2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
<p>Earl Warren Junior High School is a 2024 California Distinguished School as designated by the California Department of Education. It is one of five junior high schools in the Panama-Buena Vista Union School District. It was named in honor of United States Chief Justice Earl Warren, who was raised in the Bakersfield area and attended local schools. He served as Attorney General of California from 1939 to 1943, Governor of California from 1943 to 1953, and was appointed Chief Justice of the United States Supreme Court by President Eisenhower in 1953 and served until 1969. We are proud to have our school named in honor of such a great American patriot. Earl Warren, Jr., son of the late Chief Justice Warren, attended the school's dedication ceremonies in 1994.</p>

2024-25 School Description and Mission Statement

The staff at Earl Warren Junior High School is looking forward to assisting our students to make the transition from elementary school to high school during their time here. We are committed to providing for the academic, emotional, physical, and social growth of its students in a school environment that embraces diversity. This commitment allows students to grow in the following areas: critical thinking, responsible decision making, productive citizenship, individual creativity, positive self-esteem, and an appreciation not only for their own welfare but for that of others.

As Principal, I consider it a privilege to serve the Earl Warren Junior High School learning community. This year promises to be yet another year of success for the Wildcats both inside the classroom and out. In addition to the regular academic program provided for students in English/Language Arts, Math, History, Science, and Physical Education, Warren students are offered a wide variety of elective classes such as Instrumental and Vocal Music, Career Pathways Preparation, Art (drawing, cartooning, pottery, fabrics/textiles), Sports Officiating, Fitness 101, Yearbook, Drama, Leadership, and Creatiave Communications, Math Intervention, and Study Skills. Extracurricular activities for Warren students include Student Government, Color-Guard, Intramural Sports, Oral Language Festival, Battle of the Books, Henry Greve Speech Competition, Science Fair, Math Counts, History Day, and After-School Sports.

In addition to the regular classrooms, the Warren school site includes a 456-seat multipurpose room, a gym capable of seating 700 students, a comprehensive library with a computerized card catalog, and a periodical research system. All classrooms have Internet access along with every student is equipped with a personal one-to-one device.

The Wildcats have a history of great accomplishments in a wide variety of areas. In the area of instrumental music, the Warren band and orchestra have received Superior Ratings at the California Music Educators Festival and placed record numbers of students in the Kern County Honor Band, Orchestra, and Chorus. Yearly we have students who take projects to the District, County, and even State levels in the California Science Fair, and we have students who win trophies in the Kern County Oral Language Festival. In addition to these kinds of accomplishments, Warren students make outstanding contributions in the area of community service, including annual participaton in an annual sock drive to help local homeless shelters and students and staff participate annually in the Relay for Life which contributes thousands of dollars to the American Cancer Society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All grade levels have access to the district adopted state approved English Language Arts textbooks, Benchmark Advance in grades TK-6 and StudySync in grades 7 and 8. In addition, sites have leveled readers to use for small group guided reading instruction and intervention. Kindergarten uses phonemic awareness books to solidify instruction for letter sounds and blending. Grades 1-3 use additional resources to supplement their phonics curriculum. 95% Group materials are used to supplement ELA instruction. They are also used during intervention blocks to address the specific needs of students two or more years behind grade level. Students are also engaged using computer programs such as Lexia and, Read Naturally Live. All grade levels have access to the district adopted state approved math textbooks, Go Math for math instruction. In addition, Engage NY is used to supplement math instruction, when needed. Students are also engaged using Next Gen Math, a computer program designed to differentiate instruction in math.

School Facility Conditions and Planned Improvements

Warren Junior High School provides a safe and clean environment for learning. A scheduled maintenance program is administered by the District to ensure that all classrooms and facilities are maintained to a degree of adequacy that provides for good learning. Ongoing repairs and modifications to the physical plant are reported to the maintenance department as necessary in accordance with California Building and Safety Codes. The District's Coordinator of Safety and Risk Management verifies quarterly that OSHA requirements are met. The exterior grounds are well lit and the perimeter of the school facility is fenced for student protection and safety. A team of custodians ensures classrooms and campus grounds are kept clean and safe. The restrooms are cleaned, sanitized, and secured at the end of each school day with 100% of the toilets in operating condition. As outlined in our Safe Schools Plan, the safety committee has addressed concerns for the safe coming and going of our students. Staff receives in-service emergency protocol and CPR. Identifying tags are issued to substitute teachers, volunteers, and other visitors as they register in our office. The gates on the perimeter of the school campus are locked during school hours and staff members are trained to activate lockdown and lockout procedures in the event of an emergency. Our positive partnership with local law enforcement is evident in their quick response time when concerns arise. Along with our regular campus security. Designated staff members carefully supervise students on the playground and in the cafeteria. Grounds and playground equipment are inspected regularly for potential hazards. The District provides ongoing training in CPR/First Aid as part of its staff development program. Fire and/or disaster drills occur in accordance with Ed Code, and a complete school site disaster plan has been prepared and is in place and available for public review. Scheduled supervision of students begins officially at 8:00 a.m. when the school opens and supervision ends at 3:45 p.m.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	40	38	31	30	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The parents of Warren Junior High School students support their children, the school, and the community by helping their children at home with their school work, providing a caring environment, and by attending conferences, programs, and athletic and academic events. Opportunities for Parental Involvement at Warren Junior High School also include the Parent Club, English Language Advisory Council, and many other voluntary roles around campus. We also host a variety of Parent Nights; Back to School Night, Training and Topical Workshops; and Student Study Teams (SST). For more information, parents are welcomed to contact the school. 2024-25 School Safety Plan

Our school's Comprehensive School Safety Plan is reviewed and updated annually following a review by the Parent Council. It is annually reviewed by the district's Board of Trustees. Every August, school administrators review, update, and discuss the Warren Junior High School Safety Plan with teachers and staff. The focus and goal of our School Safety Plan are to build and maintain a safe, orderly, and positive learning environment. The Warren Junior High Positive Behavior Intervention and Support (PBIS) plan strives to provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior. Warren Junior High School believes students who develop a sense of personal responsibility will mature both academically and emotionally. Parents and students are informed of discipline policies at the beginning of each school year through classroom orientation, individual parent-student handbooks, and quarterly discipline talks given by the vice-principal, campus supervisor, and school counselors.

Students with excessive tardies, trancies, or unexcused absences are subject to intervention, progressive steps of restoration up to and including parent conferences. "We truly believe that missing school is missing out." The District has established an Independent Study Program for students who must be absent for more than 3 and up to 14 days.

Warren establishes guidelines to provide students with a meaningful, productive, and enjoyable school experience. Appropriate behavior is encouraged through praise and motivational incentives as well as assertive discipline and conflict resolution tools to further develop personal growth. Expulsions occur only when required by law or when all other alternatives are exhausted.

Fiscal Year 2023-24 Types of Services Funded

The District's general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Coordinating Federal Funds for strategies to meet the goals of the SPSA.
- Coordinating State and Local funds for strategies to meet the goals of the SPSA.
- Gifted and Talented Education Program—specialized learning assistance for identified students of high ability, achievement, or potential
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the District receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

The District's categorical fund includes monies for:

Title I:

Title I, Part A is a federal program to ensure that schools with high percentages of children from low-income families have a fair, equal, and significant opportunity to obtain a high-quality education and reach proficiency on State academic achievement standards and assessments. Funds support effective, evidence-based educational strategies that close the achievement gap and enable students to meet challenging academic standards. All expenditures must be supplemental to the basic core program and written into the School Plan for Student Achievement based on a comprehensive needs assessment. Input on budget and expenditures is gathered and shared with the staff, School Site Councils, the school's English Learner Advisory Committee, and District Advisory Committees. Use of funds may include any of the following: hiring supplemental staff, professional development, supplemental instructional materials, technology, library materials, after-school academic support, parental engagement activities, social-emotional well-being, consultants, and assistance for homeless children and youth.

Title II:

Title II provides supplemental activities that strengthen the quality and effectiveness of teachers, principals, and other school leaders which include:

- Provide low-income and minority students greater access to effective teachers, principals, and other school leaders;
- Increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools.
- Increase student achievement consistent with the challenging state academic standards; and
- Improve the quality and effectiveness of teachers, principals, and other school leaders.

Title III

The district uses Title III funds to help ensure that children who are limited English proficient, including immigrant children and youth, attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging State

academic content and student academic achievement standards as all children are expected to meet. The funds are used to provide resources and training that will: 1). Improve the instruction and assessment of ELs; 2). Enhance the ability of teachers to implement curriculum, and improve their instructional strategies for ELs; and 3). Effectively Increase students' English language proficiency.

Title IV:

The District uses Title IV funds to improve students' academic achievement by providing all students with access to a balanced academic program including a wide range of support including physical health/wellness, social-emotional, positive behavior, and mental health to improve conditions for student learning. Use of funds may include any of the following: hiring specialized support personnel, professional learning, supplemental instructional materials, technology, consultants, etc.

Professional Development

Professional development at our district focuses on key areas such as 21st-century learning strategies, English Language Development (ELD), district-adopted curricula, educational technology, intervention strategies aligned with Multi-Tiered Systems of Support (MTSS), Direct Interactive Instruction (DII), classroom management, and the implementation of Common Core Standards. We also emphasize Positive Behavioral Interventions and Supports (PBIS) and further MTSS strategies. These areas were selected based on a district-wide survey assessing student achievement and teachers' identified needs.

Professional learning is delivered through several avenues, including the district-wide Educator Learning Summit, pbvUniversity, leadership training for administrators, site-specific professional development, conference participation, and partnerships with the Kern County Superintendent of Schools and local universities. Each school participates in weekly early release days, during which teachers engage in Professional Learning Communities (PLCs) for 90 minutes. This time is dedicated to professional learning, collaboration, and developing Common Core-aligned lessons.

To ensure successful implementation of these initiatives, administrators receive ongoing professional development and coaching to reinforce district instructional priorities. Teachers receive additional support from site administrators, academic coaches, instructional coordinators, specialists, and the New Teacher Support program. These combined efforts aim to foster effective teaching practices that enhance student learning and achievement.

This table displays the number of school days dedicated to staff development and continuous improvement.
