Enrollment Data

Your one-stop shop for all professional development activities available across the state.

PD+ will:

- Provide statewide equitable access to high-quality professional development.
- Enable educators to narrow professional development activity search results by topic, location, cost, etc.
- Track completion of PD hours, eliminating the need for manual entry.
- House all required documents for easy access during an audit.
- Allow approved providers to register annually, which will automatically update contact information and provide a list of all approved PD activities to educators statewide.

Pathway to equitable PD

Academic Teaming

- Middle School - AT101/AT201*
- Elementary New Teachers - AT101/AT201*
- Elementary Returning Teachers - AT301/AT401*

**AT 201 and AT 401 leveraged the new ISBE PD registration system, PD Plus, for enrollment and evaluations.*

Intentional DCD Planning - January 27, 2023

IDENTIFY ROLES

Using current information from Munis, a list of all job codes in the district was generated.

INTENTIONAL PLANNING

Sessions were planned to support each grouping of job roles with additional sessions added to support unique positions.

COMMUNICATION

Each educator in U-46 received a personalized email with their registration link and session information.

2023 **Para★ palooza** March 3

Opportunities for Growth in the 2023-2024 School Year

- Aligning PD courses with SIMM Pillars and Continuous Improvement Plans
- Incorporating data from RigorWalks and Evaluations in PD planning for next year
- Making explicit connections between sessions offered for different stakeholder groups and across content
- Measuring impact of PD on student experience
