Humans of MCEC

Olivia Thomas

Olivia Thomas is an outgoing member of the student body. She exceeds what's expected and strives to be her very best. She's a kind young woman and leads the school in many ways. Olivia is the Vice-President of Save Our World, our school's SGA Executive Treasure, Yearbook Co-Editor and Doubles Conference Champion of women's tennis. In our interview, she claimed that her favorite food is Fettucini Alfredo. Along with that, she said her hero is her Deddy. We are grateful for all that Olivia does on our campus.

The Goonies

The Goonies, based in the 20th century, is about a group of children who follow a treasure map to find One-Eyed Willy and save their home from being destroyed and replaced with a country club. The film is beloved for its great characterization, quotable lines and thrilling adventure.

10th Grade Field Trip

Our Sophomore class visited Town Creek Indian Mound in Mount Gilead. The Indian Mound contains recreated homes of the indigenous. While tribes still exist, many have modernized their way of living.

On this trip, students learned of this site's specific historical significance and the archeological studies performed there to understand the significance of the cultural heritage site. It was a fun trip to a local site that many had never visited before.
