The Dad-abase Fatherly Witticism (In honor of Mr. Watts)

Today I found out that scuba and tuba are acronyms. Scuba stands for self contained underwater breathing apparatus and tuba stands for terrible underwater breathing apparatus.

Humans of MCEC

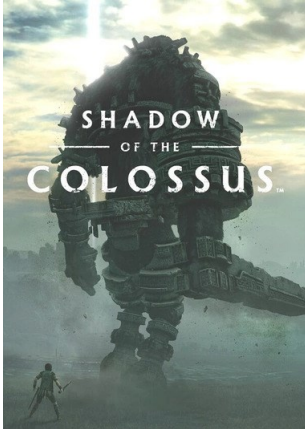

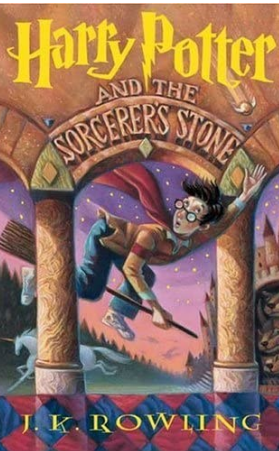

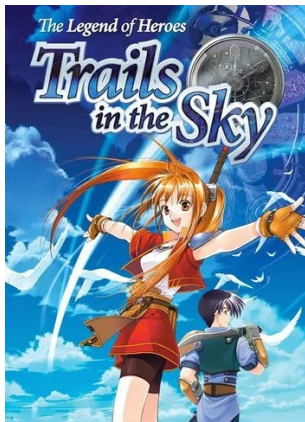

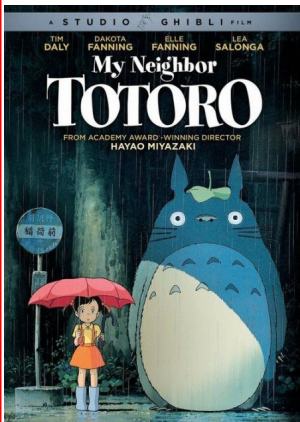

Phoenix Spotlight: Caroline Beasley

This week's **Humans of MCEC** is dedicated to Freshman **Caroline Beasley**. Caroline is a very caring individual who has dedicated her life to help those in need. Following a short but inspiring trip to Paris, Caroline came back with the will to help the homeless and those in need in our community with her **Caroline Cares** event. Aside from doing her part to help the needy, Caroline also intends to spend her years here at the early college to focus on academic achievement, become more sociable, and excel in all aspects of school. After almost an entire semester here, Caroline feels she has become better in math thanks to the teachings of **Mrs. Daywalt**; she has quickly found math to be less of a headache. Studying to one day become a **Forensic Anthropologist** (the study of human remains), she has worked hard to achieve this goal. We all hope Caroline achieves her dreams and continues to be a helpful part of the community. Everyone needs help, and she's here to help all. We are grateful that Caroline is a part of the Phoenix Family. #PhoenixPhenoms

Classic Recommendations

This week's recommendations range from a mysterious chocolate factory to a mythical creature who lives in the forest. The story of a girl in a strange other world and the tale of a wizarding world. Colossal creatures that roam the planet and the journey to become Bracers.
