

The Cambrian Governing Board recognizes that parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment.

A parent or guardian has the right to observe instruction and other school activities that involve their child and may visit their child's classroom upon written request by the parent or guardian. School officials shall arrange for the parental/guardian observation of the requested class, classes, or activities by that parent or guardian in a reasonable timeframe.

To prevent undue interference with instruction, classroom observations are to last for no more than thirty minutes in any one day and no more than two observations per month.
