Word of the Week

Ignominious

Adjective: Deserving of or causing disgrace or shame

Ex. The military went through with their ignominious withdrawal from the island.

Pi Day

3.14159, the ratio of a circle's circumference to its diameter. More typically rounded down, 3.14 is a staple to mathematicians, and students everywhere. When simply changing the decimal to a slash, 3.14 turns into $3/14$. We celebrate March 14th every year to pay tribute to the simple irrationality of Pi. And as a surprise to every person who hasn't noticed a correlation, we eat pie.

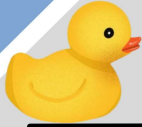

Jujutsu Kaisen 0

A student in Highschool, Yuta Okkotsu, has been cursed his entire life. One day, his curse injures students at his school, catching the attention of Jujutsu High. Yuta transfers there, seeking a solution to his problems. Yuta arrives, and under the wing of his Teacher, Satoru Gojo, Yuta makes friends, trains his skills and learns to control his curse to be used in combat against a powerful sorcerer, Suguru Geto.

Announcements

Easter

Easter is an annual holiday where we search for eggs, get presents from the Easter Bunny, and enjoy gathering with friends and family. Every year, Art Club hosts an Easter egg hunt for students. Students search for eggs filled with candy. Two golden eggs, hidden by Mrs. Hare, typically have money. The Easter egg hunt encourages competition among students, and grows greater bonds between the school and community. Everyone has their fun, and as editors, we decided to make reading our work a little more fun, too. We've hidden ducks on the first page of the newsletter, varying in size, shape and color. Can you find all eight of them? Good luck!
