Guerrero, at 310 South Cherry, Tomball, TX 77375-5595, (281)357-3100, Ext. 2061, steveguerrero@tomballisd.net; and or the Section 504 Coordinator, Steven Shiels, 11211 F.M. 2920, Tomball, TX 77375, (281)357-3100, Ext. 4111, stevenshiels@tomballisd.net.

## Legal Notice

In annual accordance and compliance with chapters 4, 11 and 39 of the Texas Education Code and Tomball ISD Board Policies BQ, BQA, and BQB; each campus principal of all Tomball Independent School District schools has collaborated with the District Improvement Team to analyze data relative to the academic performance of all students including students in special education programs and at-risk students. The data analysis was used as part of a comprehensive needs assessment for the purpose of developing goals and determining strategies to improve student performance and support district and state goals and initiatives. This process aligns with the Texas Effective Schools Framework (ESF). This process and plan satisfy any improvement actions required by the Texas State Accountability Rating System including the Results Driven Accountability (RDA), Data Validation and Verification Monitoring, Data Reporting Compliance, and the state and federal Identification of Schools for Improvement. This process and plan satisfy the federal requirements for campuses and districts under regulation of and/or receiving funding through Titles I, II, III, and IV of the Elementary and Secondary Education Act of 1965, reauthorized in 2015 under the Every Student Succeeds Act (ESSA), and the Individuals with Disabilities Education Act (IDEA) Part B, including the Local Equitable Access Plan required by Title I, Part A Sec. 1112(b)(2). This process and plan satisfy the requirements for the annual comprehensive needs assessment of at-risk students and the development of goals and strategies to improve the academic performance of at-risk students at campuses receiving State Compensatory Education (SCE) funds ([TEC. §29.081](#) [TEC. §48.104](#)). The SCE procedures, plans, evaluation, and At-Risk population data is located in the District Improvement Plan (DIP) and school-specific documentation is located in the Campus Improvement Plans (CIP).

The Board shall ensure that a District Improvement Plan and improvement plans for each campus are developed, reviewed, and revised annually for the purpose of improving the performance of all students. The Board shall annually approve District and campus performance objectives and shall ensure that the District and campus plans:

1. Are mutually supportive to accomplish the identified objectives; and
2. At a minimum, support the state goals and objectives under Education Code Chapter 4.

*Texas Education Code 11.251(a)*

A board shall adopt a policy to establish a district- and campus-level planning and decision-making process that will involve the professional staff of a district, parents of students enrolled in a district, business representatives, and community members in establishing and reviewing the district's and campuses' educational plans, goals, performance objectives, and major classroom instructional programs.

*Texas Education Code 11.251(b)*

The District's planning process to improve student performance includes the development of the District's educational goals, the legal requirements for the District and campus improvement plans, all pertinent federal planning requirements, and administrative procedures. The Board shall approve the process under which the educational goals are developed and shall ensure that input is gathered from the District-level committee. [See BQA]

*BQ(LOCAL)*

Each school year, the principal of each school campus, with the assistance of the campus-level committee, shall develop, review, and revise the campus improvement plan. The purpose of the campus-level plan is to improve student performance for all student populations, including students in special education programs under Education Code Chapter 29, Subchapter A, with respect to the student achievement indicators and any other appropriate performance measures for special needs populations.

*Texas Education Code 11.253(c)*

The district policy must provide that all pertinent federal planning requirements are addressed through the district- and campus-level planning process.

*Texas Education Code 11.251(f)*

A district that receives Title I, Part A funds shall develop jointly with, agree with, and distribute to, parents and family members of participating children a written parent and family engagement policy. The policy shall be incorporated into a district plan developed under 20 U.S.C. 6312 [TEA-approved plan to receive Title I funds], establish the district's expectations and objectives for meaningful parent and family involvement, and describe how the district will:

1. Involve parents and family members in jointly developing the district plan, and the development of support and improvement plans under paragraphs (1) and (2) of section 6311(d);
2. Provide the coordination, technical assistance, and other support necessary to assist and build the capacity of all participating schools within the district in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education;
3. Coordinate and integrate parent and family engagement strategies under Title I, Part A with parent and family engagement strategies to the extent feasible and appropriate, with other relevant federal, state, and local laws and programs;
4. Conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of all schools served under Title I, Part A, including identifying:
  - a. Barriers to greater participation by parents in activities authorized by section 6318 (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background);
  - b. The needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and
  - c. Strategies to support successful school and family interactions;
5. Use the findings of the above evaluation to design evidence-based strategies for more effective parental involvement, and to revise, if necessary, the parent and family engagement policies described in section 6318; and
6. Involve parents in the activities of the schools served under Title I, Part A, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the local educational agency to adequately represent the needs of the population served by such agency for the purposes of developing, revising, and reviewing the parent and family engagement policy.

*20 U.S.C. 6318(a)(2) [See BQ(LOCAL)]*

A district that receives Title I, Part A funds shall develop a district improvement plan that addresses equity 1111(g)(1)(B). The policy shall be incorporated into a district plan developed under 20 U.S.C. 6312 [TEA-approved plan to receive Title I funds], establish the district's expectations and objectives (b) Plan Provisions.

To ensure that all children receive a high-quality education, and to close the achievement gap between children meeting the challenging State academic standards and those children who are not meeting such standards, each local educational agency plan shall describe:

1. How the local educational agency will monitor students' progress in meeting the challenging State academic standards by
  - a. developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
  - b. identifying students who may be at risk for academic failure;
  - c. providing additional educational assistance to individual students the local educational agency or school determines need help in meeting the challenging State academic standards; and
  - d. identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning;

2. How the local educational agency will identify and address, as required under State plans as described in section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers;
3. How the local educational agency will carry out its responsibilities under paragraphs (1) and (2) of section 1111(d);
4. The poverty criteria that will be used to select school attendance areas under section 1113;
5. In general, the nature of the programs to be conducted by such agency's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs;

*20 U.S.C. 6312 section 1111(g)(1)(B)*

A district shall have a district improvement plan that is developed, evaluated, and revised annually, in accordance with district policy, by the superintendent with the assistance of the district-level committee. The purpose of the district improvement plan is to guide district and campus staff in the improvement of student performance for all student groups in order to attain state standards in respect to the achievement indicators.

*Texas Education Code 11.252(a)*

The district improvement plan must include provisions for:

1. A comprehensive needs assessment addressing performance on the achievement indicators, and other appropriate measures of performance, that are disaggregated by all student groups served by a district, including categories of ethnicity, socioeconomic status, sex, and populations served by special programs, including students in special education programs under Education Code Chapter 29, Subchapter A.
2. Measurable district performance objectives for all appropriate achievement indicators for all student populations, including students in special education programs under Education Code Chapter 29, Subchapter A, and other measures of student performance that may be identified through the comprehensive needs assessment.
3. Strategies for improvement of student performance that include:
  - a. Instructional methods for addressing the needs of student groups not achieving their full potential.
  - b. Evidence-based practices that address the needs of students for special programs, including:
    - i. (1) Suicide prevention programs, in accordance with Health and Safety Code Chapter 161, Subchapter O-1, which includes a parental or guardian notification procedure [see FFB];
    - ii. (2) Conflict resolution programs;
    - iii. (3) Violence prevention programs; and
    - iv. (4) Dyslexia treatment programs.
  - c. Dropout reduction.
  - d. Integration of technology in instructional and administrative programs.
  - e. Positive behavior interventions and support, including interventions and support that integrate best practices on grief-informed and trauma-informed care
  - f. Staff development for professional staff of a district.
  - g. Career education to assist students in developing the knowledge, skills, and competencies necessary for a broad range of career opportunities.
  - h. Accelerated education.
  - i. Implementation of a comprehensive school counseling program under Section 33.005
4. Strategies for providing to middle school, junior high school, and high school students, those students' teachers and school counselors, and those students' parents information about:
  - a. Higher education admissions and financial aid opportunities such as the TEXAS grant program and the Teach for Texas grant program established under Chapter 56.

- b. The need for students to make informed curriculum choices to be prepared for success beyond high school.
  - c. Sources of information on higher education admissions and financial aid.
5. Resources needed to implement identified strategies.
  6. Staff responsible for ensuring the accomplishment of each strategy.
  7. Timelines for ongoing monitoring of the implementation of each improvement strategy.
  8. Formative evaluation criteria for determining periodically whether strategies are resulting in intended improvement of student performance.
  9. The policy under Section 38.0041 addressing sexual abuse and other maltreatment of children; and
  10. The trauma-informed care policy required under Section 38.036 which must address
    - a. using resources developed by the agency, methods for:
      - i. increasing staff and parent awareness of trauma-informed care; and
      - ii. implementation of trauma-informed practices and care by district and campus staff; and
    - b. available counseling options for students affected by trauma or grief.

*Texas Education Code 11.252(a)*

11. A discipline management program providing for prevention of and education concerning unwanted physical or verbal aggression, sexual harassment, and other forms of bullying in schools, on school grounds, and in school vehicles.

*Texas Education Code 37.083(a)*

12. A dating violence policy that must:
  - a. Include a definition of dating violence that includes the intentional use of physical, sexual, verbal, or emotional abuse by a person to harm, threaten, intimidate, or control another person in a dating relationship, as defined by Family Code 71.0021; and
  - b. a clear statement that dating violence is not tolerated at school; and
  - c. reporting procedures and guidelines for students who are victims of dating violence, including a procedure for immediately notifying the parent or guardian of a student about a report received by the district identifying the student as an alleged victim or perpetrator of dating violence; and
  - d. Address safety planning, enforcement of protective orders, school-based alternatives to protective orders, training for teachers and administrators, counseling for affected students, and awareness education for students and parents.

Texas Education Code 37.0831 [See FFH]

13. An Anti-Bullying policy that must:
  - a. include an emphasis on bullying prevention by focusing on school climate and building healthy relationships between students and staff;
  - b. require each district campus to establish a committee to address bullying by focusing on prevention efforts and health and wellness initiatives;
  - c. require students at each grade level to meet periodically for instruction on building relationships and preventing bullying, including cyberbullying;
  - d. include an emphasis on increasing student reporting of bullying incidents to school employees by:
    - i. increasing awareness about district reporting procedures; and
    - ii. providing for anonymous reporting of bullying incidents;
  - e. require districts to:
    - i. collect information annually through student surveys on bullying, including cyberbullying; and
    - ii. use those survey results to develop action plans to address student concerns regarding bullying, including cyberbullying; and

- f. require districts to develop a rubric or checklist to assess an incident of bullying and to determine the district's response to the incident.

- 14. A policy addressing sexual abuse, sex trafficking, and other maltreatment of children that must address:
  - a. methods for increasing staff, student, and parent awareness of issues regarding sexual abuse, sex trafficking, and other maltreatment of children, including prevention techniques and knowledge of likely warning signs indicating that a child may be a victim of sexual abuse, sex trafficking, or other maltreatment, using resources developed by the agency or the commissioner regarding those issues, including resources developed by the agency under Section 38.004;
  - b. actions that a child who is a victim of sexual abuse, sex trafficking, or other maltreatment should take to obtain assistance and intervention; and
  - c. available counseling options for students affected by sexual abuse, sex trafficking, or other maltreatment.

*Texas Education Code 38.0041*

A district's plan for the improvement of student performance is not filed with TEA, but the district must make the plan available to TEA on request.

*Texas Education Code 11.252(b)*

The district-level committee shall assist the superintendent with the annual development, evaluation, and revision of the district improvement plan.

*Texas Education Code 11.252(a)*

Each school district shall use the results from the teaching and learning conditions survey required by Education Code 7.065(a), conducted biennially, to review and revise, as appropriate, the district-level improvement plan, and for other purposes, as appropriate to enhance the district learning environment.

*Texas Education Code 7.065(e)*

A district-level committee of a district with a junior high, middle, or high school campus shall analyze information related to dropout prevention, including:

- 1. The results of the audit of dropout records;
- 2. District information related to graduation rates, dropout rates, high school equivalency certificate rates, and the percentage of students who remain in high school more than four years after entering grade 9;
- 3. The number of students who enter a high school equivalency certificate program and:
  - a. Do not complete the program,
  - b. Complete the program but do not take the high school equivalency examination, or
  - c. Complete the program and take the high school equivalency examination but do not obtain a high school equivalency certificate;
- 4. For students enrolled in grades 9 and 10, information related to academic credit hours earned, retention rates, and placements in disciplinary alternative education programs and expulsions under Chapter 37; and
- 5. The results of an evaluation of each school-based dropout prevention program in a district.

Each district-level committee shall use the information in developing the district improvement plan.

*Texas Education Code 11.255*

For staff development under Education Code 21.451(a), a district may use district-wide staff development developed and approved through the district-level decision process.

*Texas Education Code 21.451(c)*

Staff development shall be predominantly campus-based, related to achieving campus performance objectives, and developed and approved by the campus-level committee.

## Federal Funds

### *Supplement, Not Supplant Methodology*

County-District #: 101921

LEA Name: Tomball ISD

School Year: 2023-2024

## Supplement, Not Supplant (SNS) Methodology

### Purpose:

The Supplement, Not Supplant (SNS) Methodology described in this document is used to ensure that State and local funds are distributed in such a way that each Title I campus receives all of the State and local funds that it would receive in the absence of Title I funds.

(1) IN GENERAL –A State educational agency or local educational agency shall use Federal funds received under this part only to supplement the funds that would, in the absence of such Federal funds, be made available from State and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds.

Tomball ISD has adopted the following policies to assure compliance with regulations regarding Federal funds:

[EHBD \(LEGAL\)](#)

[EHBD \(LOCAL\)](#)

(2) COMPLIANCE. –To demonstrate compliance with paragraph (1), a local educational agency shall demonstrate that the methodology used to allocate State and local funds to each school receiving assistance under this part ensures that such school receives all of the State and local funds it would otherwise receive if it were not receiving assistance under this part.

### Assurance:

The LEA assures that—

- any State and local funds that are retained at the LEA level will be used in a Title I neutral manner; and
- any Title I, Part A funds that are reserved at the LEA level will be used only for Title I, Part A purposes, as indicated in the LEA's approved ESSA Consolidated Federal Grant Application.

As part of Tomball ISD's priority-based budget process, the District uses the following methodology to allocate state and local funds to district and campus programs without regard to participation in the Title I, Part A program.

*Distribution by Personnel and Non-personnel Expenditures  
(per-personnel position plus per-pupil).*

The annual budget process is a major activity in moving the District and its organizational units toward the achievement of strategic goals designed to improve student learning. In essence, the budget process is the translation of the planning process into financial terms and measurements. Tomball ISD focuses on the following priorities when financially planning for the school year:

1. Sustainability of existing staff
2. Hiring need for the projected student enrollment growth
3. Class-reduction teachers for campuses with greatest number of at-risk students
4. Innovative programs

The District prioritizes campus staffing because we understand that providing smaller student-teacher ratios in all classrooms increases student academic achievement. The average student-teacher ratio for Tomball ISD is 16:1 K-12 in comparison to the State’s mandated 22:1 for K-4.

It is understood that the LEA must provide sufficient State and local funds to campuses in order to provide a free, public education, in the absence of Title I, Part A funds.

Description of methodology:

The basis on which State and local funds are allocated:

- DISTRICTWIDE or
- CAMPUS CATEGORY

The type of methodology used:

- SIMPLE FLAT AMOUNT PER-PUPIL
- WEIGHTED PER-PUPIL
- PERSONNEL-NONPERSONNEL COSTS

Description of criteria used: Tomball ISD (LEA) used a simple per-pupil amount for all campuses in Tomball ISD (LEA). The per-pupil amount is multiplied by the campus enrollment amount to identify the campus allocation for the school year.

Tomball ISD spends approximately 87 percent of general fund expenditures on payroll related expenses.

## Vision, Mission, Goals, and Objectives

### State Mission

The mission of the Texas public education system is to ensure that all Texas children have access to a quality education that enables them to achieve their full potential and fully participate now and in the future in the social, economic, and educational opportunities in our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of Texas and for the preservation of the liberties and rights of Texas citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family and that parental involvement in the school is essential for the maximum educational achievement of a child.

### State Objectives

The objectives of public education are:

Objective 1: Parents will be full partners with educators in the education of their children.

Objective 2: Students will be encouraged and challenged to meet their full educational potential.

Objective 3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a diploma.

Objective 4: A well-balanced and appropriate curriculum will be provided to all students. Through that curriculum, students will be prepared to succeed in a variety of postsecondary activities, including employment and enrollment in institutions of higher education.

Objective 5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.

Objective 6: Qualified and highly effective personnel will be recruited, developed, and retained.

Objective 7: Texas students will demonstrate exemplary performance in comparison to national and international standards.

Objective 8: School campuses will maintain a safe and disciplined environment conducive to student learning.

Objective 9: Educators will keep abreast of the development of creative and innovative techniques in instruction and administration using those techniques as appropriate to improve student learning.

Objective 10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration.

Objective 11: The State Board of Education, TEA, and the commissioner shall assist school districts and charter schools in providing career and technology education to students.

### State Goals

The academic goals of public education are to serve as a foundation for a well-balanced and appropriate education. The students in the public education system will demonstrate exemplary performance in:

Goal 1: The reading and writing of the English language.

Goal 2: The understanding of mathematics.

Goal 3: The understanding of science.

Goal 4: The understanding of social studies.

### Accreditation

Tomball Independent School District and Tomball High School are fully [accredited](#) by the Texas Education Agency with no warnings or probationary sanctions for the district nor any campuses.

Tomball ISD Is a Texas Education Agency District of Innovation.

### Campus and Program Description

Tomball High School's academic program includes a comprehensive 9-12 high school with offerings that address student needs in the core academics as well as CTE, Fine Arts, Health/PE, and Languages Other Than English (LOTE) and special education services. The core work in our academic programs is built on three primary strategies that drive what we do. Those strategies are: 1. a focus on learning for both students and adults, 2. a collaborative culture through professional learning communities (PLC's), 3. Focus on results. These strategies provide a means for us to generate improvement ideas for each area of our school that needs improvement.

We have several structures in place that have resulted from these strategies. These structures form a backbone for our academic focus. One of these structures includes professional learning communities. This is a collaborative structure in which our teachers engage in four critical questions, including what do students need to know and be able to do, how will we know if students have learned what they need to learn, what will we do if they don't learn it and what will we do if they learn it quickly or already know it. These collaborative teams use these four questions to identify essential learning standards for each subject, create common formative and summative assessments, analyze student data both cooperatively and individually to identify essential learning standards that have not been learned by all students, groups of students or individual students. Moreover, these collaborative teams identify differentiation strategies to reach learners who have not learned the essential learning targets or have already learned these items. Another structure in place is the use of our design learning templates. These collaborative plans focus the learning for students on the essential learning standards for courses and units of study. Teachers design learning to include a focus on breaking the Texas Essential Knowledge and Skill readiness standards down into various skills and knowledge that are embedded into each standard. Their plans also include a targeted approach to vocabulary identification needed and the prerequisite skills needed to learn the standard. Finally, planning includes identifying key activities that will get students to learn the standard and a consistent method for assessing whether student learning has taken place and the quality of that learning. We offer mental health services through our Mental Health specialist and we have added a Multilingual Counselor to better support our populations whose native language is not English.

In addition to these structures, we also provide meaningful learning opportunities through our Cougar Block intervention period. With this schedule we afford students the opportunity to get extra academic support for their current classes and other college-ready preparation including PSAT, SAT, ACT and ASVAB. We also use this schedule to increase opportunities for student participation in club activities, providing counseling services as well as behavioral support. Finally, we are continuing to focus on our post secondary readiness that includes academic preparatory activities through our Pre-AP, AP and Dual Credit offerings as well as certification opportunities through our various CTE programming. Additionally, we provide support for students in post-secondary enrollment through college and career counseling, national assessment preparation for SAT, PSAT, ACT and TSI assessments and regular off-campus opportunities to expose students to post-secondary institutions including 4 year and 2 year colleges and technical schools for career preparation and advancement.

## Campus Improvement Team (CIT)

A campus improvement team shall be established on each campus to assist the principal. The committee shall meet for the purpose of implementing planning processes and site-based decision making in accordance with Board policy and administrative procedures and shall be chaired by the principal.

The committee shall serve exclusively in an advisory role except that each campus committee shall approve staff development of a campus nature.

## Data Analysis and Comprehensive Needs Assessment

Data Action is structured around a multidimensional “data cube” which represents the dynamic relationship between all students, teachers, and standards. Data Action starts with an analysis of integrated data sources through which district needs are identified. The District Improvement Plan is based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the district. The needs are assessed to determine what is the root cause which drives the current results. Lastly, strategies are developed to address those root causes. Action items are detailed to monitor timelines, responsibility, and resources, and a SMART goal is established to measure efficacy.

## Effective Schools Framework (ESF)

At the core of effective schools is effective instruction: interactions between students, teachers, and content determine learning outcomes. This instructional core is strengthened and supported by effective, well-supported teachers, high-quality curriculum, and positive school culture. Strong school leadership and careful planning encompass and ensure each of these prioritized levers.

The Effective Schools Framework consists of a set of district commitments and, for schools, essential actions. District Commitments describe what local education agencies do to ensure that schools are set up for success. The Essential Actions describe what the most effective schools do to support powerful teaching and learning. The ESF framework is rooted in the continuous improvement process.

## ESF Theory of Action

### BUILD A COMMON VISION

The Effective Schools Framework builds a common vision with clarity and specificity to codify the best practices that effective Texas schools engage in daily.

### ASSESS

Campuses should assess current campus practices to the aspiration language of the Essential Actions in the Effective Schools Framework. This practice will act as a needs assessment to determine strengths and areas of growth. To ensure campuses and districts are appropriately prioritizing the highest leverage actions for continuous improvement efforts, the ESF Diagnostic Process serves as an effective tool to clearly identify strengths and areas of growth through the lens of an unbiased

ESF Facilitator.

### PRIORITIZE GAPS

Once a campus has assessed their current practices, they will prioritize 2 – 3 Essential Actions to prioritize their focus. Prioritization can be identified through a big gap/small gap analysis to narrow the focus on highest leverage actions that lead to improved systems and student outcomes.

### CONNECT WITH CAPACITY BUILDERS

Capacity building is a key part of the school improvement process. Campuses can partner with Vetted Improvement Partners (VIPs) or Education Services Centers (ESCs) who offer services to help improve campus practices and procedures aligned to specific essential actions of the Effective Schools Framework.

### TARGETED SUPPORT

Accountability is the foundation to success in any change effort. Districts and campuses should establish an ongoing targeted support plan throughout their continuous improvement efforts.

## ESF Levers

	Strong School Leadership and Planning	Effective campus instructional leaders with clear roles and responsibilities develop, implement, and monitor campus systems and structures that are aligned to a compelling school mission, vision, values, and goals rooted in student achievement.
	Strategic Staffing	Campus leadership retains effective, well-supported teachers by strategically recruiting, selecting, assigning and inducting teachers so that all students have access to high-quality educators.
	Positive School Culture	Campus systems support positive school culture through explicit behavioral expectations, school-wide culture routines, proactive and responsive student support services, and involved families and communities.
	High Quality Instructional Materials and Assessments	All students engage daily with TEKS-aligned, high-quality instructional materials, and assessments that support learning at appropriate levels of rigor.
	Effective Instruction	Campus leaders provide teachers with job-embedded professional development, including observation and feedback cycles, and access to time and data needed to reflect, adjust, and deliver instruction that meets the needs of all students.

### Lever 1: Strong School Leadership and Planning

- 1.1 **Develop campus instructional leaders (principal, assistant principal, counselors, teacher leaders) with clear roles and responsibilities**
- 1.2 **Compelling and aligned vision, mission, goals, values focused on a safe environment, high expectations, and rigorous instruction**
- 1.3 Focused plan development and regular monitoring of implementation and outcomes

### Lever 2: Strategic Staffing

- 2.1 **Recruit, select, assign, induct, and retain a full staff of highly qualified educators**

### Lever 3: Positive School Culture

- 3.1 **Explicit school-wide behavioral expectations and culture routines**
- 3.2 Proactive and responsive student support services
- 3.3 Involving families and community

### Lever 4: High-Quality Instructional Materials & Assessments

- 4.1 **Daily use of high-quality instructional materials**

### Lever 5: Effective Instruction

- 5.1 **Professional Development for Effective Classroom Instruction**
- 5.2 **Build teacher capacity through observation and feedback cycles**
- 5.3 **Data-driven instruction**
- 5.4 MTSS for students with learning gaps

<b>SUBJECT:</b>	<b>2024 Underlying Accountability Subset Data Available in TEAL</b>
<b>CATEGORY:</b>	<b>Performance Reporting</b>
<b>NEXT STEPS:</b>	<b>Share with appropriate staff</b>

The Texas A–F accountability system is a tool to help school systems continuously improve student performance to achieve the goals of eliminating achievement gaps based on race, ethnicity and socioeconomic status and ensuring Texas is a national leader in preparing students for success after graduation. The purpose of this communication is to announce that underlying 2024 accountability data was released to school systems today to assist school leaders with internal evaluation of academic performance.

Due to a pending lawsuit, the issuance of 2024 A-F ratings and Comprehensive, Targeted and Additional Targeted Support school improvement designations are pending and subject to change based on judicial rulings. Authorized school system users in the TEA Login (TEAL) Accountability application have access to data, reports and downloads that do not include A-F ratings or scale scores, nor federal school improvement designations.

- The 2024 Accountability Reports and Data Tables and the 2024 Accountability Data Downloads are now available in TEAL without ratings or scale scores. This includes a data download of the raw component scores for 2023 and 2024.
- The 2024 STAAR, Growth, AEA Retest Growth and EL Student Listings are also available in TEAL. 2024 CCMR Student Listings were posted on August 2, 2024.
- Superintendents who do not have access to TEAL Accountability must request access through the My Application Accounts link under Self Service in TEAL.
- For school systems who have calculated scale scores internally and would like to verify their calculations with the agency, for 2024 or also for 2023 to help internally evaluate progress, please email [performance.reporting@tea.texas.gov](mailto:performance.reporting@tea.texas.gov).

For additional information, visit the TEA’s official [Performance Reporting](#) webpage, [2024 Accountability System](#) page and the [2024 Accountability Manual](#) page. The data provided to school systems today is based on the methodology in the final rule adopting the 2024 Accountability Manual, posted on May 9, 2024.

For questions or assistance regarding the information in this TAA, please call the Performance Reporting Division at 512-463-9704 or email [performance.reporting@tea.texas.gov](mailto:performance.reporting@tea.texas.gov).

## Discipline

Texas statute requires every district to publish a report on violent or criminal incidents at their schools. This annual report must include a statement of the number, rate, and type of violent or criminal incidents that occurred on each district campus, to the extent permitted under the Family Educational Rights and Privacy Act of 1974. These codes include those specified by TEA as mandatory expulsion incidents in the [Unsafe School Choice Option Guidance Handbook](#). Codes 59 and 61 are also monitored by TEA.

## Campuswide Reform Strategies and SMART Goals

The Campus will implement the following campus-wide reform strategies to address campus needs and provide opportunities for all children, including each of the subgroups of students (economically disadvantaged students, students from major racial and ethnic groups, children with disabilities, English learners, and at-risk students) to meet the challenging State academic standards. The Campus will particularly address the needs of those at-risk of not meeting the challenging State academic standards. This Campus will use methods and instructional strategies to strengthen the academic program in the Campus, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum which may include programs, activities, and courses necessary to provide a well-rounded education.

<b>Goal 1</b>	<i>Develop THS Core Values</i>

## Staff Development Needs

### *Summary of Needs:*

The district addresses the Excellent Educators for All Initiative (Title I, Part A under the Every Student Succeeds Act) by developing goals and strategies to decrease the equity gaps as they relate to low-income students and students of color being taught at higher rates than other students by inexperienced, out-of-field, and ineffective teachers. It does not matter what classroom these students walk into – in Tomball ISD, an effective teacher awaits them. In order to successfully implement the DIP for 2024-2025, professional development, including teacher-led training is required for teachers and administrators in the major areas of collaboration, infused technology, multiple pathways to teaching and leading, meaningful evaluation and support, strong teacher leadership, mentoring, instructional leadership.

### Tomball ISD Strategies for Dropout Prevention Aligned to NDPC/N Strategies

The National Dropout Prevention Center and Network (NDPC/N) has conducted and analyzed research; sponsored workshops and national conferences; and collaborated with researchers, policymakers, and practitioners to further the mission of reducing America's dropout rate by meeting the needs of youth in at-risk situations, including students with disabilities.

Students report a variety of reasons for dropping out of school; therefore, the solutions are multidimensional. NDPC has identified Effective Strategies that have the most positive impact on reducing school dropout. These strategies appear to be independent, but actually work well together and frequently overlap. Although they can be implemented as stand-alone strategies, positive outcomes will result when school districts or other agencies develop program improvement plans that encompass most or all of these strategies. These strategies have been successful at all school levels from PK-12 and in rural, suburban, and urban settings. These strategies are grouped into four general categories: Foundational strategies (school-community perspective), early interventions, basic core strategies, and managing and improving instruction.

#### **Foundational Strategies**

**Systemic Approach:** A continuing process of evaluating goals and objectives related to school policies, practices, and organizational structures as they impact a diverse group of learners.

**School-Community Collaboration:** When all groups in a community provide collective support to the school, a strong infrastructure sustains a caring supportive environment where youth can thrive and achieve.

**Safe Learning Environments:** A comprehensive violence prevention plan, including conflict resolution, must deal with potential violence as well as crisis management. A safe learning environment provides daily experiences, at all grade levels, that enhance positive social attitudes and effective interpersonal skills in all students.

#### **Early Interventions**

**Family Engagement:** Research consistently finds that family engagement has a direct, positive effect on children's achievement and is the most accurate predictor of a student's success in school.

**Early Childhood Education:** Birth-to-five interventions demonstrate that providing a child additional enrichment can enhance brain development. The most effective way to reduce the number of children who will ultimately drop out is to provide the best possible classroom instruction from the beginning of their school experience through the primary grades.

**Early Literacy Development:** Early interventions to help low-achieving students improve their reading and writing skills establish the necessary foundation for effective learning in all other subjects.

#### **Basic Core Strategies**

**Mentoring/Tutoring:** Mentoring is a one-to-one caring, supportive relationship between a mentor and a mentee that is based on trust. Tutoring, also a one-to-one activity, focuses on academics and is an effective practice when addressing specific needs such as reading, writing, or math competencies.

**Service-Learning:** Service-learning connects meaningful community service experiences with academic learning. This teaching/learning method promotes personal and social growth, career development, and civic responsibility and can be a powerful vehicle for effective school reform at all grade levels.

**Alternative Schooling:** Alternative schooling provides potential dropouts a variety of options that can lead to graduation, with programs paying special attention to the student's individual social needs and academic requirements for a high school diploma.

**After-School/Out-of-School Opportunities:** Many schools provide after-school and summer enhancement programs that eliminate information loss and inspire interest in a variety of areas. Such experiences are especially important for students at risk of school failure because these programs fill the afternoon "gap time" with constructive and engaging activities.

### **Managing and Improving Instruction**

**Professional Development:** Teachers who work with youth at high risk of academic failure need to feel supported and have an avenue by which they can continue to develop skills, techniques, and learn about innovative strategies.

**Active Learning:** Active learning embraces teaching and learning strategies that engage and involve students in the learning process. Students find new and creative ways to solve problems, achieve success, and become lifelong learners when educators show them that there are different ways to learn.

**Educational Technology:** Technology offers some of the best opportunities for delivering instruction to engage students in authentic learning, addressing multiple intelligences, and adapting to students' learning styles. Individualized Instruction: Each student has unique interests and past learning experiences. An individualized instructional program for each student allows for flexibility in teaching methods and motivational strategies to consider these individual differences.

**Career and Technical Education (CTE):** A quality CTE program and a related guidance program are essential for all students. School-to-work programs recognize that youth need specific skills to prepare them to measure up to the larger demands of today's workplace.

## Waivers

Tomball ISD has requested and been approved by the Commissioner of Education for the following waivers allowable through the Texas Education Code and the Texas Administrative Code:

Waiver Type	Reason	Expires	Description
Foreign Exchange Student (5 or more)	Financial or staffing hardship / diminish high quality services / competition for resources	2027	Allows the district to limit the number of foreign exchange students to 5 per high school.
Modified Schedule State Assessment Testing Days	STAAR EOC testing day schedules	2027	This waiver allows the district or charter school to modify the schedule of classes on State Assessment testing days during the school year to reduce interruptions during testing periods.
Texas Data Portal of Texas Assessment Management System	Use of Eduphoria Aware	2027	This waiver allows school districts and charter schools to apply for a waiver of participation in the teacher portal component of the Texas Assessment Management System. A waiver is granted if a district or charter school can provide assurance that the local teacher data portal meets the statutory requirements.
Staff Development General	Professional Development	2025	<p>Each district and open-enrollment charter school may choose how to apply their approved Staff Development Minutes Waiver. For instance, schools may choose to offer early release, late start, all day staff development, or a combination. However, the total waiver minutes for staff development shall not exceed 2,100 minutes per year.</p> <p>This waiver is for staff development in place of student instruction; therefore, the waiver minutes are only applicable to staff development provided instead of student instruction during the school year. Effective with the 2019-2020 school year, the Staff Development Minutes Waiver may not be used prior to the first day of student instruction or after the last day of student instruction.</p>
Full-Day Prekindergarten	Program Requirements	2025	This waiver exempts the district from the requirement to provide full-day prekindergarten for all eligible four-year old students.

## District of Innovation

Tomball ISD is an approved Texas Education Agency District of Innovation. Districts of Innovation may be exempt from state statutes to:

- take greater local control in decision-making about the educational and instructional model for students
- have increased autonomy from state mandates that govern educational programming
- be empowered to innovate and plan differently – to think outside of the box

The Tomball ISD renewal plan will be in effect for the 2022-2023 school year through the 2026-2027 school year. This plan may be amended at any time by the committee with the approval of the Board of Trustees.

Statutory Exemption	Texas Education Code/ Tomball ISD Board Policy	Proposed Innovation
1. OPERATION OF SCHOOL AND SCHOOL ATTENDANCE	TEC 25.0811  EB(LLEGAL)	To allow for a calendar that fits the local needs of our community, we would like to consider moving the mandatory start date back one week which would better benefit our students. a. Students will begin no earlier than the <u>2nd</u> Monday of August. b. Teachers will begin no earlier than the <u>1st</u> Monday of August. c. This will allow the first and second semesters to be closer in the number of days of instruction. d. The goal is to improve the district attendance rate and student success through the flexibility in the calendar. e. Flexible start dates and times will accommodate Early College High School schedules.
2. SUBMITTING WAIVERS FOR KINDERGARTEN – GRADE 4 CLASS SIZE	TEC 25.111 TEC 25.112 TEC 25.113  EEB(LLEGAL)	While we certainly believe that small class size plays a positive role in the classroom, we do not believe it has a negative effect when you only add one or two more students. Many times it is not the number of the students but the makeup and chemistry of the classroom which influence the learning environment. a. TISD will attempt to keep all K-4th core classrooms to a 22:1 ratio. However, in the event the class size exceeds this ratio, the superintendent will report to the Board of Trustees. b. In the event a K-4th core classroom reaches 24:1, the campus will notify the parents of the number of students in the classroom and inform them of the situation. c. A TEA waiver will not be necessary when a K-4th classroom exceeds the 22:1 ratio. d. This gives TISD flexibility without having to apply for waivers within the Texas Education Agency.
3. TEACHER CERTIFICATION	TEC 21.003a TEC 21.057a-e  (DK LEGAL) (DK LOCAL) (DK EXHIBIT)	In order to best serve TISD students and allow more flexibility in our scheduling and class offerings, certification issues will be handled locally. a. The campus principal may submit to the superintendent a request to allow a certified teacher to teach one subject out of their certified field. The principal must specify in writing the

		<p>reason for the request and document what credentials the certified teacher possesses which qualify this individual to teach this subject.</p> <p>b. Flexibility with personnel on Title I campuses per ESSA guidelines.</p> <p>c. In exceptional circumstances, when a certified educator is not found for a unique or innovative class, the campus principal may submit to the superintendent a request for local certification that will allow a non-certified yet highly qualified professional to teach OR a certified educator to teach a subject in a related field for which she or he is not credentialed by the state.</p> <p>d. A teacher certification waiver, state permit applications or other paperwork will not be submitted to the Texas Education Agency.</p>
4. IMPLEMENT A LOCAL TEACHER AND ADMINISTRATOR APPRAISAL SYSTEM	<p>TEC 21.203 TEC 21.352  DNA(LEGAL)</p>	<p>a. Tomball ISD will follow a modified TTESS and TPESS as a localized Teacher Appraisal System and an Administrator Appraisal System, which are better aligned with the Tomball ISD strategic goals and student assessments. This exemption would allow flexibility to evaluate various performance measures, including classroom observations, goal setting and tracking, and collective student growth progress toward identified learning objectives. The local system will be detailed in Board Policy DNA(LOCAL) and accompanying documents.</p>
5. CAMPUS BEHAVIOR COORDINATOR	<p>TEC 37.0012  FO(LEGAL)</p>	<p>The proposal is for the District to seek exemption from the statute requiring each school to have a designated campus behavior coordinator. The relationships that are established between the campus administrator, counselor, student, and parent are the foundation for promoting and maintaining positive behavior. Utilizing a local district process allows the administrator who currently has a relationship with the parent and student to be the person to make parental contact. The administrator notifies the parent of discipline or behavior concerns, rather than having contact by a campus behavior coordinator, who may not know all the students, providing a much more individual and personal approach.</p>
6. INTER-DISTRICT TRANSFERS	<p>TEC 25.036  FDA(LEGAL)</p>	<p>Texas Education Code 25.036 and Tomball ISD Board Policy FDA (Local) currently allow for inter-district student transfers. Under Section 25.036, a transfer is interpreted to be for one school year. However, in rare instances, a transfer appears not to be in the best interest of the student, the students of Tomball ISD, and the District when the transferred student engages in behavior that warrants significant discipline, does not attend needed interventions, and/or has attendance that falls below the TEA truancy standard. In those rare instances, Tomball ISD seeks the ability to revoke the transfer during the one school year time period.</p> <p>Proposed Innovation:</p>

		<p>Tomball maintains an inter-district transfer policy under Board Policy FDA (Local) requiring nonresident students wishing to transfer to file a transfer application for each school year, and in approving transfer requests, the Superintendent or designee shall consider the availability of space and instructional staff and the student’s disciplinary history and attendance records. Under Policy FDA, transfer students are expected to follow the rules and regulations of the District. The District is seeking to eliminate the provision of a one-year commitment in accepting an inter-district transfer for the following circumstances:</p> <ul style="list-style-type: none"> <li>- student behavior warrants suspension (in or out of school), placement in a disciplinary alternative program, or expulsion; and/or</li> <li>- student has not attended required interventions (if needed); and/or</li> <li>- student attendance falls below the TEA truancy standard.</li> </ul>
