Word of the Week

Firmament

Noun: The heavens or sky, regarded as a tangible thing
Ex. Thunder shakes the **firmament** as the storm rages on.

Humans of MCEC

April Lamonds

As a Junior at the Early College, students tend to have an overwhelming number of classes. However, April Lamonds continues to spread happiness and school spirit. April has overcome many challenges and made many friends. April is a member of the Beta Club, Faith Club, Student Government, and is the Treasurer of the Save Our World Club. Her advice to get through high school is to think about the end goal and strive from there. April enjoys the friendly community and huge opportunities here at the Early College.

#PhoenixPhenoms

Tennis

The Timberwolves have a great tennis team that has won the Mid-Piedmont 3A Tennis Championship two years in a row. We grabbed the title in 2022 and kept it throughout 2023. Our players work hard and play well together, earning recognition and respect from others in the local tennis scene. We're proud of our achievements and look forward to more success in the future.

STUART LITTLE

While going to adopt a child from an orphanage, Frederick and Eleanor Little stumble upon a charming white mouse. The white mouse, by the name of Stuart, joins the family. Things are going great until George, their biological son, refuses to acknowledge a mouse as his sibling.

Student Government

Order is critical to any successful government. On that note, SGA Nominations start April 18th and end the 25th. Students are welcome to run for any grade-level office, whether that be President, Vice President, Secretary or Treasurer. Check your announcements in the coming weeks for more details. Good luck, Phoenixes!
