2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Principal's Message
 Tierra Linda Elementary School is a collaborative community that provides each child with a challenging and quality education in a safe and nurturing environment. The partnership between faculty, staff and parents has created a school community that works together to meet the diverse needs of all students. The faculty and staff inspire students to be critical thinkers by developing interesting, creative, and challenging lessons that emphasize high standards for all. The teachers collaborate with each other and support staff to craft opportunities for students to develop a deep understanding of essential skills and their real-world applications. The instructional strategies are research-based and designed to ensure students are supported,

academically and social-emotionally, in reaching their full potential.

School Profile

Pleasant Valley School District consists of eleven schools serving transitional kindergarten through eighth grade. Tierra Linda Elementary is an elementary school in the Pleasant Valley School District. The mission of Tierra Linda is to meet the needs of the whole child in a nurturing environment. Students engage in rigorous and relevant experiences within a developmentally appropriate curriculum. Students develop communication and social skills necessary to help each child reach his/her full potential and become a responsible citizen. During the 2021-2022 school year, 528 transitional kindergarten through fifth grade students were enrolled at the school, with classes arranged on a traditional schedule calendar.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Instructional Materials (School Year 2022-23)

The school district held a public hearing on October 20, 2022 and November 17, 2022, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

School Facilities

Tierra Linda Elementary was originally constructed in 1994 and is comprised of 23 permanent classrooms, six portable classrooms, one multipurpose room, a MakerSpace/library, a staff lounge, a sensory room, and two playgrounds.

Cleaning Process

Two custodians ensure the cleaning of the school is maintained to provide for a clean and safe school.

Maintenance and Repair

District maintenance staff ensure that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority is given to emergency repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Family Involvement

Tierra Linda parents serve an important role and partnership on our campus. We have an active Parent Teacher Association (PTA) that provides programs for our students and raises funds to finance enrichment opportunities. Many parents regularly volunteer in our classrooms to help students with reading and to assist with classroom learning centers. We elect parents to serve on our School Site Council (SSC). The SSC also approves the funds used for specific purposes and our School Plan for Student Achievement.

2024-25 School Safety Plan

Safe School Plan

The safety of students and staff is a primary concern of Tierra Linda Elementary. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety Plan is

2024-25 School Safety Plan

reviewed and updated in the spring of each year by the School Leadership Team and reviewed by the School Site Council. All revisions are annually communicated to both classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held twice per year. There is a designated area for student drop off and pick up. Las Colinas utilizes the Raptor visitor management security system.

Goal 1: Tierra Linda faculty employed multiple sources of data to make decisions in improving the instructional program and increasing student achievement.

Professional Learning Community meetings center on multiple forms of student data discussed with the team. Professional development focuses on alignment of instruction and materials with California State Standards. An emphasis is placed on grade level standards, differentiation, and assessments. Teachers collaborated to develop lessons, review student results, and effective instructional strategies. Faculty provided after school tutoring. Members of the faculty received professional development in connection with support and development of site goals.

Goal 2: Creation of a plan to support the wide continuum of social/emotional needs, including character and soft skills. Students received Multi-tiered Systems of Supports including Positive Behavior Interventions and Supports. Staff targeted students in need of additional assistance crafting opportunities for increased engagement and connectedness (i.e. Junior Optimist Club, CHAMPS, Social Skills Groups, Mentoring, etc.). The faculty and staff created a comprehensive school-wide program targeted at addressing student connectedness including: Performing Arts Club, School Speech Tournament, School Spelling Bee, CODE Club and custodial support for events.

Goal 3: Increasing parent engagement through district and school site opportunities.

Parent and family opportunities crafted to address increased support and guidance to assist students with reading strategies, digital citizenship, mathematics, social-emotional skills and problem solving. The school continued to refine communication plan to promote activities and participation.

Professional Development

Staff Development

As part of the cycle of continuous improvement, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. Professional development is ongoing and based on teacher surveys, principal observation, and on examining ways to best support the planning, instruction, and assessment of California State Standards and adopted curricula. The district offers professional growth opportunities in curriculum, teaching strategies, and methodologies throughout the school year. Teachers are provided with time weekly to assess student achievement and work collaboratively to design instruction that supports all students' needs and is aligned to California State Standards utilizing adopted curricula. The district offered three or more staff development days a year for the past three years. Topics for professional development in the 21-22 school year include the following: Restorative Practices, Transition from hybrid/distance learning to full-day instruction, and Trauma-informed Instruction. The site leadership team has also placed an emphasis on Multi-tiered systems of support and positive behavior intervention systems.

This table displays the number of school days dedicated to staff development and continuous improvement.
