### 6. Old Business

#### 6.1 FY26 Budget Discussion

Mr. Reil suggested a 4% budget covers contractual obligations, covers health insurance increases, and leaves some over. Apply \$800,000 of tax stabilization to revenue so it offsets expenses.

Ms. Reynolds questioned Mrs. Leclerc about declining enrollment. **Mrs. Leclerc called Point of Order** for interruption by Ms. Reynolds. Chair addressed Ms. Reynolds about needing to call point of information. **Ms. Reynolds called Point of Information** and asked What does declining enrollment mean? Mrs Leclerc chose to move on and answer questions at end. **Mr. Reil called Point of Order** because point of order was called and ignored and point of information should be addressed to the chair who then asks the other Board member if they're willing to comment.

The Chair circled back on all the points and Mrs. Leclerc chose not to answer the point of information.

A poll was taken regarding Mr. Reil's 4% budget suggestion, and some agreed, some would like to see it on paper, and some did not agree to additional cuts.

### 8. Round Table/Superintendent Report

**Mr. Grant** -Thanks to Brenda Waterhouse for caroling on the front steps of Aldrich Library on December 13th. The Barre City PTO provided hot chocolate, and we sang Christmas carols. We hope to make this a yearly tradition.

**Ms. Canning** - Randy Clapper, our custodian, is being recognized this month for his sunny personality and positive influence on school culture. As a new employee, he enjoys connecting with students and staff, spreading joy with his smile. Thank you, Randy, for contributing to our positive environment. Additionally, January is School Board Appreciation Month, and we appreciate your valuable time and volunteer efforts for the kids. Mark your calendars for a community forum on special education on January 27th, followed by another special education forum in March and a curriculum forum in February and April. Dates are forthcoming, and board members are welcome to participate.

**Mr. Reil** - Winter sports have begun, and our hockey teams are playing on Wednesday nights and Saturdays. If you're looking for some fun, attend a game—they're exciting and really enjoyable to watch!

**Mrs. Farrell** - As the CVCC Board's representative, I want to remind everyone that now is the time for students considering career and technical education. There has already been one round of applications, so act now if you're interested.

**Mrs. Leclerc** - A big shout out to JoAn and Carol Marold for their work on the org charts. This information is invaluable as it clarifies responsibilities and our chain of command, supporting our board's efforts for transparency and communication. It also helps the community identify the right contacts. Thank you for providing this important resource—I really appreciate it!

**Mr. Boutin** - I visited the Youth Build building behind the resource center, which felt similar to a career center with its hands-on approach. It was interesting to tour the facility. During our discussion tonight, I remembered a previous meeting where I didn't answer Terry's question properly. I apologize for my unpleasant response when he asked if I had completed my training. I have completed it, and I recognize that my reaction didn't set a good example as board chair. I sincerely apologize for that.
