Why Choose an Adult Education Career Training Program?

Lenape Tech Adult Education's Entry Level Electrical Technician Fast Track program is:

- **Affordable** and for those that qualify, approved for WIOA state funding
- **Quick** - program completed in 4 months
- **Small** - limited class size allows students the opportunity for one-on-one training
- **Desirable to employers** - companies actively recruit from our program

TUITION COSTS include all texts, supplies, materials, and safety gear ***except as otherwise stated per individual program***. Class size is limited so early registration is encouraged.

REFUNDS are not given for nonattendance. An 80% refund is given if cancellation occurs prior to start of second class-room session. No refunds are given after start of second class. No refunds are provided if student does not qualify for certification testing. All refunds are issued by check.

CERTIFICATES OF COMPLETION are awarded to students who successfully complete the course work, as determined by the instructor, and have maintained 80% or better attend-ance within each module of the program.

Refer to Student Handbook for detailed Lenape Adult & Continuing Education policies.

Accuracy Policy - The staff at Lenape Adult Education has made every reasonable effort to determine that information provided to you is accurate. Course and programs offered together with other matters contained herein, are subject to change without notice by the administration of Lenape Adult Education for reasons related to student enrollment, level of financial support, or for any other reason, at the discretion of the school. The school further reserves the right to add, amend, or repeal any of their rules, regulations, policies, and procedures.

The Lenape Area Vocational-Technical School, an equal opportunity employer, will not discriminate in employment, educational programs or activities, based on race, sex, handicap, or because a person is a disabled veteran or a veteran of the Vietnam era. Activities, services and facilities are accessible to handicap persons. This policy of nondiscrimination extends to all other legally protected classifications. Publication of this policy is in accordance with state and federal laws including Title IX of the Education Amendments of 1972 and Sections 503 and 504 of the Rehabilitation Act of 1973.

Entry Level Electrical Technician Fast Track

Why Choose a Career as an Electrician?

Electricians are in high-demand; employment of electricians is predicted to grow 11% in Pennsylvania from 2023 to 2033, much faster than the average for other occupations.

Will I get Earn an Electrician License?

You will not earn an electrician license, but you will earn a certificate of completion. Pennsylvania, however, does not license electricians on the state level. Each municipality has different requirements and local licensing boards are responsible for issuing electrician licenses within their own jurisdiction.

Although licensing requirements vary throughout the state, all municipalities require some form of education and on-the-job work experience.

The Lenape Tech Adult Education Entry Level Electrical Technician Fast Track Program will prepare students for entry-level positions in the electrical trade. Program students will also earn the OSHA-10 hour Construction Safety and Health certification.

Industry Recognized Certification Included In This Program:

OSHA 10-hour Construction Safety and Health

What Does An Electrician Do?

Electricians read blueprints, which include technical diagrams of electrical systems that show the location of circuits, outlets, and other equipment. They use different types of hand tools and power tools, such as conduit benders, to run and protect wiring. Other commonly used tools include screwdrivers, wire strippers, drills, and saws. While troubleshooting, electricians also may use ammeters, voltmeters, thermal scanners, and cable testers to find problems and ensure that components are working properly.

What is the Job Outlook for Electricians?

According to the U.S. Bureau of Labor Statistics (BLS), employment of electricians is projected to grow 11 percent from 2023 to 2033, much faster than the average for all occupations. Electricians have skills that will always be in demand, as every aspect of our lives depend on the use of electricity. Experts predict that there will be approximately 80,200 job openings for electricians in Pennsylvania over the next 10 years (2023-2033).

The median annual wage for electricians in Pennsylvania was $65,700 in May 2023.

Desirable Job Skills for an Electrician:

- Troubleshooting
- Time Management
- Reliability
- Problem-Solving
- Critical Thinking
- Detail Oriented
- Decision Making
- Technical Skills

Program Runs in the Fall and Spring!

This educational program is an introductory program designed to help students gain knowledge necessary for the vocational application of this subject. Completion of this program does not fulfill the legal requirements of particular state licenses or certifications, which may require additional training or work experience/apprenticeships hours.

Entry Level Electrical Technician Fast Track:

Course Title:	Hours:
Electrical Fundamentals	30
Understanding Electrical Schematics	18
Applied Math for Industry	24
OSHA 10 Construction	10
Workplace Culture & Environment	12
TOTAL PROGRAM HOURS	*94*
Program Tuition	*$1999.00*
Program Registration Fee (non-refundable)	*$50.00*
Program Total	*$2049.00*

***Although there are no educational prerequisites for this program, electricians employed in any capacity must have normal color vision (able to perceive all three primary colors). Electricians depend on their color-vision to differentiate between wire colors, an integral part of any electrician's day-to-day job.**

Tuition is to be paid in full at least 2 weeks prior to the start of the program. All program students are required to pay a one-time, non-refundable $50.00 registration fee. Early registration is encouraged as class size is limited and on a first-come, first-serve basis. Questions regarding tuition should be emailed to evanlyn@mylenape.net
