STUDENTS

Equal Educational Opportunities

The focus of the school system is on the learner, the student. The student's educational development toward the school's goals is the central concern of the Board's policies and the administrator's regulations.

Each child of each parent shall be given equal opportunity. But since children vary widely in capacities, interests, social and economic background, no two can be treated exactly alike if the fullest development of each is to be achieved.

The Board will attempt to erase any limitations of facilities and means that stand in the way of our schools' availability to all who wish to learn in this school system.

Discrimination among students applying for admission to or attending our schools with respect to color, creed, race, sex, religion, ancestry, handicap, or national origin is prohibited.
