

SUMMARY OF COLLECTIVE BARGAINING

with LODI EDUCATION ASSOCIATION (LEA)

January 22, 2025

On Wednesday, January 22, 2025 The Lodi Education Association and Lodi Unified School District met for their fourth bargaining session for the 24-25 contract.

During the December bargaining session, each team reviewed their proposals, and a proposal concerning a 7-period day was also shared with LEA.

[The District proposal for a 7 period day is linked here.](#)

Discussion surrounding Transfer and Assignments continued, despite neither party presenting the other with a written response to the December 10, 2024 proposals.

Bargaining teams engaged in additional discussion concerning a 7-period day. The District presented the LEA bargaining team with a proposal (see below) outlining two potential schedules; A possible 7-period, hybrid schedule, as well as a simple 7 period schedule for the three (3) comprehensive high schools currently on a 6-period day.

The District understands there are many ways to build a schedule and is hopeful to achieve the goal of providing students greater educational opportunity through the collaborative efforts of the District and LEA bargaining teams.

Due to the time sensitivity of possible changes to high school schedules, the District requested two additional bargaining dates, but LEA declined. The parties agreed to resume bargaining on the previously scheduled date of Monday, February 3, 2025.
