## Key Points

1. Evidence suggests that many K-12 schools that have strictly implemented prevention strategies have been able to safely open for in-person instruction and remain open.
2. CDC's K-12 operational strategy presents a pathway for schools to provide in-person instruction safely through consistent use of prevention strategies, including universal and correct use of masks and physical distancing.
3. All schools should implement and layer prevention strategies and should prioritize universal and correct use of masks and physical distancing.
4. Testing to identify individuals with SARS-CoV-2 infection and vaccination for teachers and staff provide additional layers of COVID-19 protection in schools.

# May 14 ISBE Declaration

Illinois State Superintendent of Education Carmen Ayala is recommending the State Board of Education vote to approve her declaration: “Beginning with the 2021-22 school year, all schools must resume fully in-person learning for all student attendance days, provided that ... remote instruction be made available for students who are not eligible for a COVID-19 vaccine and are under a quarantine order by a local public health department or the Illinois Department of Public Health.”

# Safe Return to All In-Person Instruction

## Mitigation Strategies:

1. Universal mask wearing
2. Social distancing observed as much as possible and per guidance
3. Contact tracing
4. Increase in schoolwide cleaning and disinfection
5. Handwashing and respiratory etiquette
6. Self-Certification per guidance
7. Occupancy restrictions per guidance

# Additional Mitigation Strategies
