

It's Almost Over. We can do it!!!

The Phoenixes' Call

Volume 5 | Issue 11 | April 19, 2023

Senior Lunch 4/18th

We would like to say a very big special thanks to Ms. Leake and all parents who donated to make this year's Senior Lunch a success. Seniors enjoyed a big wonderful feast of lasagna, chicken, salad, and lots of desserts.

Congratulations, Senior Phoenixes!

SOW Volunteered at a Food Pantry

Over this past long weekend, SOW members volunteered on Friday and Saturday at the Biscoe Food Pantry.

The Dad-abase: Fatherly Witticism (In Honor of Mr. Watts)

Q: If April showers bring May flowers, what do May flowers bring?

A: Pilgrims

Yanelly has been accepted to the North Carolina School of Science and Mathematics as an online student beginning next fall.

Eduardo was accepted to NCSSM's Summer Ventures Program.

The Phoenixes' Call

Humans of MCEC

Phoenix Spotlight: Brionna Saunders

This week's Humans of MCEC is dedicated to Brionna Saunders who is currently a junior here at MCEC. She (just like all of us) decided to join the phoenix family primarily due to the benefits coming here will give here when she goes off to college. She plans to attend NC State, if not that then she doesn't know yet.

Studying for an Associates in Science degree, Brionna has worked very hard pursuing her goal of becoming a large animal veterinarian in the future. On that note, so far in her MCEC career she has enjoyed most of her classes. One of which she had special interest in attending was Animal Science (a CTE class offered through the college).

The Early College, to many, brings many benefits that all students enjoy and find interesting. Brionna enjoys how our school doesn't feel crowded, allowing access for her to easily get help from any teacher. Aside from that, she also feels that being here has indeed improved her as an individual, allowing her the opportunity to grow and open up more to people, even taking on various leadership roles in clubs and other activates.

Brionna, in addition to being active in various clubs and other activates during school, also does a lot after school. This year she has played three sports: cross country, swimming, and track.

Brionna has done a lot to get to where she is now, all for the sake of her future. We all hope she continues on this path as there are probably a large animals out there that will someday need her help.

#PhoenixPhenoms

Exam Schedule

Exam Season is once again almost upon us!

May 16/17th: Teacher Made Exams

May 18th: English II EOC

May 19th: Math 3 EOC

May 22nd: CTE Exams

May 23rd: Math 1 EOC

(May 8th: College Classes End)

Any college exams will happen before this date. Make sure to check your syllabi so that you don't miss them!

Just Kick Back and Enjoy!

Here we go, once again! Here are a few recommendations to help take your mind off of things.

Space, like our oceans, is large and filled with mysteries we have yet to uncover. Time forever ticks forward, but what if there was a way to change that?

These recommendations are all about journeys through time and space, ships that explore the vastness of space and mechanisms that bring one forwards and backwards through time.

Check out and enjoy these movies, books, and games.

Important Events for April & May 2023:

Thank you for reading The Phoenixes' Call! This publication was created completely by Montgomery County Early College students. We write, edit, and publish this work on our own. We are using this publication to showcase all of the wonderful students of MCEC and to show the community what it means to be a Phoenix. We apologize for any typographical errors or misspellings. Please see Ms. Heather Dunlap or Rodney Lamonds if you have an idea for a new story or if you would like to be involved.
