2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
<p>Roy W. Loudon Elementary School was dedicated and began to serve students in 1989. The school was named for Roy W. Loudon who was a long-time member of the Board of Trustees in the Panama-Buena Vista Union School District. He was a beekeeper in the community and was responsible for the first written history of the District. He was regarded as a man of integrity who was dedicated to the school children of the community. Loudon students, the Leopards, are proud of their school's namesake and work hard to live up to his high standards. The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters in November 1988. The Report Card, to be issued annually by local school boards for each elementary and secondary school in the state, provides for parents and other interested people a</p>

variety of information about the school, its resources, its successes, and the areas in which improvements are needed.

Roy W. Loudon Elementary School is one of nineteen elementary schools in the Panama-Buena Vista Union School District. Loudon School has earned a reputation in the community as an outstanding educational institution and is known for meeting the special learning needs of each student. The staff has established the following goals to help students reach their greatest potential:

All children will read and write confidently, compute math problems accurately, and use higher level thinking skills to resolve any challenge. Family and community members will be involved as partners to promote the social, emotional, and academic growth of children. The school will provide a safe environment in which children will develop positive character traits, a sense of responsibility, and effective decision-making skills. Every child will develop multi-cultural understanding, an ability to communicate, and the technological skills necessary to be a contributing member of society.

Roy W. Loudon Elementary School supports and strives to promote the concept of excellence as defined by the Panama-Buena Vista School District. Our mission is to support student learning by maintaining a safe and orderly campus environment that is physically and mentally healthy. Within this environment, there exists a classroom setting that is stimulating and is responsive to the individual learning styles of all students. Students are challenged academically and are accountable for their own actions and achievements. Students develop a positive self-image through sound principles of teaching and learning. Teacher professionalism and commitment are demonstrated by the ongoing emphasis on staff development, and we exemplify this through our Purpose Statement: "Leopards are dedicated to developing learners through problem solving, teamwork, and a growth mindset."

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All grade levels have access to the district adopted state approved English Language Arts textbooks, Benchmark Advance in grades TK-6 and StudySync in grades 7 and 8. In addition, sites have leveled readers to use for small group guided reading instruction and intervention. Kindergarten uses phonemic awareness books to solidify instruction for letter sounds and blending. Grades 1-3 use additional resources to supplement their phonics curriculum. 95% Group materials are used to supplement ELA instruction. They are also used during intervention blocks to address the specific needs of students two or more years behind grade level. Students are also engaged using computer programs such as Lexia and, Read Naturally Live. All grade levels have access to the district adopted state approved math textbooks, Go Math for math instruction. In addition, Engage NY is used to supplement math instruction, when needed. Students are also engaged using Next Gen Math, a computer program designed to differentiate instruction in math.

School Facility Conditions and Planned Improvements

Loudon provides a safe and clean environment for learning. A scheduled maintenance program is administered by the District to ensure all classrooms and facilities are maintained to a degree of adequacy that provides for good learning. Ongoing repairs and modifications to the physical plant exceed California Building and Safety Codes. The District's Coordinator of Safety and Risk Management verifies quarterly that OSHA requirements are met. The exterior grounds are well lit, and the perimeter of the school facility is fenced for student protection and safety. A team of custodians ensures classrooms and campus grounds are kept clean and safe. The restrooms are cleaned, sanitized, and secured at the end of each school day with 100% of the toilets in operating condition.

As outlined in our Safe Schools Plan, the safety committee has addressed concerns for the safe coming and going of our students. Staff receives inservice in emergency protocol and CPR. Identifying tags are issued to substitute teachers, volunteers, and other visitors as they register in our office. All staff members are issued an identification card that is worn above the waist at all times during the instructional day. The gates on the perimeter of the school playground are locked during school hours and staff members are trained to activate lock down procedures in the event of an emergency. Our positive partnership with local law enforcement is evident in their quick response time when concerns arise. Designated staff members carefully supervise students on the playground and in the cafeteria. Grounds and playground equipment are inspected regularly for potential hazards. The District provides on-going training in CPR/First Aid as part of its staff development program. Fire and/or disaster drills occur monthly, and a complete school site disaster plan has been prepared and is in place and available for public review. Scheduled certificated supervision of students begins officially at 7:20 a.m. when the school opens. The School Incident Command Team meets on an annual basis for training and updates regarding responsibilities and safety protocols.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The parents and guardians of Loudon Elementary School students support their children, the school, and the community by helping their children at home with their school work, providing a caring environment, and by attending conferences, programs, and athletic and academic events. There are monthly opportunities for involvement at Loudon School. Parents and guardians may attend Literacy Night, Family Math Night, Family Picnics, STEM Night, and other events held during school and in the evening. They may view the display of Science Fair projects, as well as enjoy various student concerts and performances. The Parent Club and School Site Council welcome parental support in raising and using funds for special trips, equipment, and supplies. Parents also have the opportunity to become involved in community service activities. Please call 661-398-3210 for more parent involvement information.

2024-25 School Safety Plan

Our school's Comprehensive School Safety Plan is reviewed and updated annually following a review by the School Site Council, comprised of a minimum of the school principal (or designee), certificated staff, classified staff and a parent of a current student. The School Site Council most recently reviewed and approved the Comprehensive School Safety Plan on November 29, 2022. It is annually reviewed and approved by the district's Board of Trustees. The School Safety Plan addresses student and staff safety through the Incident Command System and organization chart for staff. Students and staff participate in monthly safety drills that address evacuations, earthquakes, and lock downs. In addition, the district provides an opportunity for each school to participate in a district wide disaster preparedness drill. Students do their work in an orderly environment that has high standards for achievement and one that provides opportunities for recognition in academic and extra-curricular activities. Students are recognized for effort and achievement in our "Quarterly Awards" program as well as our PAWS referral system and Positivity Project recognition system. Outstanding students are selected from every classroom each week, recognized schoolwide, and are rewarded for their hard work. A weekly theme is used to teach good values, citizenship, and civic responsibility. Loudon Elementary has a positive learning environment. The goal of Loudon Elementary's discipline program is to provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior, through our school-wide Positive Behavior Intervention Support (PBIS) and the "Positivity Project". Loudon Elementary believes students who develop a sense of personal responsibility will mature both academically and emotionally. Parents and students are informed of discipline policies at the beginning of each school year through classroom orientation as well as individual parent-student handbooks. The Assistant Principal also addresses expectations for student behavior along with suspension and expulsion policies with each grade level at the beginning of the school year. Students with excessive tardies, trancies, or unexcused absences are referred to our assistant principal for intervention and support, but may be subject to disciplinary action including mandatory parent conferences or a referral to the District Truancy Officer. We truly believe that "Missing school is missing out." The District has established an Independent Study Program for students who must be absent from school due to illness for an extended period of time. Loudon establishes guidelines to provide students with a meaningful, productive, and enjoyable school experience. Appropriate behavior is encouraged through praise and motivational incentives to further develop personal growth and responsibility. A school-wide discipline plan is enforced, Behavioral Intervention Assistants are utilized for relationship building and restorative practices, and problem-solving strategies are taught to promote appropriate behavior. Suspensions and expulsions occur only when required by law or when all other alternatives are exhausted.

At Loudon Elementary, students are encouraged to participate in the school's academic, interscholastic athletics, and extra-curricular activities that are an integral part of the educational program. Academic recognition is provided through academic contests and festivals, quarterly awards assemblies for honor roll and principal's list students, perfect attendance, live performances, and exhibitions. Certificates and medals are awarded throughout the year for attendance, citizenship, academic performance, and athletic achievement.

Fiscal Year 2023-24 Types of Services Funded

The District's general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Coordinating Federal Funds for strategies to meet the goals of the SPSA.
- Coordinating State and Local funds for strategies to meet the goals of the SPSA.
- Gifted and Talented Education Program—specialized learning assistance for identified students of high ability, achievement, or potential
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the District receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

The District's categorical fund includes monies for:

Title I:

Title I, Part A is a federal program to ensure that schools with high percentages of children from low-income families have a fair, equal, and significant opportunity to obtain a high-quality education and reach proficiency on State academic achievement standards and assessments. Funds support effective, evidence-based educational strategies that close the achievement gap and enable students to meet challenging academic standards. All expenditures must be supplemental to the basic core program and written into the School Plan for Student Achievement based on a comprehensive needs assessment. Input on budget and expenditures is gathered and shared with the staff, School Site Councils, the school's English Learner Advisory Committee, and District Advisory Committees. Use of funds may include any of the following: hiring supplemental staff, professional development, supplemental instructional materials, technology, library materials, after-school academic support, parental engagement activities, social-emotional well-being, consultants, and assistance for homeless children and youth.

Title II:

Title II provides supplemental activities that strengthen the quality and effectiveness of teachers, principals, and other school leaders which include:

- Provide low-income and minority students greater access to effective teachers, principals, and other school leaders;
- Increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools.
- Increase student achievement consistent with the challenging state academic standards; and
- Improve the quality and effectiveness of teachers, principals, and other school leaders.

Title III

The district uses Title III funds to help ensure that children who are limited English proficient, including immigrant children and youth, attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging State

academic content and student academic achievement standards as all children are expected to meet. The funds are used to provide resources and training that will: 1). Improve the instruction and assessment of ELs; 2). Enhance the ability of teachers to implement curriculum, and improve their instructional strategies for ELs; and 3). Effectively Increase students' English language proficiency.

Title IV:

The District uses Title IV funds to improve students' academic achievement by providing all students with access to a balanced academic program including a wide range of support including physical health/wellness, social-emotional, positive behavior, and mental health to improve conditions for student learning. Use of funds may include any of the following: hiring specialized support personnel, professional learning, supplemental instructional materials, technology, consultants, etc.

Professional Development

Professional Development Focus areas include 21st-century learning strategies, English Language Development, district-adopted curriculum, educational technology strategies, district-adopted intervention strategies for MTSS, Direct Interactive Instruction, Classroom Management, Common Core Standards Implementation, Grade Level Focus Groups, as well as PBIS and AVID implementation. Areas were selected based on a district-wide survey reflecting on student achievement and areas of additional need from the teacher's point of view. Professional development is delivered through district-wide Educator Learning Summit, pbvUniversity, administrative leadership training, site-specific professional learning, conference attendance, and Kern County Superintendent of Schools and university partnerships. Each site participates in a weekly early release day to focus on Professional Learning Communities, which include ninety minutes of release time for teachers to receive school site professional learning and develop Common Core standards-aligned lessons with their collaborative teams. Through administrative professional learning opportunities, follow-up coaching is provided to support district-driven instructional priorities to support the implementation of teacher professional learning. Teachers are also supported by site administration, academic coaches, New Teacher Support, instructional coordinators, and specialists.
