BETA CLUB LEADERSHIP SUMMIT

BY: KARYNA VARGAS-GONZALES

This past week, MCEC's Beta Club attended a Leadership Summit at Great Wolf Lodge. At the summit, the club attended two sessions given by Ted Weise and Bill Cordes. The sessions were filled with humor, motivation, and leadership development. In addition to this, the club participated in four leadership challenges where MCEC was well represented throughout each challenge. The challenges were Lead Outside the Box, Leadership Representative, Service Snapshot, and Rapid Response. This year's summit was a great success for the club! Congratulations to Darby Massey on being selected to be the 2019 leadership representative and congratulations to the rest of the club for qualifying to go to Nationals at Fort Worth, Texas in June. Go Phoenixes!

Thank you for reading The Phoenixes' Call! This publication was created completely by Montgomery County Early College students. We write, edit, and publish this work on our own. We are using this publication to showcase all of the wonderful students of MCEC and to show the community what it means to be a Phoenix. We apologize for any typographical errors or misspellings. Please see Mrs. Heather Beane if you have an idea for a new story or if you would like to be involved.

NATIONAL BULLYING PREVENTION MONTH

Bullying is behavior where a student may get hurt either physically or emotionally. Bullying can happen just about anywhere. It can happen at school, in the neighborhood, or online. October is National Bullying Prevention Month. In the month of October, many individuals and schools join a campaign to raise awareness about bullying. The campaign is to let communities create a safe school environment, help create a bully free world, provide information and education about how to prevent bullying, and so much more. During this month, many schools also help students understand what bullying is and how they can prevent future bullying by showing students how to treat each other with kindness and respect. All kids are also encouraged to report bullying to a trusted adult if they witness bullying or are bullied themselves.

BREAST CANCER AWARENESS MONTH

One in eight women will be diagnosed with breast cancer in her lifetime. Breast cancer is a disease in which cancer cells develop in the breast. According to the National Breast Cancer Foundation, about 41,760 women will die from breast cancer in the U.S. this year. On average, every two minutes a woman is diagnosed with breast cancer in the United States. Men get breast cancer as well, although it is rare. Around 2,670 men will be diagnosed with breast cancer this year in the U.S. and about 500 will die. In the United States there are over 3.5 million survivors of breast cancer. <https://www.nationalbreastcancer.org/>

TEAM BUILDING ACTIVITIES

On October 14th and 15th, Montgomery County Early College took advantage of MCC's Fall Break. We completely rearranged our schedules and created time for teambuilding and ACT Prep. There were several different afternoon teambuilding activities hosted on campus. Quiz Bowl, hula hooping, catapult building, and flag football were just a few opportunities students had to get out and make new friends. Each morning we had mentor sessions for freshmen and seniors. During these times, seniors presented the freshmen with useful advice about their futures at MCEC. Each of these activities helped connect all of our students and build school spirit and culture. We look forward to Homecoming Week and more opportunities for fun!
